*How does an ordinary person with an ordinary income reach their seven-figure dreams? First they must own their own home - and do it David Bach's way. The financial coach who has helped millions to finish rich is back with a simple, powerful solution to get rich in real estate. As David says, "Renters stay poor, homeowners get rich, and smart landlords laugh all the way to the bank!" In his breakout 2004 bestseller, The Automatic Millionaire, David Bach showed why owning your own home is not only smart, it's the core secret to becoming a millionaire. In his new book, tailored for a Canadian readership, he shows exactly how to make that happen with a simple, automatic plan you can read in an hour and put into place today. Renters will learn how to buy a first home, even with lousy credit and tiny savings. And existing homeowners will find out how to turn the roof over their heads into a powerful investment that doubles, triples, and quadruples in price while you simply enjoy living in it. And while you don't have to be a landlord to finish rich, if you're willing to be, David teaches you how simple it really is to buy a rental property even while you're paying the mortgage on your home. The Automatic Millionaire Homeowner is brilliantly simple, easy to read, highly motivational with a realistic, take-action method for achieving financial prosperity in real estate, starting now. Bach offers time-tested tactics on all the essentials, including: \* Why you shouldn't wait: busting the myths of renting \* Finding a down payment right now using the Automatic Down Payment Solution(tm) \* Choosing the mortgage that is right for you - even with debt, even with imperfect credit \* The secret system for debt-free homeownership: why you must Make It Automatic! \* The Automatic Millionaire Right Place, Right Time, Right Price, Right Program(tm) for buying and selling \* Learn the Automatic Millionaire Mindset(tm) and collect "automatic cheques" while you sleep From the Hardcover edition.*

*"It's not that we're dumb. We're wired to avoid pain and pursue pleasure and security. It feels right to sell when everyone around us is scared and buy when everyone feels great. It may feel right-but it's not rational." -From The Behavior Gap Why do we lose money? It's easy to blame the economy or the financial markets-but the real trouble lies in the decisions we make. As a financial planner, Carl Richards grew frustrated watching people he cared about make the same mistakes over and over. They were letting emotion get in the way of smart financial decisions. He named this phenomenon-the distance between what we should do and what we actually do-"the behavior gap." Using simple drawings to explain the gap, he found that once people understood it, they started doing much better. Richards's way with words and images has attracted a loyal following to his blog posts for The New York Times, appearances on National Public Radio, and his columns and lectures. His book will teach you how to rethink all kinds of situations where your perfectly natural instincts (for safety or success) can cost you money and peace of mind. He'll help you to:*

- Avoid the tendency to buy high and sell low;*
- Avoid the pitfalls of generic financial advice;*
- Invest all of your assets-time and energy as well as savings-more wisely;*
- Quit spending money and time on things that don't matter;*
- Identify your real financial goals;*
- Start meaningful conversations about money;*
- Simplify your financial life;*
- Stop losing money! It's never too late to make a fresh financial start. As Richards writes: "We've all made mistakes, but now it's time to give yourself permission to review those mistakes, identify your personal behavior gaps, and make a plan to avoid*

For those who are ready, it's game on!

Priceless finance advice everyone can relate to from one of the world's most respected businessmen and the most successful investor of all time Of course you know who Warren Buffett is; he's the most successful investor in the world—maybe of all times. But what do you know about his approach to business and investing? It's an approach that, over the past four decades, has made him richest

man in America and the third-richest man in the world, and that has earned vast fortunes for his business partners and investors. But as Buffett himself will tell you, at the heart of any wealth-building system there are certain core beliefs, not just about finance, but about business, work, morality, your responsibility to yourself, your family and society, and about living a decent life. Written in conjunction with the hit television series, "Secret Millionaire Club" and with Buffett's input and full support, this book makes Buffett's financial philosophy and homespun life lessons available to everyone outside his "Secret Club." Warren Buffett's goal in spearheading this book was to share lessons about personal finance he has learned and that he hopes will benefit you (and your kids) for a lifetime. You'll learn the fundamentals of personal finance by reading Warren Buffett's war stories and personal reflections on money, life, business, ethics and more. All of the finance principles covered in the book were personally approved by Warren Buffett as those which he himself follows. Unforgettable Buffett quotes include: "Price is what you pay. Value is what you get"; "Risk comes from not knowing what you're doing"; and "Profit from folly rather than participate in it."

