The Journal of Horticulture, Cottage Gardener, and Home Farmer

This volume seeks to address the questions of poverty, charity, and public welfare, taking the nineteenth-century London Foundling Hospital as its focus. It delineates the social rules that constructed the gendered world of the Victorian age, and uses 'respectability' as a factor for analysis: the women who successfully petitioned the Foundling Hospital for admission of their infants were not East End prostitutes, but rather unmarried women, often domestic servants, determined to maintain social respectability. The administrators of the Foundling Hospital reviewed over two hundred petitions annually; deliberated on about one hundred cases; and accepted not more than 25 per cent of all cases. Using primary material from the Foundling Hospital's extensive archives, this study moves methodically from the broad social and geographical context of London and the Foundling Hospital itself, to the micro-historical case data of individual mothers and infants.

Chronicles the history of the Mighty Mites high school football team from their turn-of-the-twentieth-century origins within a Freemason orphan-and-widow home, to their dominant status in the 1930s and 1940s, to their prestigious state-champion competitions, in an account that also cites the pivotal contributions of team leader Rusty Russell. "It was only after the consideration of many months and after much self-examination as to my motives, and after much earnest prayer, that I came to the conclusion to write this work. I have not taken one single step in the Lord's service, concerning which I have prayed so much. My great dislike to increasing the number of religious books would, in itself, have been sufficient to have kept me forever from it, had I not cherished the hope of being instrumental in this way to lead more, and to judge by the standard of the word of God the principles on which they act."

Leon Forrest, acclaimed author of Divine Days, uses a remarkable verbal intensity to evoke human tragedy, injustice, and spirituality in his writing. As Toni Morrison has said, "All of Forrest's novels explore the complex legacy of Afro-Americans. Like an insistent tide this history . . . swells and recalls America's past. . . . Brooding, hilarious, acerbic and profoundly valued life has no more astute observer than Leon Forrest." All of that is on display here in a novel that give readers a breathtaking view of the human experience, filled with humor and pathos.

e-artnow presents to you this meticulously edited George Müller collection_ x000D_ "The word of God alone is our standard of judgment in spiritual things... the Holy Spirit alone can teach us about our state by nature, show us the need of a Saviour, enable us to believe in Christ, explain to us the Scriptures, help us in preaching, etc. The first evening that I shut myself into my room, to give myself to prayer and meditation over the Scriptures, I learned more in a few hours than I had done during a period of several months previously. But the particular difference was, that I received real strength for my soul in doing so."_ x000D_ George Müller (1805-1898) was a Christian evangelist and the director of the Ashley Down orphanage in Bristol, England. He cared for 10,024 orphans during his lifetime, and provided educational opportunities for the orphans to the point that he was even accused by some of raising the poor above their natural station in British life. He established 117 schools which offered Christian education to more than 120,000. The theology that guided George Müller's work was shaped by an experience in his middle twenties when he "came to prize the Bible alone as his standard of judgement". Müller wrote frequently about the stewardship of money and the non-reliance on earthly riches, and how God would bless the man who kept to these principles, and felt that laying his own experiences bare would prove the truth of his claims. His personal income, from unsolicited gifts (he refused any kind of salary) rose from £151 in 1831 to more than £2,000 in 1870. However, he retained only around £300 a year for himself and his family, the rest he gave away.
