

Your Money Or Your Life , 9 Steps To Transforming Your Relationship With Money And Achieving Financial Independence: Revised And Updated For The 21st Century

Offers a nine-step program for living more meaningful lives, showing readers how to get out of debt, save money, reorder priorities, resolve inner conflicts, save the planet, and convert problems into opportunities. Reprint. 150,000 first printing. \$100,000 ad/promo.

As the host of Fox News Channel's *Your World with Neil Cavuto* and *Cavuto on Business*, Neil Cavuto reports on today's most influential business leaders and newsmakers. His great talent is to get beneath the issues, connecting people to the events that define them and changing the way that Americans think about their money. Ending each show with a provocative, insightful commentary, Cavuto stirs people to see the world in a new light, calling on them to think beyond the stories at hand and challenging people to reevaluate the world that they live in. In *Your Money or Your Life*, Cavuto compiles the best of these commentaries in one volume, creating a collection that is at once witty, thought-provoking, and inspiring. Covering a variety of topics—from remembering life before 9/11, to providing tips for empty nesters—Cavuto presents a wry yet evocative look at our world, one that speaks to the heart of the American condition. Spanning one of the most tumultuous decades in memory—from the wild and chaotic Clinton years through the sobering challenges of the War on Terror—Cavuto's words offer a window into our America at its best and its worst.

The author documents her efforts to eat food produced within 10 miles of her home in Puget Sound, Washington, exposing the cause-and-effect consequences of a processed-foods diet while sharing the stories of the farmers she befriended who epitomized the sustainable lifestyle, in an account complemented by recipes. (health & fitness).

Money. It's the solution to - and the cause of - so many of life's problems. But what matters is not how much of it you have; it's how you manage it. This book will help you do just that. Read about real-life financial dilemmas and be surprised and encouraged by the advice, suggestions and solutions. Mesila provides. From the practical details of how to shop and spend smart, to the deeper, crucial discussions of what it really means to have bitachon, this book covers a range of money-related topics, in an interesting way. The wisdom contained within, written with the religious Jewish community in mind, is sure to be different than any other financial material you've read. Whether you've got a constantly balanced budget or constantly growing debt, whether you live in the black or only see red, whether you're an expert on financial terms or you don't know what a budget is, you're sure to gain valuable insight from *Your Money and Your Life*. Everyone has the potential to be financially stable - and money isn't necessarily the key. Mesila can help you navigate the challenges along your journey to financial stability. Read *Your Money and Your Life* today... and get your money's worth.

9 Steps to Transforming Your Relationship with Money and Achieving Financial Independence
A Practical Guide to Managing and Improving Your Financial Life

Why We Must Abolish the Income Tax

Work Your Money, Not Your Life

A married couple tells how they used the nine-step program outlined in the best-seller, *Your Money or Your Life*, to gain more leisure time, reduce their spending, and reassess their values. 50,000 first printing. Tour.

Globalization brings growth? Think again. Debt--engineered by the IMF and World Bank--sucks countries dry.

The most popular question Alvin Hall is asked is 'Where does my money go?'. In this updated edition of his bestselling financial guide, Alvin helps everyone get their finances in order. Helping you to understand your money psychology, Alvin beats a clear pathway through the financial maze of mortgages, insurance and pensions, provides a practical understanding of credit card and interest rates, and advises how to set up balance sheets for budgeting personal finances. Here is the easy-to-follow advice for a brighter, sounder financial future.

Managing Your Personal Finance teaches you how to manage your money and savings. Keeping technical jargon to a minimum, the authors have articulated a wide range of topics on complex financial issues into simple and easy-to-understand ways for those keen on making their savings work for them from the beginning of their career to retirement. Follow young David's journey through a series of letters from his father as he learns how to manage his financial resources. You'll learn how to set financial goals, use financial tools, and how to plan for your future. The authors have made complex and difficult financial ideas easy to grasp and apply for the layman. There are many useful lessons to be learnt that might just answer some of your financial questions and spark your interest on how to begin handling your personal finance wisely.