In a book that will forever change how you spend your hard earned money, America’s favorite financial coach, David Bach, shows you how to save thousands of dollars every year by taking on the “corporate machines.” In these times when every dollar counts, big businesses are using dishonest tricks to rip you off, making themselves billions while they keep you living paycheck to paycheck. David Bach knows that until you learn to fight for your money, you will overpay for almost everything you buy. In *Fight for Your Money*, he gives you the tools to FIGHT BACK and WIN. Bach shows you how every dollar you spend is really a battle between you and the businesses—and the government—who want to take it as profit. Automatic Wealth is full of wisdom and insight filtered by a master and brought to you in a well-written and delightful style." -John Mauldin, Editor of the bestselling book, Just One Thing: Twelve of the World's Best Investors Reveal the One Strategy You Can't Overlook "I am not usually a fan of this kind of book. One entitled Automatic Wealth made me suspicious. But I am a fan of Michael Masterson, and when I read the book, I was impressed. Masterson manages to go beyond the theory to tell you exactly how real people make real money in the real world. That, I think, is his genius. He's able to open his own eyes and see for himself what actually works. The result is original, clever, and very helpful to anyone who is serious about building wealth." -Bill Bonner, coauthor of Empire of Debt: The Rise of an Epic Financial Crisis "Michael Masterson has been a great friend of mine for over twenty years. I know for a fact that the strategy he teaches is the exact same strategy he has personally used to amass extraordinary wealth and prosperity for himself. He's reduced a normally daunting process down to six simple and unfailing steps YOU can absolutely use to vastly and rapidly increase your financial situation, often times doubling and redoubling your wealth every few years. This book will become your financial bible." -Jay Abraham, author of Getting Everything You Can Out of All You've Got: 21 Ways You Can Out-Think, Out-Perform, and Out-Earn the Competition "Michael Masterson's book is brilliant and concise, packed with breakthrough insights and unique wealth-building tips. Best of all, it's practical because it combines proven investment and financial planning advice with street-smart business and real estate secrets." -Robert Ringer, author of Action!, Looking Out for #1, and To Be or Not to Be Intimidated?

Is the financial plan of mediocrity -- a dream-stealing, soul-sucking dogma known as "The Slowlane" your plan for creating wealth? You know how it goes; it sounds a lil something like this: "Go to school, get a good job, save 10% of your paycheck, buy a used car, cancel the movie channels, quit drinking expensive Starbucks mocha lattes, save and penny-pinch your life away, trust your life-savings to the stock market, and one day, when you are oh, say, 65 years old, you can retire rich." The mainstream financial gurus have sold you blindly down the river to a great financial gamble: You've been hoodwinked to believe that wealth can be created by recklessly trusting in the uncontrollable and unpredictable markets: the housing market, the stock market, and the job market. This impotent financial gamble dubiously promises wealth in a wheelchair -- sacrifice your adult life for a financial plan that reaps dividends in the twilight of life. Accept the Slowlane as your blueprint for wealth and your financial future will blow carelessly asunder on a sailboat of HOPE: HOPE you can find a job and keep it, HOPE the stock market doesn't tank, HOPE the economy rebounds, HOPE, HOPE, and HOPE. Do you really want HOPE to be the centerpiece for your family's financial plan? Drive the Slowlane road and you will find your life deteriorate into a miserable exhibition about what you cannot do, versus what you can. For those who don't want a lifetime subscription to "settle-for-less" and a slight chance of elderly riches, there is an alternative; an expressway to extraordinary wealth that can burn a trail to financial independence faster than any road out there. Why jobs, 401(k)s, mutual funds, and 40-years of mindless frugality will never make you rich young. Why most entrepreneurs fail and how to immediately put the odds in your favor. The real law of wealth: Leverage this and wealth has no choice but to be magnetized to you. The leading cause of poorness: Change this and you change everything. How the rich really get rich - and no, it has nothing to do with a paycheck or a 401K match. Why the guru's grand deity - compound interest - is an impotent wealth accelerator. Why the guru myth of "do what you love" will most likely keep you poor, not rich. And 250+ more poverty busting distinctions... Demand the Fastlane, an alternative road-to-wealth; one that actually

OVER 250,000 COPIES IN PRINT, WITH A NEW CHAPTER ON THE 2018 TAX CUTS. There's a massive freight train bearing down on the average American investor, and it's coming in the form of higher taxes. The United States Government has made trillions of dollars in unfunded promises for programs like Social Security and Medicare—and the only way to deliver on these promises is to raise taxes. Some experts have even suggested that tax rates will need to double, just to keep our country solvent. Unfortunately, if you're like most Americans, you've saved the majority of your retirement assets in tax-deferred vehicles like 401(k)s and IRAs. If tax rates go up, how much of your hard-earned money will you really get to keep? In *The Power of Zero*, McKnight provides a concise, step-by-step roadmap on how to get to the 0% tax bracket by the time you retire, effectively eliminating tax rate risk from your retirement picture. Now, in this expanded edition, McKnight has updated the book with a new chapter on the 2017 Tax Cuts and Jobs Act, showing readers how to navigate the new tax law in its first year of being in effect, and how they can extend the life of their retirement savings by taking advantage of it now. The day of reckoning is fast approaching. Are you ready to do what it takes to experience the power of zero?
