

## No Easy Day: The Only First Hand Account Of The Navy Seal Mission That Killed Osama Bin Laden

The #1 New York Times bestseller. Over 4 million copies sold! Tiny Changes, Remarkable Results No matter your goals, Atomic Habits offers a proven framework for improving--every day. James Clear, one of the world's leading experts on habit formation, reveals practical strategies you exactly how to form good habits, break bad ones, and master the tiny behaviors that lead to remarkable results. If you're having trouble changing your habits, the problem isn't you. The problem is your system. Bad habits repeat themselves again and again not because you don't want to change them, but because you have the wrong system for change. You do not rise to the level of your goals. You fall to the level of your systems. Here, you'll get a proven system that can take you to new heights. Clear is known for his ability to distill complex topics into simple behaviors that can be applied to daily life and work. Here, he draws on the most proven ideas from biology, psychology, and neuroscience to create an easy-to-understand guide for making good habits inevitable and bad habits impossible. Along the way, readers will be inspired and entertained with true stories from Nobel-prize medalists, award-winning artists, business leaders, life-saving physicians, and star comedians who have used the science of small habits to master their craft and vault to the top of their field. Learn how to:
• make time for new habits (even when life gets crazy)
• overcome a willpower:
• design your environment to make success easier
• get back on track when you fall off course;
...and much more. Atomic Habits will reshape the way you think about progress and success, and give you the tools and strategies you need to transform your habits--whether you're a student, parent, entrepreneur, or executive. A proven framework for improving every day.
Looking to win a championship, an organization hoping to redefine an industry, or simply an individual who wishes to quit smoking, lose weight, reduce stress, or achieve any other goal.

In Dirty Wars, Jeremy Scahill, author of the New York Times best-seller Blackwater, takes us inside America's new covert wars. The foot soldiers in these battles operate globally and inside the United States with orders from the White House to do whatever is necessary to hunt down individuals designated by the president as enemies. Drawn from the ranks of the Navy SEALs, Delta Force, former Blackwater and other private security contractors, the CIA's Special Activities Division and the Joint Special Operations Command ( JSOC), these elite soldiers operate in thousands of secret commandos working in more than one hundred countries. Funded through "black budgets," Special Operations Forces conduct missions in denied areas, engage in targeted killings, snatch and grab individuals and direct drone, AC-130 and cruise missile strikes against high-value targets. The administration deployed these ghost militias, President Barack Obama has expanded their operations and given them new scope and legitimacy. Dirty Wars follows the consequences of the declaration that "the world is a battlefield," as Scahill uncovers the most important foreign policy decisions of the Obama time. From Afghanistan to Yemen, Somalia and beyond, Scahill reports from the frontlines in this high-stakes investigation and explores the depths of America's global killing machine. He goes beneath the surface of these covert wars, conducted in the shadows, outside the range of effective congressional oversight or public debate. And, based on unprecedented access, Scahill tells the chilling story of an American citizen marked for assassination by his own government. As US leaders draw the country deeper into conflicts across the globe, setting the world on a path of destabilization and blowback, Americans are not only at greater risk—we are changing as a nation. Scahill unmaskes the shadow warriors who prosecute these secret wars and puts a human face on the casualties of unaccountable violence that is now official policy: victims of nuclear tests, cruise missile attacks and drone strikes, and whole classes of people branded as "suspected militants." Through his brave reporting, Scahill exposes the true nature of the dirty wars the United States government struggles to keep hidden.

This instant New York Times bestseller—"a jaw-dropping, fast-paced account" (New York Post) recounts SEAL Team Operator Robert O'Neill's incredible four-hundred-mission career, including the attempts to rescue "Lone Survivor" Marcus Luttrell and abducted-by-Somali-pirates Michael P. Murphy, and which culminated in the death of the world's most wanted terrorist—Osama bin Laden. In The Operator, Robert O'Neill describes his idyllic childhood in Butte, Montana; his impulsive decision to join the SEALs: the arduous evaluation and training process; and the even more difficult decision he had to run to join the SEALs' most elite unit. After officially becoming a SEAL, O'Neill would spend more than a decade in the most intense counterterror effort in US history. For extended periods, not a night passed without him and his small team recording multiple enemy kills. He was lucky enough to survive, several of the SEALs he'd trained with and fought beside never made it home. "Impossible to put down...The Operator is unique, surprising, a kind of counternarrative, and certainly the other half of the story of one of the world's most famous military operations. In this sense, this book is about...how to be human while in the very same moment dealing with death, destruction, combat" (Doug Stanton, New York Times bestselling author). O'Neill describes the nonstop action of his deployments in Iraq and Afghanistan, evokes the black humor of war, and brings to vivid life the lethal efficiency of the military's most selective units, and reveals details of the most celebrated terrorist takedown in history. This is "a riveting, unvarnished, and wholly unforgettable portrait of America's most storied commandos at war" (Joby Warrick). Dale MacIntyre, former Navy SEAL, works for Sanctuary. He's the acting handler for a member of the Bullen family's inner circle. He's close to obtaining the evidence he needs to prove Elisabeth Costain's death was ordered by them... until someone gets in his way. Joseph Kinnor is a SEAL, is back on U.S. soil for the first time in months, and he's told the tragic news that his stepsister is dead, gunned down in an alley by an unknown assailant. He's determined to find out who murdered her...until someone gets in his way. They both want the same thing but for different reasons. They both want the Bullen family brought to account, but one wants justice and the other wants revenge. What happens between them, however, has nothing to do with either.

