

Star Trek: The Next Generation: A Singular Destiny (Star Trek: Typhon Pact)

Completely revised and updated, this guidebook takes readers all the way through the last two seasons of the series, including the Paramount Pictures release of the blockbuster film, Star Trek: Generations. The book includes fascinating behind-the-scenes information and specially selected photos (at least one from every episode).

On the planet Xhalidia, ordinary men and women are mutating into bizarre creatures with extraordinary powers. But is this a momentous evolutionary leap or an unparalleled catastrophe? The very fabric of Xhalidian society is threatened as fear and prejudice divide the transformed from their own kin. Dispatched to cope with the growing crisis, Captain Picard and the crew of the Starship Enterprise™ receive some unexpected visitors from another reality -- in the form of the group of mutant heroes known as the uncanny X-Men®. Storm, leader of the X-Men, offers their help in resolving a situation that is agonizingly similar to the human/mutant conflicts of their own time and space. But when hostile aliens appear in orbit around Xhalidia to try and abduct the transformed for use as a superpowered force in an attack on the Federation, even the combined forces of the crew of Starfleet and the X-Men may be unable to prevent an inferno of death and destruction. Starfleet's finest crew and Earth's greatest mutant heroes will need all their powers and abilities to save the Xhalidian people and stop a deadly threat to the Federation.

With crippling disasters confronting the two planets of Alaj and Etoloa, whose inhabitants have been bitter enemies for three centuries, Captain Picard and the Enterprise crew struggle to negotiate a peaceful settlement before both planets perish. The cats are back in their continuing mission: to boldly go where no one has gone before. This companion to the bestselling Star Trek Cats brings the many adventures of Star Trek: The Next Generation to life in a faithfully feline homage to the hit series. From encounters with the Borg to adventures on the holodeck, Captain Picard and the rest of the U.S.S. Enterprise NCC-1701-D crew are reimagined as cats with lovingly detailed and eyebrow-raising scenes from throughout the award-winning series, perfect for Star Trek fans across the Galaxy. Star Trek – The Next Generation: Abaturz

To Storm Heaven

Tod im Winter

Collecting five complete graphic novels into one oversized hardcover edition. In The Space Between, travel to Tigan-7, Kandom 9, uncharted space, and more--each leading the dedicated crew of the Enterprise into unexpected adventures. By David Tischman and Casey Maloney. In Intelligence Gathering, what seems to be a series of unrelated missions is soon revealed to be part of a large conspiracy involving a threat unlike any that Picard has ever faced. Can the Enterprise crew piece together the puzzle before it's too late? By Scott Tipton, David Tipton, and David Messina. In Last Generation, a Myriad Universe title, Starfleet is no more! The Federation lies in ruin and the Klingons have conquered Earth. But a resistance, led by Jean-Luc Picard, seeks to free humanity from Klingon rule. Now, finally, they may have the means to do it- an android named Data! By Andrew Steven Harris and Gordon Purcell. In Ghosts, Captain Picard and the crew of the Enterprise respond to a distress call and find a terribly wounded scientist aboard a marooned ship. While evaluating the planet below (and its two warning nations) for possible Federation membership, Picard discovers to his horror that the survivor of the disaster is foreseeing his death. By Zander Cannon and Javier Aranda. In Hive, it's the distant future and the entire galaxy has been completely assimilated by Borg and its king... Locutus! The only hope lies in the past, in the hands of Captain Jean-Luc Picard and the crew of the starship Enterprise! By Brannon Braga, Terry Matalas, Travis Fickett, and Joe Corroyne.

Go into the alternate "Mirror, Mirror" universe to meet the cold-blooded crew of the I.S.S. Enterprise, and their captain, the ruthless Jean-Luc Picard in this collection of three graphic novels! Space... The final frontier. These are the voyages of the I.S.S. Enterprise. Its continuing mission: to conquer strange new worlds, to enslave new life and new civilizations... To boldly go where no one has gone before! In the other-dimensional Mirror Universe there is no United Federation of Planets, only a cruel Terran Empire, where advancement comes through assassination, brutality is commonplace, and kindness is a weakness. In Mirror Broken, the Terran Empire is on its last legs in its war with the Klingon-Cardassian Alliance, but Captain Jean-Luc Picard has learned of a final chance for victory: a revolutionary new Galaxy-class starship that could turn the tide of the war. The ship is called Enterprise--and Picard intends to take it. In Through The Mirror, when the Enterprise-D discovers a burned-out, pillaged Andorian vessel, the search for the culprits leads to some startlingly familiar faces. But, how did the Mirror Universe crew find their way to ours, and what does Emperor Spock have to do with it? Plus, it's interstellar espionage aboard the Enterprise-D when the Mirror Universe crew infiltrates Captain Picard's ship! And in Terra Incognita, the Enterprise crew returns to business as usual, little realizing the serpent in their midst--one of their own has been replaced! Six stories focusing on fan-favorite crew members of the Enterprise-D--including Deanna Troi, Wesley Crusher, and Sela--each connected by the machinations of this sinister doppelganger.