Untangle Your Financial Woes and Create the Life You Really Want

Put Your Money Where Your Life Is

Your Money or Your Life

Your Blueprint to Financial Independence

Love Your Life Not Theirs

A Little Life

Get ready for a fundamentally different approach to personal finance. This program helps you transform your relationship with money—whether your goal is to get out of debt, become financially independent or align your financial decisions with your personal values. Your choice: this inexpensive workbook or a free PDF. First and foremost, the PDF version of this entire course is available for free on my website "financinglife-dot-org". (Amazon doesn't allow discrete web links, but you'll find it quickly there.) This paperback version exists for those who prefer a hardcopy to use as a workbook, or to give as a gift. This workbook is organized to be very personal. You need some time, a pencil, and a commitment to get full benefit of this course. You may print specific pages from the PDF version. A paperback version is available from Amazon.com, although we offer this primarily as a convenience if you prefer hardcopy, and so

that you can gift a pretty paperback version to a friend or family member on their birthday, holiday, or graduation. What you can expect from this program: The late Joe Dominguez, co-author of the bestseller *Your Money or Your Life*, spent a decade developing this program for himself. Nearly 40 years later, people's lives are still being enriched by the Financial Integrity Program he helped create. The program enables you to: Get out of debt Spend less Develop savings Learn to base your transactions (the getting, spending, investing and giving of your resources) on your own personal principles Achieve a degree of financial independence that allows you to spend your time doing what is fulfilling for you Rick Van Ness, author of *Why Bother With Bonds* recently expanded Steps 8 and 9 to reflect the time-proven wisdom that many call the common sense investing principles. These are also recognized as the Bogleheads Investment Philosophy, an endearing term honoring John C. Bogle, lifelong champion for ordinary investors. What's different about the 9-Step Financial Integrity Program? Many books and "step programs" on managing your money are available today. What most of these books have in common is that they assume your financial life functions separately from the rest of your life. The Financial Integrity Program is different. It is a 'whole systems' approach to your life. And it will take you back to basics—the basics of making your spending (and hopefully your saving and investing) of money into a clear mirror of your life values and purpose. The purpose of the Financial Integrity Program is not to sell you anything—a product, a guru, a lifestyle. You don't need any of those to achieve your goals. But you don't need to go it alone, either. By using this proven, comprehensive program of nine steps based on classic financial principles, you can get where you want to go faster than making them up yourself. And it's all free. Is this program what you need? Ask yourself these questions: Are you comfortable with the amount of money you have? Is it enough? Are you spending as much time with family and friends as you would like? Do you come home from your job feeling fulfilled? Do you have time to participate in things you believe are worthwhile? If you were laid off from your job, would you see it as a tragedy or an opportunity? Do you have enough savings to support you through six months of normal living expenses? When you think about your finances, do you feel peaceful and at ease? If you were to die in the next few years, would you be comfortable with your legacy or contribution to your family, your community, the world? Are all the aspects of your life - your job, your possessions, your relationships, your values - integrated? If you answered, 'no' to even one of these, then this 9-Step program can help.

Having a good relationship with money is tough—whether you have millions in the bank or just a few bucks to your name. Why? Because just like any other relationship, your life with money has its ups and downs, its twists and turns, its breakups and makeups. And just like other relationships, living happily with money really comes down to love—which is why love is the basis of money maven Kate Northrup's book. After taking the Money Love Quiz to see where on the spectrum your relationship with money stands—somewhere between "on the outs" and "it's true love!"—Northrup takes you on a rollicking ride to a better understanding of yourself and your money. Step-by-step exercises that address both the emotional and practical aspects of your financial life help you figure out your personal perceptions of money and wealth and how to change them for the better. You'll learn about thought patterns that may be holding you back from earning what you're worth or saving what you can. You'll learn how to chart your current financial life and create a plan to get you to where you want to be—whether that's earning enough to live in a penthouse in Manhattan or a cabin in the Rockies. Using client stories and her own saga of moving from \$20,000 of debt to complete financial freedom by the age of 28, Northrup acts as a guide in your quest for personal financial freedom. She'll teach you how to shift your beliefs about money, create a budget, spend in line with your values, get out of debt, and so much more. In short, she'll teach you to love your money, so you can love your life.

