

## Star Alliance (Ascension Series Book 3)

*This Star Wars novel ties in with the MMORPG of the same name, and is written by Sean Williams, the acclaimed science fiction author whose previous Star Wars game tie-in The Force Unleashed debuted at #1 in the New York Times bestseller list. 3,500 years in the past of the far-away galaxy, when the Jedi and Galactic Republic clashed with the Sith Empire, smuggler Jet Nebula has stumbled across a treasure richer than he ever dreamed. The Hutts want to auction it to the highest bidder, be it the Republic or the Empire, both of whom hope to bolster their chances in the coming conflict. But the Sith are interested too, and they don't bargain with anyone; the Jedi High Council is sending someone to investigate; a mysterious Mandalorian is chasing something connected to a long-forgotten crime; while a spy plays every side at once. What Jet has unearthed will surprise all of them, and leave none of them unchanged.*

*A Hero Will Fall... Aaron Jace is recovering from his last encounter with the Drake, a construct of advanced Hytharlam technology that has been hunting*

*down the Alenzar'seth, the Lords of Shandara. The Drake has taken Sarah and is using their love to fuel its murderous campaign to extinguish the Alenzar'seth line. Many have advised Aaron to abandon Sarah to her fate, believing that she is beyond saving, but that is something Aaron can't do. Whispers of the return of the Alenzar'seth are spreading throughout the world of Safanar. Kingdoms are mobilizing their armies and war is about to be unleashed across the land. There is a grave threat poised to strike the people of Safanar known to only a few. Everything is about to change. Aaron will lead a daring quest to save the woman he loves, bringing him to the home of the High King and the vile Elitesmen Order. Time is running out for Sarah. She has only days before she is lost and if Aaron can't reach her in time, then nothing he can do will save her from what she will become. Echoes of a Gloried Past is the second installment of the epic fantasy adventure series. The Safanarion Order. The worlds of fantasy and science fiction collide in this action adventure with ancient allies and enemies alike preparing for war. This is an epic tale of friends and lovers, evil demons and dragons, mystery and intrigue, of myth and legends, of revenge,*

*of broken hearts, of honor and courage, of fate and destiny.*

*"There is star quality in this writer!" raves the Romantic Times about gifted author Gaelen Foley. Her love stories are filled with glorious settings, stunning characters, and unforgettable passion. Destiny casts its hand one perfect moonlit night when Ascencion's most elusive highwayman, the Masked Rider, chooses the wrong coach to rob. For inside is Rafael, the prince of the kingdom, renowned for his hot-blooded pursuits of women and other decadent pleasures. The failed raid leaves the equally notorious Masked Rider wounded and facing a hangman's noose. Then Rafe realizes his captive criminal is Lady Daniela Chiaramonte, a defiant beauty who torments him, awakening his senses and his heart as no woman has before. Dani can only wonder if she's been delivered to heaven or hell once she agrees to marry the most desirable man in the Mediterranean--until forces of treachery threaten to destroy their tenuous alliance and bring down the throne itself. . . . After a violent civil war and the devastation wrought by the now-fallen Darth Caedus, the Galactic Alliance is in crisis--and in need, in this latest chapter in the extraordinary history of*

This book provides a broad perspective about the essential aspects of creating technical documentation in today's product development world. It is a book of opinions and guidance, collected as short essays. You can read selectively about subjects that interest you, or you can read the entire collection in any order you like. Information development is a multidimensional discipline, and it is easy to theorize. We have written this book from our direct experience, using the concrete insights and practices we apply to our work every day. If you work as an information developer, a manager in a documentation team, or in another part of product development that collaborates with a doc team, there is information in this book for you. Perhaps you are a technical writer in a small, high-growth company that is figuring out its processes. Perhaps you are an information-development manager in a large enterprise company with an expanding product line and an ever more complex matrix of cross-functional dependencies. You might work at a medium-sized company where your management is asking you to do more with fewer people, and you want some additional perspective that will help you find a leaner and more effective way to deliver what your business demands. Or you might work outside the technical documentation world, in another part of product development, and are wondering how to collaborate most effectively with the documentation team. The purpose of *The Product is Docs* is to provoke discussion, shine light on some murky areas, and--we

hope--inspire our colleagues to consider their processes and assumptions with new eyes. All proceeds from the sale of The Product is Docs will go to charity.

