

## **Martin Luther: Reformation Fire (Trail Blazers)**

*On the 500th anniversary of Luther's theses, a landmark history of the revolutionary faith that shaped the modern world. "Ryrie writes that his aim 'is to persuade you that we cannot understand the modern age without understanding the dynamic history of Protestant Christianity.' To which I reply: Mission accomplished." —Jon Meacham, author of American Lion and Thomas Jefferson Five hundred years ago a stubborn German monk challenged the Pope with a radical vision of what Christianity could be. The revolution he set in motion toppled governments, upended social norms and transformed millions of people's understanding of their relationship with God. In this dazzling history, Alec Ryrie makes the case that we owe many of the rights and freedoms we have cause to take for granted--from free speech to limited government--to our Protestant roots. Fired up by their faith, Protestants have embarked on courageous journeys into the unknown like many rebels and refugees who made their way to our shores. Protestants created America and defined its special brand of entrepreneurial diligence. Some turned to their bibles to justify bold acts of political opposition, others to spurn orthodoxies and insight on their God-given rights. Above all Protestants have fought for their beliefs, establishing a tradition of principled opposition and civil disobedience that is as alive today as it was 500 years ago. In this engrossing and magisterial work, Alec Ryrie makes the case that whether or not you are yourself a Protestant, you live in a world shaped by Protestants.*

*In these reflections, Cardinal Walter Kasper emphasizes that each of us has a reason to repent and to direct his and her life anew toward Christ and toward Easter.*

*Since their earliest days, institutions providing a Protestant education have always been respected and sought-after for their rigor and relative freedom from dogma—and despite today's secularism and plurality, they remain so. This international handbook is the ultimate companion to protestant schooling worldwide. Its 39 chapters form the most comprehensive and wide-ranging treatment of the subject yet available, addressing Protestant education on all six inhabited continents and featuring the perspectives of leading authorities and public figures. The contributions cover in detail not only the facts and features of Protestant schooling in sundry nations, but also integrate a range of themes common to them all, themes so vital that they are of central concern to Christians around the world and of whatever denomination. Some of these topics are school choice, globalization, Bible pedagogy and character education, the fine arts, parental involvement, and the rise of Christianity in previously inaccessible locations such as China. The handbook's stellar list of authors is a Who's Who of authorities on the subject and includes a renowned American evangelical, a former historian of the US House of Representatives, and White House consultants responsible for framing*

*legislation. The many contributors from outside the USA are leading academics conducting seminal research on numerous topics in the field. Both exhaustive and authoritative, The International Handbook of Protestant Education will be an invaluable asset to educators, ministers, parents, policy makers political leaders of any denomination—or none. An easy-to-understand history of the Reformation and how it created modern Protestantism, for anyone interested in understanding why the Protestant churches, denominations and beliefs are what they are today.*

*Calvin had ideas on how we could live better lives - particularly how we could live in close harmony with God and each other - but because his ideas were radical, his life was filled with dramatic events and dangers. He was run out of town - and then welcomed back. He was accused of being too harsh - and also too tender hearted. When he explained what the bible meant he was considered too logical and too spiritual! He must have been an amazing man to have caused such a stir!*

*NEW YORK TIMES BESTSELLER "Metaxas is a scrupulous chronicler and has an eye for a good story. . . . full, instructive, and pacy." —The Washington Post From #1 New York Times bestselling author Eric Metaxas comes a brilliant and inspiring biography of the most influential man in modern history, Martin Luther, in time for the 500th anniversary of the Reformation On All Hallow's Eve in 1517, a young monk named Martin Luther posted a document he hoped would spark an academic debate, but that instead ignited a conflagration that would forever destroy the world he knew. Five hundred years after Luther's now famous Ninety-five Theses appeared, Eric Metaxas, acclaimed biographer of the bestselling Bonhoeffer: Pastor, Martyr, Prophet, Spy and Amazing Grace: William Wilberforce and the Heroic Campaign to End Slavery, paints a startling portrait of the wild figure whose adamant faith cracked the edifice of Western Christendom and dragged medieval Europe into the future. Written in riveting prose and impeccably researched, Martin Luther tells the searing tale of a humble man who, by bringing ugly truths to the highest seats of power, caused the explosion whose sound is still ringing in our ears. Luther's monumental faith and courage gave birth to the ideals of liberty, equality, and individualism that today lie at the heart of all modern life.*

Millennials, born in the 1980s and 1990s, are often described as an inexplicable enigma by the media and come across to some as a frustrating cadre of narcissists. Though likely to check the “None” box when asked about religion, millennials have entered into adulthood with a great deal of thought devoted to God, faith, and organized religion. Many also crave spiritual richness and inclusive community and are willing to move heaven and earth to find a place—online or in real life—to feel at home, much like the pioneers who set out on the original Oregon Trail. In this book, the iconic Oregon Trail computer game from MECC—highly influential for millennials born in the decade of the 1980s, for many of whom it became an absorbing pursuit, is used as a template throughout to illustrate the journey of faith in which they, “the Oregon Trail generation,” now find themselves engaged as adults. While books have been written about ministering to millennial Christians, the perspective of Eric Atcheson, a millennial pastor whose life story spans the gamut of the historic Oregon Trail, offers a fresh take on an oft-written-about concern for the wider church.

