

The Pigeon Has Feelings, Too!

Since the beginning of the nineteenth century folklorists, and the general public in their wake, have assumed the orality of fairy tales. Only lately have more and more specialists been arguing in favour of at least an interdependence between oral and printed distribution of stories. This book takes an extreme position in that debate: as far as Tales of magic is concerned, the initial transmission proceeded exclusively through prints. From a historical perspective, this is the only viable approach; the opposite assumption of a vast unrecorded and thus inaccessible reservoir of oral stories, presents a horror vacui. Only in the course of the nineteenth century, when folklorists started collecting in the field and asked their informants for fairy tales, was this particular genre incorporated into a then feeble oral tradition. Even then story tellers regularly reverted to printed texts. Every recorded fairy tale can be shown to be dependent on previous publications, or to be a new composition, constructed on the basis of fragments of stories already in existence. Tales of magic, tales in print traces the textual history of a number of fairy tale clusters, linking the findings of literary historians on the sixteenth to eighteenth centuries to the material collected by nineteenth- and twentieth-century field workers. While it places fairy tales as a genre firmly in a European context, it also follows particular stories in their dispersion over the rest of the world.

Spitting Into the Wind

The Pigeon Finds a Hot Dog!

Young readers first met the Pigeon, a beleaguered bird desperate for a shot behind the wheel of a bus, in 2003. Do Pigeon Drive the Bus! went on to sell millions of copies, receive a Caldecott Honor, and spawn additional picture book games, and even silly bands. But did you know the Pigeon was born many years earlier in the pages of a sketchbook Pigeonhole Me! Two Decades of the Mo Willems Sketchbook, readers are given a rare glimpse into the mind of the n York Times described as "The biggest new talent to emerge thus far in the '00s." Since he was a teenager, Mo has l

characters and scribbling ideas in the pages of sketchbooks. In the early 1990s, he started self-publishing collections of drawings, and The Mo Willems Sketchbook was created. What began as a calling card for his work has morphed over time from a form of therapy, to an opportunity to explore and experiment, to a gift for friends and loved ones. But these sketchbooks have always been (and continue to be) the well from which Mo draws ideas and inspiration. Featuring a foreword by Mo and an introduction by Mo, this volume includes all twenty sketchbooks from the last two decades. Don't Pigeonhole the author/illustrator at his most truthful, most experimental, most grown-up. Most Mo. Want to know where ideas come from? Look inside.

From personal loss to phantom diseases, The Empathy Exams is a bold and brilliant collection, winner of the Graywolf Press Nonfiction Prize A Publishers Weekly Top Ten Essay Collection of Spring 2014 Beginning with her experience as a medical actor who was paid to act out symptoms for medical students to diagnose, Leslie Jamison's visceral and revealing essays ask essential questions about our basic understanding of others: How should we care about each other? How can we feel another's pain, especially when pain can be assumed, distorted, or performed? Is empathy a tool by which to test or even grade each other? By confronting pain—real and imagined, her own and others'—Jamison uncovers a personal and cultural urgency to feel. She draws from her own experiences of illness and bodily injury to engage in an exploration that extends far beyond her life, spanning wide-ranging territory—from poverty tourism to phantom diseases, street violence to reality television, illness to incarceration—in its search for a kind of sight shaped by humility and grace.