I'll bet you've never read anything like the final boss at the end of this 24 hour LitRPG apocalypse. Garath was a gamer that spent his time adventuring in magical worlds behind a keyboard. He was exploring one of those very worlds when the planet that he actually inhabited became suddenly, and drastically more interesting. The ability to shapeshift into a house cat or summon a demon to serve him were things that were only possible in video games and epic fantasy novels, until they weren't. He may not have had the luxury of a controller or mouse to explore his new abilities, but Garath's dream came true when Earth was fundamentally altered. More akin now to the RPG games that he loved so much than the 9-5 grind he'd woken up to that morning. He's a quick study though, and learns quickly that this new Earth isn't just fun and games. The tutorial kills everybody. Well not everybody. Almost everybody. Garath and a motley crew of friends and neighbors band together to survive. They are forced to work together using their new abilities to hold off the increasingly deadly waves of monsters. The Peril's Prodigy series features 30 unique Classes, a Human racial Ability to shapeshift, character leveling, some things you really just can't un-read, and a look into the future of this new Earth. It will make you laugh. It will make you cringe. And if you're anything like Garath, it'll make you wonder where in the hell, on this new video game Earth, were all the god damn hot elves \*\*\*Full disclosure: this is not a harem novel. There are no hot elves.

And even the Jedi's new authority may not be enough to save Tahiri Veila, the former Jedi Knight and onetime Sith apprentice convicted of treason for the killing of Galactic Alliance officer Gilad Pellaeon. Meanwhile, Luke and Ben Skywalker are relentlessly pursuing Abeloth, the powerful dark-side entity bent on ruling the galaxy. But as they corner their monstrous quarry on the planet Nam Chorios, the two lone Jedi must also face the fury of the Sith death squadron bearing down on them. And when Abeloth turns the tables with an insidious ambush, the Skywalkers' quest threatens to become a suicide mission. Features a bonus section following the novel that includes a primer on the Star Wars expanded universe, and over half a dozen excerpts from some of the most popular Star Wars books of the last thirty years!

A colony divided. The Krake, a mysterious enemy who has brought about the collapse of entire civilizations, is hunting for New Earth. Connor Gates, former elite soldier and now general of the colonial military, must find a way to protect the colony, which seems all but impossible when both humans and aliens alike are ignoring the very threat that should be uniting them all. To forge a future for the colony, Connor must risk everything. Battle weary but vigilant, Colonel Sean Quinn must rebuild the morale of Trident Battle Group while fulfilling his mission, but when he receives an invitation to meet a Krake rebel faction, he must act. Sean seizes a rare opportunity to gather crucial intel about the enemy and possibly gain an ally, but can he trust them or will their betrayal doom them all. along with two thousand people under his command. They've been hiding from the enemy long enough, now it's time to return home. Outnumbered against a superior foe, Sean must risk everything in a daring operation, but the mysterious enemy has a few surprises of their own. Meanwhile, a division threatens to tear the colony apart and Connor Gates is caught in the middle. Their best chance to prepare for a formidable multidimensional aggressor is to form an alliance with one of their victims, but the more they learn about New Earth's inhabitants, the more resistant to an alliance the colonial government becomes. When a shadow group seeks to undermine the alliance, Connor must do what he swore he would never do in order to protect the colony. For Connor, the stakes have never been so high or so personal. The price will be paid by everyone if he fails. Fracture is the eighth book in the bestselling military science fiction series, First Colony.