You and Me Against the World

Settle for Best

Ireland: Summer of 1920 Father John wanted to keep his village of Cafgarven free from trouble but the surrounding countryside was in the grip of a rebellion against Great Britain's Crown forces. He found himself caught up in the horrid conflict of tit-for-tat murder when two individuals from either side of the struggle came to him for help. One was a Fenian rebel from a decimated flying column; the other was a young English Black and Tan.

Recounts the story of how the author overcame a tough and abusive childhood to fulfill his dream of joining the exciting and dangerous world of the Navy SEALs by becoming a Special Forces sniper. By the authors of SEAL

Team Six. Original.

A seal becomes a Navy SEAL in this children's adaptation of the #1 New York Times bestselling Make Your Bed: Little Things That Can Change Your Life...And Maybe the World by Admiral William H. McRaven. As Skipper the seal embarks on Navy SEAL training, he and his hardworking friends learn much more than how to pass a swimming test or how to dive off a ship. To be a great SEAL, you also have to take risks, deal with failure, and persevere through tough times—just as you do in life. (And always remember to make your bed!) In this entertaining children's adaptation of his #1 New York Times bestseller, Admiral William H. McRaven shares life lessons from Navy SEAL training and encourages young readers to become their best selves.

Chronicles the experiences of marine aviator Captain Sam Brantley throughout the Vietnam War and his struggle living in post-war America, detailing his exposure to jungle warfare from varying viewpoints.

Making Navy SEALs

The Evolution of a Navy Seal

To Stand in the Breach

**THE ONLY EASY DAY WAS YESTERDAY is the unofficial motto of the United States Navy SEAL's. This story is fiction but it is built on a foundation of fact. It is the story of Ashley Morgan Jamison and how she earned the Navy SEAL Triton and became the first woman in American History to earn the right to be called a Navy SEAL. Navy SEAL's are not born that way. They work hard to develop the physical strength to make it happen, and they must have a mindset that allows them to be mentally tough. Ashley is challenged at each stage of her life, but she meets all challenges with a mental toughness that very few possess. This is a story that just doesn't happen overnight. It is a story that is developed over 23 years of a woman's life. Every year presents a new challenge and Ashley thrives on challenges. Ashley's story is fiction but it is not far from reality. Women are now allowed to apply to become United States Navy SEAL's but they must pass every test that men must pass. There are no qualification differences. Some women have tried but as of this writing no woman has yet to succeed. It is my hope that somewhere, sometime a woman will read this story and based on Ashley's experiences the reader will learn, apply and succeed in pulling off something that no woman has yet to accomplish. I would like nothing better than to see this fiction story become a reality.**

**The New York Times best selling book that takes you inside SEAL Team Six - the covert squad that killed Osama Bin Laden SEAL Team Six is a secret unit tasked with counterterrorism, hostage rescue, and counterinsurgency. In this dramatic, behind-the-scenes chronicle, Howard Wasdin takes readers deep inside the world of Navy SEALs and Special Forces snipers, beginning with the grueling selection process of Basic Underwater Demolition/SEAL (BUD/S)—the toughest and longest military training in the world. After graduating, Wasdin faced new challenges. First there was combat in Operation Desert Storm as a member of SEAL Team Two. Then the Green Course: the selection process to join the legendary SEAL Team Six, with a curriculum that included practiced land warfare to unarmed combat. More than learning how to pick a lock, they learned how to blow the door off its hinges. Finally as a member of SEAL Team Six he graduated from the most storied and challenging sniper program in the country: The Marine's Scout Sniper School. Eventually, of the 18 snipers in SEAL Team Six, Wasdin became the best—which meant one of the best snipers on the planet. Less than half a year after sniper school, he was fighting for his life. The mission: capture or kill Somaliian warlord Mohamed Farrah Aidid. From rooftops, helicopters and alleys, Wasdin hunted Aidid and killed his men whenever possible. But everything went quickly to hell when his small band of soldiers found themselves fighting for their lives, cut off from help, and desperately trying to rescue downed comrades during a routine mission. The Battle of Mogadishu, as it become known, left 18 American soldiers dead and 73 wounded. Howard Wasdin had both of his legs nearly blown off while engaging the enemy. His dramatic combat tales combined with inside details of becoming one of the world's deadliest snipers make this one of the most explosive military memoirs in years.**

