*11+ Confidence: CEM-style Practice Exam Papers Practice is the key to success. Pupils need experience in deciding and documenting their answers efficiently. They need total familiarity with the spectrum of multiple choice questions, and with the layout of question papers and response sheets. The Eureka! 11+ Confidence series of Exam Papers provides: Question papers laid out in modern, multiple-choice format, as used by CEM Answer sheets laid out in modern format (in places requiring digit-by-digit entry) Full answers with explanations Supplementary books giving very detailed methods, tips and tricks on the more challenging aspects of Numerical Reasoning In supporting your child's preparation for the exam: Do as much exam paper practice as possible. Variety helps retain attention. Cut out the multiple choice answer sheet and use it to record the answers. Maximizing authenticity now minimizes exam-day anxiety. Do these practice exams formally: seated alone, away from television and radio. Immediately afterwards, encourage the pupil to mark their own work. Insist on discussing the questions which were not answered correctly. Do not set aside any errors as "silly mistakes". All mistakes are silly. The key to 11+ is attention to seemingly small details. Doing exam papers is a learning opportunity. Underline the importance of discovering how errors were made and how they may be prevented in future. Tips, tricks and (most of all) systematic approaches for avoiding the major traps at 11+ are given in the associated "Eureka! Challenging Maths and Numerical Reasoning Exam Questions for 11+ " series of books. Thoughtful support from parents can be crucial for pupils in the run-up to examinations. Use the Eureka! Practice Exam Papers and Numerical Reasoning training books to help them reach their full potential. *Search for Eureka! Eleven Plus Exams for the full series for 2015: Practice Exam Papers covering Comprehension, Verbal, Non Verbal and Numerical Reasoning 11+ Confidence Book 1 11+ Confidence Book 2 11+ Confidence Book 3 11+ Confidence Book 4 Verbal Reasoning Training Workbooks covering Synonyms, Antonyms, Vocabulary, Cloze The 1000 Word Brain Boost Part 1 The 1000 Word Brain Boost Part 2 Maths and Numerical Reasoning Challenging Training Workbooks with Tips and Tricks Eureka! Challenging Maths and Numerical Reasoning Book 1 Eureka! Challenging Maths and Numerical Reasoning Book 2 Eureka! Challenging Maths and Numerical Reasoning Book 3 \_\_\_\_\_ Preparing for the 11+ Pupils approaching the 11+ Examination face many challenges, including lack of time, uncertainty over what is required, and an ever-changing and secretive testing environment. Plain "mathematics" questions are progressively being replaced with more demanding "numerical reasoning" questions. Selective schools are increasingly interested in not only rote recall of methods but also the ability to understand questions expressed in prose and skilfully apply (sometimes several) mathematical principles to arrive at an answer. The Eureka! 11+ Challenging Maths and Numerical Reasoning series of books to provide focused preparation for pupils and their busy parents. Questions are expressed in words, with the pupils learning the habit of extracting the relevant numbers and key facts. Most questions are multi-part, reflecting the trend in examinations to challenge pupils skills at progressively higher levels as the question unfolds. These questions are the upper echelon of what is tested at 11+. Although they need only Key Stage 2 concepts, they are challenging because they require good command of multiple skills simultaneously. Pupils, and perhaps even parents, will find very few of these questions to be very easy. Thankfully, the real exam will contain many easier questions, but preparation time is best spent on those which present greater challenges and therefore more learning opportunities. When answering the questions Set yourself a target, e.g. "3 questions in half an hour" Write down clearly your steps of working in full to make checking easier Go through the answers soon after doing the questions Do not be sad if you have made mistakes: learn from them Many questions cover areas where even strong pupils are prone to errors Watch out for the Traps described Incorporate the Tips into your methods in future See if the Method suggested is quicker or less open to error than yours For any examination, diligent practice, carefully analysing errors, mulling over methods, and developing and testing your own preferred approaches pay enormous dividends.*