This must-have book for Star Trek fans is a companion to the best loved series in the franchise, Star Trek: The Next Generation, presenting interviews, features and articles celebrating Star Trek's multi-award-winning series. Death in Winter

Companion

Captain Jean-Luc Picard, his ship repaired, must now reassemble his crew. With the departure of both William Riker and ship's counsellor Deanna Troi, the captain must replace his two most trusted advisors. He chooses a Vulcan, a logical choice, and for his new first officer, Worf. But the Klingon refuses the promotion and the new ship's counsellor appears to actively dislike Worf. A simple shake-down mission should settle everything. Except that once again, the captain hears the song of the Borg collective. Admiral Janeway is convinced that the Borg have been crushed and are no longer a threat. Picard believes she is wrong, and that if the Enterprise doesn't act the entire Federation will be under the domination of its most oppressive enemy.

When William Riker's old friend, Teller Conlon, disappears from Imprima and is suspected of stealing the priceless jewel called "Fortune's Light," Riker and the Enterprise travel across the galaxy to discover the truth in the matter

Like HOMECOMING (074346754X) did for Star Trek Voyager and AVATAR (074340050X) did for Star Trek: Deep Space Nine, DEATH IN WINTER picks up the Star Trek: The Next Generation story after the TV/movies are complete and tells all-new stories about favourite Next Generation characters and their subsequent lives. After the fall of Shinzon (as seen in the feature film, STAR TREK: NEMESIS) the elite of the Romulan Empire are battling over control. Caught up in this struggle are the Kevrata, a once proud people, now strangled under Romulan domination. When a biogenetic disease threatens to wipe out their race, Starfleet assigns its new Chief Medical Officer, Dr Beverly Crusher, to aid the populace. But when she suddenly goes missing and is presumed dead, Jean-Luc Picard must race to try and locate Crusher and help find a cure for the disease that could kill millions.

First published in 1992 and last revised in 1995, this is a fitting record of a show that changed the rules by which television was made. The first adventure drama series ever to run to seven seasons and more than 170 episodes, Star Trek: The Next Generation broke audience records wherever it was shown and remains the most widely viewed and consistently popular of all the Star Trek series. This new edition of the series companion has been brought bang up to date to include not only all seven years of the TV series but also all four films which have featured the Next Generation crew. In addition to Generations (1994), we now have full details of First Contact (1997), Insurrection (1998) and the very latest incarnation, Nemesis (2002). A positive feast of information, the Companion includes complete plot summaries and credits for each invidual episode and film. There are fascinating behind-the-scenes glimpses into how each one was made, and in-depth analysis really brings The Next Generation universe to life. Illustrated throughout with more than 150 black and white photographs, this is a truly invaluable reference guide.

Star Trek The Next Generation

After facing the Borg menace, the crew of the U.S.S. Enterprise is looking forward to a little exploration when the enigmatic Q informs them that the universe is at stake if they don ` t unravel the mystery of a strange planet in this Star Trek: The Next Generation novel. Nearly two decades ago, Jean-Luc Picard took command of the U.S.S. Enterprise NCC-1701-D, knowing it was an honor without equal. On her first mission, the Enterprise was sent to Farpoint Station for a simple, straightforward investigation. Perfect for a crew that had never served together. Then there was Q, an omnipotent lifeform that seemed bent on placing obstacles after obstacle in the ship ` s--and in particular in Picard ` s--way. And it hadn ` t ended with that first mission. When he was least expected, Q would appear. Pushing, prodding, testing. At times needing captain and crew with seemingly silly, pointless, and maddening trifles. Then it would turn all too serious, and the survival of Picard's crew was in Q ` s hands. Why was it today that Picard was remembering the day he took command of the Enterprise-D? Now he commanded a new ship, the Enterprise-E, with a different crew. But Picard couldn ` t shake the feeling that something all too familiar was going on. All too awful. All too Q.