*A Thousand-Mile Pilgrimage with Martin Luther* In 2010, Andrew Wilson and his wife, Sarah, walked in the footsteps of Martin Luther, re-creating his famous pre-Reformation pilgrimage from Erfurt to Rome. Their trek was well publicized, with coverage in the *Christian Century*, *First Things*, the *Wall Street Journal*, and *Books & Culture*. They were also interviewed by travel expert Rick Steves on his popular radio program. As they walked their journey of a thousand miles over seventy days, thousands of readers followed along on the Wilsons' blog. This engaging narrative brings readers along as Andrew and Sarah traverse Europe, visiting sites such as Coburg Castle, Ulm's Münster, the Alps, Milan, Florence, and Rome. Their journey provides a unique window into the history of the Protestant Reformation and a creative entryway into

the life of Luther. The book also reflects on the contemporary ecumenical significance of the events of the Reformation, exploring what the changes of the past 500 years mean for the Christian present and future. Beautifully written and enjoyable to read, *Here I Walk* offers a unique combination of firsthand travel narrative, fascinating explorations in history, and theological and spiritual reflection. Pictures, maps, and an afterword by Sarah Hinlicky Wilson are included.

Whats driving the moral decline of America? What lies behind the radical changes in our societys values? This is the sweeping saga of one mans lifelong struggle against a sinful world. A New Englander and a descendent of the Puritans, his Christian battle leads him to some startling conclusions about modern teaching and how though often presented as science it has changed the very foundations of human thought, casting mankind in a different and godless light. Sure to be controversial, this novel nonetheless provides food for thought to a world starving for answers.

*“Want to know what wilderness means to people who live it for over two thousand miles? Then read this extremely interesting, informative, intelligent, and thoughtful book.” —Roger S. Gottlieb, author of Engaging Voices: Tales of Morality and Meaning in an Age of Global Warming “There is no doubt that Bratton’s book will be of value to students and scholars of leisure studies, recreation, and religion. Those who are familiar with the Appalachian Trail sense intuitively that a journey along its length kindles spiritual awakening; this book provides the hard data to prove it’s true.” —David Brill, author of As Far as the Eye Can See: Reflections of an Appalachian Trail Hiker* The Appalachian Trail covers 2,180 miles, passing through fourteen states from Georgia to Maine. Each year, an estimated 2–3 million people visit the trail, and almost two thousand attempt a “thru-hike,” walking the entire distance of the path. For many, the journey transcends a mere walk in the woods and becomes a modern-day pilgrimage. In *The Spirit of the Appalachian Trail: Community, Environment, and Belief*, Susan Power Bratton addresses the spiritual dimensions of hiking the Appalachian Trail (AT). Hikers often comment on how their experience as thru-hikers changes them spiritually forever, but this is the first study to evaluate these religious or quasireligious claims critically. Rather than ask if wilderness and outdoor recreation have benefits for the soul, this volume investigates specifically how long-distance walking might enhance both body and mind. Most who are familiar with the AT sense intuitively that a trek along its length kindles spiritual awakening. Using both a quantitative and qualitative approach, this book provides the hard data to support this notion. Bratton bases her work on five sources: an exhaustive survey of long-distance AT hikers, published trail diaries and memoirs, hikers?

*own logs and postings, her own personal observations from many years on the trail, and conversations with numerous members of the AT community, including the "trail angels," residents of small towns along the path who attend to hikers? need for food, shelter, or medical attention. The abundant photographs reinforce the text and enable visualization of the cultural and natural context. This volume is fully indexed with extensive reference and notes sections and detailed appendixes. Written in an engaging and accessible style, The Spirit of the Appalachian Trail presents a full picture of the spirituality of the AT. Susan Power Bratton is professor of environmental studies. She is the author of Six Billion and More: Human Population Regulation and Christian Ethics, Environmental Values in Christian Art, and Christianity, Wilderness, and Wildlife: The Original Desert Solitaire.*