Your financial health is more than a mere collection of debits and credits on a balance sheet. In fact, the numbers on a financial statement represent a series of decisions that, if made strategically, can ensure that each of us maintains our desired standard of living at every age and stage of life. Many people think that key financial choices are too complicated to make on their own. However, with the right information and guidance, we can all secure our own financial future. *Your Money and Your Life* is more than your average guide to financial planning and retirement. Acclaimed author and speaker Robert Z. Aliber helps readers to make efficient and effective financial decisions at key moments throughout their lives, such as where to go to college; if and when to buy a home; how much insurance, if any, to buy; how to manage savings and retirement; when the time is right to approach a professional advisor; and how to proceed with estate planning. With an eye toward the issues that are most pressing in today's economy, Aliber clearly explains the sophisticated concepts that underpin everyday money management—with the goal of making this guide the go-to reference in your financial planning library, regardless of your age or wealth. Readers of this book will come away with the sense that Aliber is their own financial planner, offering strategies that will help to guide them toward security in the present and the future. *Your Money and Your Life* is filled with examples to which readers will be able to relate, as well as checklists of "actionables" to help make their plans realities. The author details how and why he retired, at age thirty-three, from a prestigious international accounting firm and presents, to those who do not want to spend the best years of their lives

working, a blueprint for early retirement

A Novel

Based on the Proven Principles and Techniques of Debtors Anonymous

Transform Your Relationship with Money

Your Money Or Your Life

A Practical Guide to Solving Your Financial Problems and Affording a Life You'll Love

Cashing in on the American Dream

A simple, proven-effective formula for freeing yourself from debt—and staying that way • Revised and updated, with a new Preface by the author “A must read for anyone wanting to get their head above water.” –The Wall Street Journal
THE CLASSIC GUIDE, REVISED WITH UP-TO-THE-MINUTE INFORMATION OUT OF THE RED • Do this month’s bills pile up before you’ve paid last month’s? • Do you regularly receive past-due notices? • Do you get letters threatening legal action if immediate payment is not made? • Do the total amounts of your revolving charge accounts keep rising?
INTO THE BLACK Whether you are currently in debt or fear you’re falling into debt, you are not alone. Sixty million Americans—from doctors to secretaries, from executives to the unemployed—face the same problem and live under the same daily stress. Based on the proven techniques of the national Debtors Anonymous program, here is the first complete, step-by-step guide to getting out of debt once and for all. You’ll learn • how to recognize the warning signs of serious debt • how to negotiate with angry creditors, collection agencies, and the IRS • how to design a realistic and painless payback schedule • how to identify your spending blind spots • how to cope with the anxiety and daily pressures of owing money • plus the three cardinal rules for staying out of debt forever, and much more! This book is neither sponsored nor endorsed by Debtors Anonymous. A recovered debtor, the author is intimately familiar with the success of the Debtors Anonymous program.

