Will a griefr destroy Steve’s hope of winning the elite building competition? This adventure series is created especially for readers who love the fight of good vs. evil, magical academies like Hogwarts in the Harry Potter saga, and games like Minecraft, Terraria, and Pokemon GO. In this third installment of the Minecraft Gamer’s Adventure series, Steve is invited to participate in an elite building competition on Mushroom Island. His friends—Max, Lucy, and Henry—are impressed and want to join their friend on a journey to the island. Yet not everyone is happy: Steve’s neighbor Kyra is upset because she wasn’t chosen as a contestant. Steve asks Kyra to come to the competition and help the gang build boats to get to Mushroom Island. She agrees, and the group sets out on an adventure to the contest. Getting there is half the fun, and the group treks through the jungle, where they find a rare temple filled with treasure! But getting the treasure isn’t easy, and they have to fight fierce battles to continue their journey. After their exhilarating and rewarding journey to the contest, they finally make their way onto the island and meet the judges, as well as the other four contestants, whose egos are as big as the houses they are building. Steve builds his dream house to impress the judges, but just as they begin judging, the island is overrun with Endermen. Mushroom islands are known for not having hostile mobs, so everyone knows it’s the work of a griefr. Is it one of the contestants? Nobody knows, but they all have to work together to battle this invasion of the Endermen. Will they be able to defeat the Endermen and find out who the griefr is? And who will win the building contest? Find out in this thrilling third installment of the Minecraft Gamer’s Adventure series! Gameknight and his friends decide to take the infected ender chest far from their village, to a place where it will do no harm. But during the voyage, Herobrine takes control of Herder and has him steal the ender chest, taking it to the Nether where the blaze-king, Charybdis, awaits. But while they’re battling a host of blazes, zombie-pigmen, and ghosts, the obsidian box is broken, infecting Herder with Herobrine’s XP. As Herder is overcome by the virus’s poisonous wickedness, Gameknight must face his friend in battle if he hopes to defeat this monster. But how can he destroy Herobrine without destroying his friend? The four volumes of Andrea Spalding’s Summer of Magic Quartet are among her most exciting work. The White Horse Talisman was nominated for the Silver Birch, Hackmatack and Manitoba Readers’ Choice Awards. Dance of the Stones was also a Silver Birch nominee. Heart of the Hill left one of her four characters in grave danger. Now, as the Dark Being discovers our planet and takes one of the children hostage, the others must restore the balance between light and dark, but at what cost?

An ancient jungle temple holds the secrets to stopping the evil Herobrine! Gameknight999’s true enemy has finally surfaced: Herobrine, an artificially intelligent virus that wants to escape Minecraft and destroy mankind with their own creation—the Internet. If he is able to escape the game and get online, Herobrine will infect millions of computer systems and turn machines and weapons on their masters, threatening all of humanity. After facing Herobrine in battle and nearly dying, Gameknight realizes he’s going to need much more help to defeat this seemingly invincible enemy. His NPC friends tell him of the ancient Oracle residing in the oldest jungle temple in Minecraft who knows the secret to defeating this terrible threat. The path to the temple is fraught with danger, with zombies, spiders, and creepers lying in wait behind every tree and bush. Gameknight will enlist the help of his friends on his quest, but will they reach the Oracle in time to stop Herobrine? Gameknight999 will be tested to his limits, and perhaps beyond, in this spine-tingling new adventure. The final battle to defeat Herobrine will take Gameknight999 over land and under water! Herobrine is rallying all the monsters of Minecraft to one server in hopes of eliminating Gameknight999 and his friends once and for all. They destroy every village they find, threatening to continue until the User-that-is-not-a-user surrenders. Gameknight has just two things: the Oracle's command to seek out the lost ocean monument and an impenetrable riddle: "Look to the lowliest and most insignificant of creatures, for that is where your salvation will lie." Haunted by this seemingly useless clue, Gameknight searches for the mysterious underwater lair where the Book of Wisdom is hidden, which he is told holds the secret to the riddle and the key to defeating Herobrine. But at every turn lies a massive army of monsters. With no map to guide them, Gameknight and his friends will fight for their lives to reach the deep ocean destination, and a terrifying creature awaits them there. The Mystery of Herobrine series comes to an explosive conclusion on the shores of Minecraft, where one false move could spell the end for Gameknight999 and company! GENRE: Children's Adventure (An Unofficial Minecraft Book for Kids Ages 9 - 12 (Preteen) Book 1: Under the Shadows Herobrine, the feared mythical creature, known for trolling and grieving innocent players, pulling pranks on them and destroying their constructions while they are asleep, has been a part of Minecraft since early stages of the game. This is what Herobrine likes to do, right? Wrong! Despite the popular belief that Herobrine is a single creature whose only desire is to cause harm and chaos, there are several Herobrines living in each server, and instead of destroying and trolling, their only objective is to do the exact opposite: to help and protect humans. Our main character is a player called Angie. Angie is one of the few humans who were chosen among the best players to become Herobrine, the famous entity who possesses magical powers. Angie now belongs to an organization called the Herobrine Agency, which is spread across the server in five different branches: the Central, where the Master Herobrine Vince lives; the North, East, West and the South agency, where Angie lives and works with his fellow Herobrine friends, led by the leader Carley. Together with his other colleagues, Angie and the other Herobrines do their best to protect the humans living in the cities from any harm. But recently, a mysterious glitch has appeared in all regions, and the Herobrine Agency is doing its best to get rid of the unknown threat. Join Angie in Agent Herobrine - Book 1 and read more about his stories in the Herobrine Agency, as well as his detailed transcriptions of his past; how he became a Herobrine, how the Herobrine Agency was created, and much more. Book 2: Mysterious Glitches Angie and the other Herobrines Agents who work at the South Agency have been dealing with a mysterious glitch that appeared throughout the cities in the server where they live. Strangely, this glitch is invulnerable and indestructible. Not even the Herobrine Leader Vince could destroy it himself. And now, some reports coming from specific cities have shown that the glitch is growing in size and even absorbing items, like a black hole.

The civilians are scared and no one knows how to deal with the situation. The West Agency which is specialized in working with Glitches is dedicating day and night to the mission of finding out more about the Glitch, but their progress is slowly delayed by the limits of their knowledge on the case. Meanwhile, the other Agencies are searching all cities and trying to figure out if anything specific has caused the glitch - or even anyone. Read Agent Herobrine - Book 2 and follow Angie's daily work at the South Agency to solve the mystery surrounding the black hole glitch. Book 3: Unmasking the Traitors Angie and his co-workers from the South Agency have been hard at work to solve the mystery surrounding the strange black holes which appeared throughout the cities of the server where they live. They discovered a strange group guided by a fanatic man, which seem to have a connection with the ones who created the glitch. The Agents go after the group, but their mission doesn't tell them much. Eventually, the Herobrine Agency finds the perfect lead to get their hands on the ones who have been causing so much trouble in this peaceful server. Bert, from the East Agency, has discovered something amazing about the black holes. According to his research with his East Agents, the black holes aren't dangerous at all, and they can be used to reach unspecified destinations. What destination do they lead to? How can they get there? Who created these glitches, and why? Read Agent Herobrine - Book 3 and discover how Angie and his friends at the Herobrine Agency will put an end to the case of the black holes. This short story is for your reading pleasure.