The Rashanar Sector, site of one of the fiercest battles of the Dominion War, now contains a vast interstellar graveyard littered with the hulks of hundreds of devastated starships. The destruction of so many warp drives has created a danger zone where the space-time continuum is distorted, and bizarre energies and anomalies are unleashed. To some, the former battleground is hallowed space. To others it is scavengers' paradise, ripe for plunder, and the USS Enterprise is assigned to patrol it, protecting those engaged on legitimate salvage. But the ships' graveyard holds a deadly secret -- one that will force the android Data to make a heart-wrenching decision about the path his life will take, and will endanger not only the Enterprise, but Picard's very future in Starfleet.

*Originally published as Star Trek, the next generation: Ghosts issues #1-5"-P. [3] of cover.

Long before Captain Jean-Luc Picard took command of the legendary Starship Enterprise,™ he fell deeply and hopelessly in love with Doctor Beverly Crusher. Though, for one reason or another, Picard never acted on his feelings, he found a measure of contentment as Beverly's close friend, colleague, and daily breakfast partner. But when Doctor Crusher leaves her position on the Enterprise to become the chief medical officer of Starfleet, the brightest light in Picard's life is taken from him. And he has hardly resigned himself to his loss when he learns that Beverly has been declared missing in action on a distant planet -- and presumed dead. Kevrata is a bleak, frozen world on the far side of the Romulan Neutral Zone where the Federation has become the plague-ravaged natives' only real hope of survival and freedom. Starfleet has no recourse but to send in another team to try to save the Kevrata -- and Picard is the natural choice. Critical to the success of his mission are two colleagues who served under him when he commanded the Starship Stargazer -- Pug Joseph, a man with a past to live down, and Doctor Carter Greyhorns, who has served time for attempted murder -- as well as a Romulan who left his people years earlier and never expected to return. Together, they follow the trail of Beverly Crusher to Kevrata, determined to succeed where the doctor failed. On the Romulan homeworld, meanwhile, the political vacuum created by the demise of Praetor Shinzon has been filled by his staunchest supporter, Senator Tal'aura. But there are those who oppose her, including Commander Donatra and the warbird fleets under her command, because of the way Tal'aura has mishandled rebellions on the Empire's subject worlds. And one rebellion in particular, the movement for self-determination on frigid Kevrata. So begins a desperate struggle -- not only for the freedom of the long-oppressed Kevrata but also for the soul of the Romulan Empire. Before it's over, destinies will be forged and shattered, the Empire will be shaken to its ancient foundations, and Jean-Luc Picard's life will be changed... forever.

Updated to include the most recent Star Trek films, an official fan's guide features behind-the-scenes information and coverage of every episode from the series, Star Trek: The Next Generation.

From the New York Times bestselling author of Star Trek: Discovery, Desperate Hours comes an original, thrilling novel set in the universe of Star Trek: The Next Generation! The past returns to haunt Captain Jean-Luc Picard—a crime he thought long buried has been exposed, and he must return to Earth to answer for his role in a conspiracy sent to apprehend pirates who have stolen vital technology from a fragile Federation colony. But acting captain Commander Worf discovers that the pirates' motives are not what they seem, and that sometimes standing for justice means defying the law...

Intended to create life from nothingness, the Genesis Device became instead a weapon of awe-inspiring destructiveness, capable of rearranging matter and life energy on a planetary scale. After the cataclysmic death of the Genesis Planet, Starfleet wisely decided to destroy all data and records on Project Genesis, hoping to bury its deadly Genesis is the knowledge stored in the mind of an elderly, almost forgotten scientist named Dr Carol Marcus. But Dr Marcus has gone missing, and a mysterious wave of energy is sweeping across the Alpha Quadrant at terrifying speed, wiping out the populations of entire planets, rearranging matter on a molecular level to create bizarre new worlds. Captain Jean-Luc Picard, is the first Starfleet vessel to discover the threat, but they are not the only ones in danger. Trillions of souls and hundreds of inhabited planets lie in the path of the mutagenic wave, which is expanding outwards as it traverses the cosmos, and Earth itself faces total obliteration!