*New Pattern SBI Clerk Junior Associate Preliminary Exam MegaBook covers all the 3 sections as per the latest syllabus - English Language, Quantitative Aptitude and Reasoning. The book has 3 parts. "The best 11+ papers I have found." Sue, parent, Tewkesbury Prepare for the CEM 11+ tests with confidence with these authentic multiple-choice papers covering Verbal Reasoning, Maths and Non-Verbal Reasoning. This bite-size format is tutor-friendly and mixes up all of the key CEM 11+ skills - from Spatial reasoning to cloze exercises; from Maths problems to Verbal Reasoning. Contains 13 15-minute tests, along with answer sheets and short answer grids. Authentic multiple choice format Full answers with explanations Covers Maths, English, Verbal and Non-Verbal Reasoning. A Textbook of Geography For ICSE Schools for Class 7 (Includes the Essence of NEP 2020) We are pleased to present the series A Textbook of Geography for Classes 6 to 8. This series is in strict conformity with the latest curriculum. The new curriculum deals with the development of children's understanding and appreciation of the world through a continuous interaction with the natural and human environment. It also aims at encouraging children to appreciate the interdependence of individuals, groups and communities and promotes a healthy respect for different cultures and ways of life of people around the world. This series endeavors to introduce the practical aspect of the subject, along with the text, through appropriate Diagrams, Pictures and Graphic Organizers (graphic organizers) and latest updates in the field of Geography. The series has been specially designed for the young learners to make the learning experience both enjoyable and effective. The features of the books in this series are - 1. Simple, lucid and student friendly language with scientific, logical and practical approach. 2. Precise and to-the-point contents are given with necessary details. 3. Maps and diagrams have been kept simple and clear. 4. In most cases there are separate maps for different types of information instead of providing them in one map. 5. Diagrams and maps in geography play an important role in understanding the subject as well as laying foundation for the future Examinations. For all the continents covered in curriculum, Self Explanatory Notes and consolidated information have been given. For the convenience of the students and teachers, Practice Maps have been provided. 6. Colorful Mind Maps at the end of each lesson, give a quick overview at a glance and are ideal for a quick revision. 7. Worksheets under Classwork have been introduced to comprehend the lesson. These are to be solved under the direct supervision of the teacher. 8. Comprehensive Exercise at the end of chapter contains all types of questions to consolidate learning. 9. Teacher's Resource Book containing answers of the exercise given at the end of each chapter is available. The present set of books for classes 6, 7 and 8 is a continuation of my existing series of ICSE Geography for classes 9 and 10. This is a genuine effort to maintain the continuity of the syllabus from Classes 6 to 10 and prepare the students for the oncoming Board Examinations, right from class 6 onward. I hope to succeed in inculcating the interest and confidence in the subject by providing the required guidance to achieve their ultimate goals. Any suggestions for improvement of the books are most welcome. -Author Goyal Brothers Prakashan

**The Non-Verbal Ninja Training Course Non-verbal reasoning questions in the 11+ exam provoke anxiety amongst students and parents alike, since the test seems, at first, to be unlike the activities of normal everyday life. In reality, however, it is straightforward to train to improve one's performance in these puzzles. The Non-Verbal Ninja Training Course from Eureka! Eleven Plus Exams is a three-part series of training books with several features to maximise the skill boost they provide to students. Full explanations are given immediately after each block of questions Visual explanations are provided where these are easier to understand The early questions of each type are easy, testing only one or two rules Challenging, broad-ranging questions are soon introduced Each question teaches an additional skill or reinforces a core skill You are not told in advance exactly what the rule will be, so you build confidence in identifying the rule for yourself - a crucial skill for exam success The series of books, studied in sequence, covers the spectrum of types of format of questions and of the types of rule being tested. Some rules can be tested in many different settings. Dedicated practice and, more importantly, careful review of the explanations of questions that turned out to be difficult, is the key to success in Non-Verbal Reasoning.**