**NEW YORK TIMES BESTSELLER • Discover Thrawn's origins within the Chiss Ascendancy in the first book in an epic new Star Wars trilogy from bestselling author Timothy Zahn. Beyond the edge of the galaxy lies the Unknown Regions: chaotic, uncharted, and near impassable, with hidden secrets and dangers in equal measure. And nestled within its swirling chaos is the Ascendancy, home to the enigmatic Chiss and the Nine Ruling Families that lead them. The peace of the Ascendancy, a beacon of calm and stability, is shattered after a daring attack on the Chiss capital that leaves no trace of the enemy. Baffled, the Ascendancy dispatches one of its brightest young military officers to root out the unseen assailants. A recruit born of no title, but adopted into the powerful family of the Mitth and given the name Thrawn. With the might of the Expansionary Fleet at his back, and the aid of his comrade Admiral Ar'alani, answers begin to fall into place. But as Thrawn's first command probes deeper into the vast stretch of space his people call the Chaos, he realizes that the mission he has been given is not what it seems. And the**

threat to the Ascendancy is only just beginning. The second book in the Far Star series follows Blackhawk and the crew of the Wolf's Claw as they are gradually (and unwillingly) drawn more deeply into Marshal Lucerne's campaign to form a united power bloc in the Far Stars to resist imperial encroachment. Successfully completing their mission to rescue Marshal Augustin Lucerne's daughter, Astra, the crew of the Wolf's Claw are enjoying some well-deserved rest—all, that is, except Blackhawk. The space gun for hire cannot escape Lucerne's relentless pleas for help against growing imperial control in the Far Stars. While Blackhawk deeply respects his friend, he fears that the power Lucerne offers will lead him back to his old dark ways. His resistance crumbles, however, when Lucerne presents evidence that the imperial governor has been manipulating the conflicts in the Far Stars. Convinced of the deadly danger of imperial domination, Blackhawk and his crew board the Wolf's Claw once more and set out to gather intelligence on the Empire's movements—the proof Lucerne needs to unite the fractured and feuding worlds of the Far Stars into single power bloc capable of resisting imperial aggression. But deep in the sparsely populated territory of the Far Stars, he discovers that the imperial governor's machinations are far reaching—and threaten the independence of every world this side of the Void. A man seemingly running from himself, Blackhawk is beginning to realize he can no longer remain a prisoner to his own past while the future of the Far Stars is in jeopardy.

Their work led to the discovery of other worlds beyond the known universe. It became clear that many of those worlds had been attacked by an interdimensional invader that left untold amounts of manipulation, hardship, and annihilation in its wake. It's only a matter of time before the colony becomes the next target. When a trusted ally requests Connor's help to investigate claims of new widespread invasions, he has no choice but to help. Connor believes that the only way to stop the invaders is to find their homeworld, but its location is a closely guarded secret. Many civilizations sought to discover the invader's homeworld and none have succeeded. Time is running out for the colony, and Connor and a team of CDF soldiers may be the only thing that stands in the between and annihilation. **Humanity pushed its way to the stars - and encountered the Gbaba, a ruthless alien race that nearly wiped us out. Earth and her colonies are now smoldering ruins, and the few survivors have fled to distant, Earth-like Safehold, to try to rebuild. But the Gbaba can detect the emissions of an industrial civilization, so the human rulers of Safehold have taken extraordinary measures: with mind control and hidden high technology, they've built a religion in which every Safeholdian believes, a religion designed to keep Safehold society medieval forever. 800 years pass. In a hidden chamber on Safehold, an android from the far human past awakens. This "rebirth" was set in motion centuries before, by a faction that opposed shackling humanity with a concocted religion. Via automated recordings, "Nimue" - or, rather, the android with the memories of Lieutenant Commander Nimue Alban - is told her fate: she will emerge into Safeholdian society, suitably disguised, and begin the process of provoking the technological progress which the Church of God Awaiting has worked for centuries to prevent. Nothing about this will be easy. To better deal with a medieval society, "Nimue" takes a new gender and a new name, "Merlin." His formidable powers and access to caches of hidden high technology will need to be carefully concealed.