An electrifying thriller starring Captain Jean-Luc Picard set in the Star Trek: The Next Generation universe. Captain Jean-Luc Picard, his ship repaired, must now reassemble his crew. With the departure of both William Riker and ship's counsellor Deanna Troi, the captain must replace his two most trusted advisors. He chooses a Vulcan, a logical choice, and for his new first officer, Worf. But the Klingon refuses the promotion and the new ship's counsellor appears to actively dislike Worf. Star Trek: The Next Generation

Star Trek: The Next Generation: Mirror Universe Collection

En route to assist a plague-ridden colony planet, away team members from the U.S.S. Enterprise find themselves surrounded by danger that threatens both the planet and its sister worlds. Original.

An enemy so intractable that it cannot be reasoned with. The entire race thinks with one mind and strives toward one purpose: to add our biological distinctiveness to their own and wipe out individuality, to make every living thing Borg. In over two centuries, the Federation has never encountered a greater threat. Twice Starfleet assembled and threw countless starships to stand against them. The Borg were stopped, the price paid in blood. Humanity breathed a sigh of relief, assuming it was safe. And with the destruction of the transwarp conduits, the Federation believed that the killing blow had finally been struck against the Borg. Driven to the point of extinction, the Borg continue to fight for their very existence, for their culture. They will not be denied. They must not be stopped. The old rules and assumptions regarding how the Collective should act have been dismissed. Now the Borg kill first, assimilate later. When the Enterprise manages to thwart them once again, the Borg turn inward. The dark places that even the drones never realized existed are turned outward against the enemy they have never been able to defeat. What is revealed is the thing that no one believed the Borg could do.

When the Enterprise answers a distress call from an alien vessel, Captain Picard becomes involved in a dispute between the beleaguered aliens and a fleet of ships from nearby Vemla who claim them as property. Original.

An original novel based on the acclaimed Star Trek TV series! The USS Enterprise has been granted the simple but unavoidable honor of ferrying key guests to Betazed for a cultural ceremony. En route, sudden tragedy strikes a Federation science station on the isolated planet Kota, and Captain Jean-Luc Picard has no qualms sending William Riker, Data, and Chief Medical Officer Beverly Crusher to investigate. But what begins as routine assignments for the two parties soon descends into chaos: Picard, Worf, and Deanna Troi must grapple with a dangerous diplomatic crisis as historic artifacts are stolen in the middle of a high-profile ceremony...while nothing is as it seems on Kota. A mounting medical emergency coupled with the science station's falling technology--and no hope of rescue--has Doctor Crusher racing against time to solve a disturbing mystery threatening the lives of all her colleagues...™, ®, & © 2021 CBS Studios, Inc. Make It So: Leadership Lessons from Star Trek: The Next Generation

IN STAR TREK - NEMESIS, dem zehnten Kinofilm der erfolgreichen Sci-Fi-Saga, ging die Geschichte von Jean-Luc Picard und der Crew der Next-Generation-Enterprise - zumindest auf der Leinwand - zu Ende. Unter großen Opfern konnte die Mannschaft der Enterprise einen Staatsstreich auf Romulus, der die Galaxis in einen weiteren verheerenden Krieg zu stützen drohte, verhindern. TOD IM WINTER Ist nun der erste aus einer Reihe von Romanen, die die Geschichte von Jean-Luc Picard und der neuen Enterprise weitererzählen. Nach dem Tod des Putschisten Shinzon und dem Niederschlagen des romanischen Aufstands, Ist auf der Heimatwelt der Romulaner ein politisches Machtvakuum entstanden. Verschiedene Fraktionen innerhalb des Romulanischen Reichs kämpfen um die Vorherrschaft über das zahlreiche Planeten und Kolonien umfassende Reich. Eine dieser Welten Ist Kevratas, ein unwirtlicher Eisplanet am Rande der Romulanischen Neutralen Zonen. Die Kevrataner, eins ein stolzes Volk und nun als Vasallen Teil des Romulanischen Imperiums, begehren gegen ihre Machthaber auf. Als eine biogenetische Suche auf Kevratas ausbricht, schickt die Sternflotte ihren ranghöchsten medizinischen Offizier auf den Quarantänenplaneten, Dr. Beverly Crusher. Kurz Zeit später wird der ehemalige Bordarzt der Enterprise als vermisst gemeldet, und Jean-Luc Picard muss sich auf die gefährliche Suche nach seiner ehemaligen Kollegin und einem Heilmittel gegen eine Krankheit machen, die Millionen Leben auszulöschen droht.