**In the steamy jungles of West Africa, a Marine Reconnaissance platoon races against time to save the lives of American citizens caught in a bloody civil war. One recon team arrives at a mission only to find they are too late. The missionaries had been burned to death while strung up crucifix style. Realizing that the rebels intend to kill all of the missionaries in the region, the Marines race through the jungle in an attempt to beat the rebels to another nearby mission before they can kill the missionaries there. The Marines arrive just in time to see the guerrillas enter the mission compound and begin killing mission workers. The recon team opens fire and the situation escalates. They successfully push the rebels back into the jungle. Gathering the mission workers, including the mission's doctor, Ellen McKenzie, they flee into the jungle. While on the run, the hospital corpsman, Sean Austin, finds himself struggling with his feelings for the young missionary doctor. Traveling day and night they arrive at the platoon's harbor site. While waiting for helicopters to evacuate the Americans to a waiting ship, the group stumbles onto a large underground crypt left by an ancient civilization. A tropical hurricane forces the Americans to take shelter within the crypt; they discover it is actually a portal to another world. Transported to the middle of a lopsided battle, the group is forced to choose sides and fight against a huge medieval army. Once the great battle is over, the reality of this new world leaves the sojourners from earth conflicted and searching for answers about reality, God, and eternity. Sean is particularly conflicted about his life as a prodigal and his attraction to Dr. McKenzie. Into the Breach is a war of ideals, a war between living a good life and living an obedient life. Lliam Morgan takes the reader through adventure after adventure while unraveling our calling, not to be right, but to be obedient.**

**"Full of ambushes and firefights...From page one I knew I wanted to be a SEAL. The more I read, the more I wanted to see if I could measure up." —Mark Owen, #1 New York Times bestselling author of No Easy Day Because it's a novel, the truth can be told. Because it's the truth, you'll never forget it... Gene Wentz's Men in Green Faces is the classic novel of Vietnam that inspired a generation of SEALs. Here is the story of a good soldier trained to be part of an elite team of warriors—and of the killing grounds where he was forever changed. WITH A NEW FOREWORD BY THE AUTHOR Gene Michaels carries an M-60, eight hundred rounds, and a Bible. The ultimate SEAL, he also carries a murderous grudge against a bloodthirsty colonel who was once one of their own. To bring him in, Michaels and his men will go behind the lines, where they'll take on 5,000 NVA in the fight of their lives. In this stunning novel, former SEAL Gene Wentz brings to life what it was like to be a SEAL in Vietnam, running an endless tour of top-secret, death-defying operations deep in enemy territory. From the camaraderie to the harrowing reconns, from brutal interrogations to incredible, toe-to-toe firefights, here are America's most feared warriors as you've never seen them before.**

**Fearless**

Chronicles the life of Navy SEAL Team Six operator Adam Brown, a man whose heroism and devotion still stand as a beacon to his friends and family, even after his death in the Afghan Hindu Kush mountains in 2010.

One day I woke up and realized that I had been lost for quite some time. I had got comfortable with how life was treating me. I no longer cared about how I presented myself, stuck between life and death, you know Purgatory. The real me had left long ago and the figure that I saw before me was just a shell that protects me until I could be found again. I had everything a woman could ask for and more yet somehow and somehow I forgot about myself and ended up in the purgatory of living. When I had my epiphany, I discovered some things that I should have seen all along but was too busy allowing life to consume me that I didn't care to pay attention. You know, taking care of kids, husband, family, work, friends and oh yeah, then me if I'm not too tired... Me! One day I found myself on the outside of the milk carton... Lost, hanging in the purgatory of living. It was the shock of my life yet not a shock for everyone else. Most often others can see what's going on in your life even when you cannot (or you think you do). Don't let that to happen to you or to allow it to continue. You can step out of the purgatory of living and into a new beginning. It could be easier than you think it is. For me... I have some changing to do and the changing can only be done by me for me. I cannot change you or the rest of the world but we can help each other with the process of changing for the better.... TOGETHER! And look who we shall find! (You and me too) Let's begin... how did I lose myself?

1st Place Gold Award in the 2015 Feathered Quill Book Program for Science Fiction/Fantasy! Finalist in the 2014 Book Pipeline Contest! Travel to the future - it will only cost you everyone you love. Attacked and injected with a drug which slows his metabolism to a fraction of normal, Martin James becomes an unwilling time traveler who hurtles through the years. His children grow up, his wife grows older, and his only hope is finding the people who injected him in the first place- not an easy task when one day for Martin lasts four years. And while Martin James strives to find a cure before everyone he loves is gone, others are uncertain if his journey can be stopped at all. W. Lawrence weaves a dystopian future filled with the best and worst of humanity, highlights the blessings and curses of technology, and pushes the limits of faith and hopelessness. Above all, Syncing Forward is a tale of one man's love for his family, and their devotion to saving him from being lost forever.