Beloved actress, Food Network personality, and New York Times bestselling author Valerie Bertinelli reflects on life at sixty and beyond. Behind the curtain of her happy on-screen persona, Valerie Bertinelli’s life has been no easy ride, especially when it comes to her own self-image and self-worth. She waged a war against herself for years, learning to equate her value to her appearance as a child star on *One Day at a Time* and punishing herself in order to fit into the unachievable Hollywood mold. She struggled to make her marriage to Eddie Van Halen – the true love of her life – work, despite all the rifts the rock-star lifestyle created between them. She then watched her son follow in his father’s footsteps, right up onto the stage of Van Halen concerts, and begin his own music career. And like so many women, she cared for her parents as their health declined and saw the roles of parent and child reverse. Through mourning the loss of her parents, discovering more about her family’s past, and realizing how short life really is when she and her son lost Eddie, Valerie finally said, “Enough already!” to a lifelong battle with the scale and found a new path forward to joy and connection. Despite hardships and the pressures of the media industry to be something she’s not, Valerie is, at last, accepting herself: she knows who she is, has discovered her self-worth, and has learned how to prioritize her health and happiness over her weight. With an intimate look into her insecurities, heartbreaks, losses, triumphs, and revelations, *Enough Already* is the story of Valerie’s sometimes humorous, sometimes raw, but always honest journey to love herself and find joy in the everyday, in family, and in the food and memories we share. “This thoughtful, bighearted book is sure to be a hit with Bertinelli fans and those with an appetite for stories of hard-won self-acceptance. A warmly intimate memoir.” – Kirkus Reviews “In a series of brutally frank essays, Bertinelli looks back on the emotional struggles and triumphs of her life. By turns raw and inspiring, this contains a little bit of wisdom for everyone.” – Publishers Weekly
Discusses medieval economic thought, centering on the belief that usury was immoral and unnatural

Now available for Pre-Order! A common resolution set at the beginning of a new year is to "get my financial house in order." But how can you build a house, let alone pour any kind of foundation, without a blueprint? There are dozens of books and gurus trying to push their advice and tell you how to spend and invest your money. And then, there are three suburban dads just trying to make the world a little bit better. Meet Brad Barrett and Jonathan Mendonsa of the award-winning ChooseFI podcast and Chris Mamula of the popular blog "Can I Retire Yet?". They have walked the talk and now want to share their knowledge with you. Together, these three regular guys will show you how they did something extraordinary. They are all financially independent and doing meaningful work that fulfills them. All three left their corporate 9 to 5 jobs and are reaping the benefits of extra time with their families. Mirroring the format of the popular ChooseFI podcast, this book pulls from the collective knowledge of those who have decided to build a lifestyle around their passions instead of allowing their finances to dictate their future. These stories demonstrate universal principles, giving you the opportunity to pick the elements that are the most applicable to your financial situation and "choose your own adventure." The book covers a wide range of topics that will help you build a strong financial foundation: Developing a growth mindset Defining your values and aligning them with your spending Cutting years from your estimated retirement date Questioning the status quo on "required expenses" Cutting travel expenses and putting family vacations within your reach Learning how to earn more and live with abundance Updating the commonly accepted wisdom on college education and the debt associated with it Cutting through the noise on investing to discover strategies that work Showing how to implement investment strategies that enable the lifestyle you desire while controlling downside risk FI or Financial Independence is the new debt-free and getting back to 0 is just the beginning of a wonderful journey. Whether you have mountains of debt now or are recently debt free and wondering what to do next, Choose FI: Your Blueprint to Financial Independence will give you the information to guide your next move.

Managing Your Personal Finance: From Start Of Career To Retirement And More

Learning to Love the Way I Am Today

Economy and Religion in the Middle Ages

Strong Medicine for America's Health Care System

Bestselling author and UK television star Alvin Hall demystifies the principles of personal money management, helping readers control their finances so they can move from confusion—about credit, debt, investments, and retirement—to clarity. Americans are finding themselves in tough situations in the midst of today's volatile financial climate and more than ever need good guidance and discipline. In *Your Money or Your Life*, financial guru Alvin Hall shows how taking charge of money reduces stress in all aspects of life—work, day-to-day living, and relationships—and it's never too late to start monitoring this crucial area of life and working towards achieving long-term financial goals. One of the keys to achieving financial success is to first learn how to distinguish between “wants” and “needs.” Hall instructs and empowers readers to create a budget that allots for life necessities and material desires. But he also warns readers to get to the emotional root of what causes them to “want” certain things and reconsider their desires carefully. Most importantly, Hall teaches readers how to recognize and manage their personal spending styles, how to find painless ways to save money, how to understand the real cost of credit card debt, how to pick the best mortgage package for them, how to plan for retirement, and how to evaluate insurance offers. With *Your Money or Your Life*, Alvin Hall provides sound financial advice that enables readers to make confident decisions and attain financial security.