Jean-Luc Picard. His name has gone down in legend as the captain of the U.S.S. Stargazer and two starships Enterprise. But the nine years of his life leading up to the inaugural mission of the U.S.S. Enterprise™ to Farpoint Station have remained a mystery -- until now, as Picard's lost era is finally unearthed. Following the loss of the Stargazer and the brutal court-martial that resulted, Picard no longer sees a future for himself in Starfleet. Turning to his other love, archaeology, he embarks on a quest to rediscover a buried age of ancient galactic history...and awakens a living survivor of that era: a striking, mysterious woman frozen in time since before the rise of Earth's dinosaurs. But this powerful immortal has a secret of cataclysmic proportions, and her plans will take Picard -- aided along the way by a brilliant but naive android, an insightful Betazoid, and an enigmatic El-Aurian -- to the heights of passion, the depths of betrayal, and the farthest reaches of explored space.

With Captain Jean-Luc Picard's Starfleet command in ruins following the loss of the U.S.S. Juno with all hands, Acting Captain William Riker and the crew of the Enterprise brave the perils of an interstellar hot zone to uncover the truth about the event and search for a mythical menace that could have destroyed hundreds of powerful starships.

Star Trek: The Next Generation: Greater than the Sum

The Starship Rhea has discovered a cluster of carbon planets that seems to be the source of the quantum energies rippling through a section of space. A landing party finds unusual life-forms inhabiting one of the planets. One officer, Lieutenant T'Ryssa Chen -- a half-Vulcan -- makes a tenuous connection with them. But before any progress can be made, the Rhea comes under attack from the crew of the Borg. The landing party can only listen in horror as their comrades are assimilated. The Borg descend to the planet, and just as Chen accepts that she will be assimilated, the lieutenant is whisked two thousand light-years away. A quantum slipstream -- instantaneous transportation -- is controlled by these beings in the cluster, and in the heart of the cluster there is now a Borg colony. The Einstein cannot be allowed to rejoin it. For the sake of humanity, the Borg cannot gain access to quantum slipstream technology. Starfleet Command gives Captain Picard carte blanche: do whatever he must to help the beings in the cluster, and stop the Einstein no matter the cost.

Beim Verlassen eines Nebels stoßen Captain Jean-Luc Picard und die Mannschaft des Raumschiffs Enterprise auf einen Einzelgängerplaneten. Auf der Oberfläche der unwirtlichen Welt messen sie Lebenszeichen und erhalten plötzlich eine verstümmelte Botschaft: eine unvollständige Warnung, um jeden Preis fernzubleiben. Entschlossen, seine Hilfe anzubieten, schickt Picard Commander Worf und einen weiteren Teil der Enterprise, um die Angelegenheit zu untersuchen, doch ihr Shuttle wird zu einer Notlandung auf der Oberfläche gezwungen, jeder Kontakt bricht ab und dann verschwindet der Planet komplett.

Two hundred million kilometres across, with a surface area that exceeds that of a quarter-billion worlds, the Dyson sphere is one of the most astounding discoveries the Federation has ever made. Now the USS Enterprise with Captain Jean-Luc Picard at the helm has returned to explore the awesome mysteries of the sphere. Intrigued by what is possibly the greatest archeological treasure of our age, the Enterprise embarks on a mission to explore the origin of humanoid life throughout the galaxy - or perhaps the ultimate secret of the mechanistic Borg. But when a neutron star approaches on a collision course with the sphere, a mission of discovery becomes a desperate race against time. The many sentient species inhabiting the sphere face extinction - unless the Enterprise can save them all.

On the cusp of their epic battle with Shinzon, many of Captain Jean-Luc Picard's long-time crew were heading for new assignments and new challenges. Among the changes were William Riker's promotion to captain and his new command, Riker's marriage to Counselor Deanna Troi, and Dr. Beverly Crusher's new career at Starfleet Medical. But the story of what set them on a path away from their home planet has not been told...until now. More than two centuries ago, the Dokaalan sent an unmissable probe into the void, bearing a distress call for anyone who could save their doomed world. But the message reached Federation space too late to save the planet or its people. Or so it was believed... Generations later, Captain Jean-Luc Picard and the crew of the Enterprise-E are stunned to discover the last of the Dokaalan fighting to stay alive in a decrepit asteroid mining complex. Although their home planet was destroyed long ago, the survivors hope to someday transform a nearby planet into a new home for their people. But bitter divisions exist among the Dokaalan, sowing the seeds of sabotage and terrorism--and placing Picard and the Enterprise in the middle of an escalating crisis that can only lead to total annihilation.