Alli-Kar, a white-hole portal from another universe, rains meteoroids onto the surface of the planet Kelanni. But the so-called "lodestones" behave according to different physical laws, transforming Kelanni's society.

With the aid of the fearsome Keltar in their flying cloaks, the Kelanni are being put to forced labor to mine the lodestones. Shann, an orphan with a fiery disposition, witnesses a battle between a Keltar and a stranger bearing a similar flying cloak. She tracks down the stranger, learning of the technology behind the Keltars' power and joining him on a mission to free the slaves and cut off their supply of lodestones. Meanwhile Keris, a Keltar, is sent on a mission to track down the rebels. She is attacked by a flying creature and saved by the enigmatic Chandara. At their Great Tree, she learns that a mysterious "Prophet" is out to destroy the Kelanni people. Their only hope is a powerful instrument hidden in the distant past. Pursued by Keltar, the party will encounter bizarre creatures, ancient technologies and terrifying dangers. Finally, they must seek to cross a massive storm barrier in order to reach the other side of their world, where a world-shaking revelation awaits.

*What if you had just learned that your days are about to come to an end? Would you quietly accept your destiny, or would you fight this one final battle? And what if the demons of your past disturb the delicate reconciliation you thought you had found? These are the questions facing John Kadel in "If Only I could..." a simple story about love. This is not a romance. It is a tale of the true and lasting love each of us dreams about, the undeniable love only some of us find in a lifetime of searching. John Kadel is a stubborn, single old man with a colorful past and questions for which he has no answers. Not long after his doctor hands him a death sentence, John runs into someone from his past.*

*Decorated Navy SEAL, successful businessman and world-renowned speaker Brent Gleeson shares his revolutionary approach to navigating and leading change in the workplace—with a foreword by #1 New York Times bestselling author Mark Owen. Inspired by his time as a Navy SEAL and building award-winning organizations in the business world, Brent Gleeson has created a powerful roadmap for today's existing and emerging business leaders and managers to improve their ability to successfully navigate organizational change. Over the past ten years since leaving the SEAL Teams, Gleeson has become a well-respected thought leader and expert in business transformation. He has spoken to and consulted with hundreds of organizations across the globe and inspired thousands of business leaders through his highly insightful philosophies on leadership, culture and building high-performance teams that achieve winning results. In TakingPoint, Gleeson shares his ten-step program that he has implemented in his own companies and for his high-profile clients—giving leaders and managers actionable insights and a framework for successful execution. TakingPoint brilliantly captures the structures, behaviors and mindsets required to build successful twenty-first century organizations. With a strong emphasis on communication, culture, engagement, accountability, trust, and resiliency, Gleeson's methods have helped hundreds of companies around the world transform the way they think about change, and can help yours do the same. For the last five years, Gleeson has shared his philosophies through his weekly columns on Forbes and Inc. And now, for the first time ever, they are captured in this entertaining and highly prescriptive book. Steps include: -Culture: The Single Most Important Enabler -Trust: Fueling the Change Engine -Accountability: Ownership at All Levels -Mindset: Belief in the Mission -Preparation: Gathering Intelligence and Planning the Mission -Transmission: Communicating the Vision -Inclusion: The Power of Participation and Acceptance -Fatigue: Managing Fear and Staying Energized -Discipline: Focus and Follow-Through -Resiliency: The Path of Lasting Change Never has change been more consistent and disruptive as it is now. Business leaders and managers at all levels can't just react to change. They have to lead change. They have to take point.*

*From Mark Bowden, the preeminent chronicler of our military and special forces, comes The Finish, a gripping account of the hunt for Osama bin Laden. With access to key sources, Bowden takes us inside the rooms where decisions were made and on the ground where the action unfolded. After masterminding the attacks of September 11, 2001, Osama bin Laden managed to vanish. Over the next ten years, as Bowden shows, America found that its war with al Qaeda—a scattered group of individuals who were almost impossible to track—demanded an innovative approach. Step by step, Bowden describes the development of a new tactical strategy to fight this war—the fusion of intel from various agencies and on-the-ground special ops. After thousands of special forces missions in Iraq and Afghanistan, the right weapon to go after bin Laden had finally evolved. By Spring 2011, intelligence pointed to a compound in Abbottabad; it was estimated that there was a 50/50 chance that Osama was there. Bowden shows how three strategies were mooted: a drone strike, a precision bombing, or an assault by Navy SEALs. In the end, the President had to make the final decision. It was time for the finish.*