*Famous for setting in motion the Protestant Reformation, Martin Luther is often lifted high as a hero or condemned as a rebel. But underneath it all, he was a man of flesh and blood, with a deep longing to live for God. This biography by respected Reformation scholar Herman Selderhuis captures Luther in his original context and follows him on his spiritual journey, from childhood through the Reformation to his influential later years. Combining Luther's own words with engaging narrative designed to draw the reader into Luther's world, this spiritual biography brings to life the complex and dynamic personality that forever changed the history of the church. A major new account of the most intensely creative years of Luther's career The Making of Martin Luther takes a provocative look at the intellectual emergence of one of the most original and influential minds of the sixteenth century. Richard Rex traces how, in a concentrated burst of creative energy in the few years surrounding his excommunication by Pope Leo X in 1521, this lecturer at an obscure German university developed a startling new interpretation of the Christian faith that brought to an end the dominance of the Catholic Church in Europe. Lucidly argued and elegantly written, The Making of Martin Luther is a splendid work of intellectual history that renders Luther's earthshaking yet sometimes challenging ideas accessible to a new generation of readers. October 2017 marks five hundred years since Martin Luther nailed his 95 theses to the church door in Wittenberg and launched the Protestant Reformation. At least, that's what the legend says. But with a figure like Martin Luther, who looms so large in the historical imagination, it's hard to separate the legend from the life, or even sometimes to separate assorted legends from each other. Over the centuries, Luther the man has given way to Luther the icon, a polished bronze figure on a pedestal. In A World Ablaze, Craig Harline introduces us to the flesh-and-blood Martin Luther. Harline tells the riveting story of the first crucial years of the accidental crusade that would make Luther a legendary figure. He didn't start out that way; Luther was a sometimes-cranky friar and professor who worried endlessly about the fate of his eternal soul. He sought answers in the Bible and the Church fathers, and what he found distressed him even more -- the way many in the Church had come to understand*

salvation was profoundly wrong, thought Luther, putting millions of souls, not least his own, at risk of damnation. His ideas would pit him against numerous scholars, priests, bishops, princes, and the Pope, even as others adopted or adapted his cause, ultimately dividing the Church against itself. *A World Ablaze* is a tale not just of religious debate but of political intrigue, of shifting alliances and daring escapes, with Luther often narrowly avoiding capture, which might have led to execution. The conflict would eventually encompass the whole of Christendom and served as the crucible in which a new world was forged. The Luther we find in these pages is not a statue to be admired but a complex figure -- brilliant and volatile, fretful and self-righteous, curious and stubborn. Harline brings out the immediacy, uncertainty, and drama of his story, giving readers a sense of what it felt like in the moment, when the ending was still very much in doubt. The result is a masterful recreation of a momentous turning point in the history of the world.

***commitment to change the world--one soul at a time. As a follower of Jesus, has your soul been truly set afire? Christian leaders are witnessing a remarkable phenomenon, kindled first in the Latino/Hispanic community and spreading like wildfire throughout the global church. Latinos are much discussed in the United States for their dynamic political and socioeconomic impact, but not as much is said about their spiritual influence. In reality the effects of the Latino church are more akin to a spiritual awakening than a mere social trend. And there is so much all believers can learn from Latino Christ-followers. At the core of this dramatic shift is a call to embrace a more soulful, passionate faith. In this powerful book, Christians will gain valuable insights on how to: • fully experience the joy of God and the passion of His Spirit • develop a true sense of unity amidst diversity in the body of Christ • make an eternal impact on their families, communities, and the world Complete with discussion questions for individual reflection or small group use, this timely work will challenge the status quo of passionless Christianity and set the believer's soul ablaze. **This is a book for healing wounded churches. When a church experiences conflict, it results in a wounded people. Healing for the church involves a healing of the people involved. The process is essentially the same for both. That is because the church is Gods vessel for healing the deep wounds of the human soul. The healing process set forth in this book is the application of biblical principles of grace that actually work. They have been tested and found to be amazingly effective. Damaged churches can experience renewal and become effective vessels of grace to their community. Wounded believers can experience renewal and restoration, discovering a dimension of Gods presence either forgotten or never before known. Understanding the reasons for conflict and division, rediscovering the healing impact of Jesus mission, catching a new vision of what it means to be the church in todays world, and designing a local fellowship so that healing grace defines worship and ministry is the focus of this book. As such, it is both a manual for personal healing of the deep wounds of the soul and for healing the wounded church.**

***No other German has shaped the history of early-modern Europe more than Martin Luther. In this comprehensive and balanced biography we see Luther as a rebel, but not as a lone hero; as a soldier in a mighty struggle for the universal reform of Christianity and its role in the world. The foundation of Protestantism changed the religious landscape of Europe, and subsequently the world, but the author chooses to show Luther not simply as a reformer, but as an individual. In his study of the Wittenberg monk, Heinz Schilling - one of Germany's leading social and political historians - gives the reader a rounded view of a difficult, contradictory character, who changed the world by virtue of his immense will.***
