use ANSI C and the UNIX operating systems (POSIX). Covers SLIP connections (a popular program that allows TCP/IP access to the Internet over dial-up phone systems. Latest changes in Network File System protocol (NFS3). This edition focuses on the BSD version

Read Book Networking: A Beginner's Guide, Sixth Edition

of UNIX. This volume answers the question “How does one use TCP/IP?” — focusing on the client-server paradigm, and examining algorithms for both the client and server components of a distributed program. Describes the AT&T TLI interface and uses it in all

Read Book Networking: A Beginner's Guide, Sixth Edition

examples. The principles underlying distributed programs and all server designs are emphasized. Thoroughly covers the many ways to design interactive and concurrent client and server software, as well as their proper use and application. Concepts apply to

Read Book Networking: A Beginner's Guide, Sixth Edition

Client-Server programs in general; not just TCP/IP. Any communications professional who wants to put TCP/IP to use. This is everyone working on Internet communications.

Publishers Weekly says "Ramnarayan provides a detailed,

Read Book Networking: A Beginner's Guide, Sixth Edition

contemporary primer that illuminates the promise and peril of the brave new world of social media. Ramnarayan herself acknowledges that social media is no panacea-her crisp presentation, with chapter summaries to highlight the main pointers, confirms that

Read Book Networking: A Beginner's Guide, Sixth Edition

companies that choose not to listen to customers stand to lose ground to competitors who do." WHAT OTHERS ARE SAYING ABOUT THE BOOK "Sujata Ramnarayan's excellent book does several things that I have not seen in other treatments of this subject. She

Read Book Networking: A Beginner's Guide, Sixth Edition

takes a reasoned perspective on a topic that is often full of hyperbole. The book is filled with advice for the marketer that is both practical and strategic. It helps the marketer to leverage social media where it can best impact business performance. I highly recommend the book." -

Read Book Networking: A Beginner's Guide, Sixth Edition

Gordon Wyner, Editor-In-Chief, Marketing Management "This practical guide to social media marketing cuts through the noise with clear advice on how to turn strategy into practice. With the help of effective charts and analysis, the reader can gain real insight into

Read Book Networking: A Beginner's Guide, Sixth Edition

social media's influence in corporate marketing. By showing how building quality content in social media is no longer an option for corporations, this is also a lesson in building a brand by listening to your customers. "

-Rajesh Subramaniam, SVP, Global

Read Book Networking: A Beginner's Guide, Sixth Edition

Marketing and Customer Experience, FedEx Services

"Owned social media presence is critical to generating earned media, which is where the growing value and rewards come in for social media marketing. This important book will help you to understand

Read Book Networking: A Beginner's Guide, Sixth Edition

these concepts and reality to better evaluate, plan, and execute your social media marketing efforts." - Devin Redmond, CEO and Co-Founder, SocialiQ Networks "Are you overwhelmed by the changing digital landscape? If so, Sujata's book is a must read with actionable

Read Book Networking: A Beginner's Guide, Sixth Edition

insights, tips on digital sharing, and more." -Porter Gale, Former VP of Marketing at Virgin America and author of "Your Network is Your Net Worth" ABOUT THE BOOK Like most marketers, you are drowning in social media noise and chaos. Businesses have simply jumped in

Read Book Networking: A Beginner's Guide, Sixth Edition

without tying social media outcomes to any business objectives. The purpose of this book is to help you: - See how social media fits into your overall marketing strategy - Understand how best to develop social media with allocation among different

Read Book Networking: A Beginner's Guide, Sixth Edition

tools - Figure out the extent to which social media is relevant to your business or department, and how best to implement it given an increasingly digital world of sharing and an empowered customer voice Whether you are a senior manager experienced in social media

Read Book Networking: A Beginner's Guide, Sixth Edition

marketing or a novice, this book will help clarify how social media fits into your overall marketing strategy, how much you should be allocating given the return on investment, and at what time frame you should be looking, depending on the specific metrics adopted.

Read Book Networking: A Beginner's Guide, Sixth Edition

This book will help you focus more and understand all the different elements to which you need to be paying attention. If you are a novice, the glossary and additional resources sections at the end of the book should be helpful.

"Outstanding. A great entry point