"A startling new philosophy and practical guide to getting the most out of your money—and out of life—for those who value memorable experiences as much as their earnings" --

The autobiography of Paramahansa Yogananda (1893 - 1952) details his search for a guru, during which he encountered many spiritual leaders and world-renowned scientists. When it was published in 1946 it was the first introduction of many westerners to yoga and meditation. The famous opera singer Amelita Galli-Curci said about the book: "Amazing, true stories of saints and masters of India, blended with priceless superphysical information—much needed to balance the Western material efficiency with Eastern spiritual efficiency—come from the vigorous pen of Paramahansa Yogananda, whose teachings my husband and myself have had the pleasure of studying for twenty years."

From the founder and superstar CEO of DailyWorth.com, the go-to financial site for women with more than one million subscribers, comes a fresh book that shows women how to view money as a source of personal power and freedom—and live life on their own terms. Millions of women want to create financial stability and abundance in their lives, but they don't know how. They are stuck in overwhelming confusion and guilt, driven by internalized “money stories” that have nothing to do with what is really possible. As the founder of DailyWorth.com, a financial media and education platform, Amanda Steinberg encounters these smart, ambitious women every day. With this book, she helps them face their financial situations head on and wake up to the prosperity that awaits them. *Worth It* outlines the essential financial information women need—and everything the institutions and advisors don't spell out. Steinberg gets to the bottom of why women are stressed and anxious when it comes to their finances and teaches them to stay away from strict budgeting and other harsh austerity practices. Instead, she makes money relatable, while sharing strategies she uses herself to build confidence and ease in her own financial life. Through her first-hand experiences and the stories from other women who've woken up, Steinberg's powerful and encouraging advice can help women of any age and income view money as a source of freedom and independence—and create bright financial futures.

The Tyranny of Global Finance

An exploration of our relationship with food and eating locally—from the bestselling author of *Your Money or Your Life* Taking the local food movement to heart, Vicki Robin pledged for one month to eat only food sourced within a ten-mile radius of her home on Whidbey Island in Puget Sound, Washington. Like Barbara Kingsolver's *Animal, Vegetable, Miracle* and the bestselling books of Michael Pollan, *Blessing the Hands That Feed Us* is part personal narrative and part global manifesto. Robin's challenge for a sustainable diet not only brings to light society's unhealthy dependence on mass-produced, prepackaged foods but also helps her reconnect with her body, her community, and her environment. Featuring recipes throughout, along with practical tips on adopting your own locally-sourced diet, this is a candid, humorous, and inspirational guide to the locavore movement and a healthy food future.

From two leaders of the FIRE (Financial Independence, Retire Early) movement, a bold, contrarian guide to retiring at any age, with a reproducible formula to financial independence A bull**-free guide to growing your wealth, retiring early, and living life on your own terms Kristy Shen retired with a million dollars at the age of thirty-one, and she did it without hitting a home run on the stock market, starting the next Snapchat in her garage, or investing in hot real estate. Learn how to cut down on spending without decreasing your quality of life, build a million-dollar portfolio, fortify your investments to survive bear markets and black-swan events, and use the 4 percent rule and the Yield Shield--so you can quit the rat race forever. Not everyone can become an entrepreneur or a real estate baron; the rest of us need Shen's mathematically proven approach to retire decades before sixty-five.**

Publisher Description

“As so many Americans feel powerless to confront a financial system designed to serve the few, Shuman offers us real choices: tools that align our lives with our values. That's power. I love this highly readable, timely, surprising book.” —Frances Moore Lappé, author of *Daring Democracy* and *Diet for a Small Planet* Americans agree on very little these days, but red state conservatives and blue state progressives can agree on one critical point: Wall Street can no longer be trusted. Yet most of us continue to invest our money in the stocks and bonds of Fortune 500 companies, transferring our capital far from where we live and work. Local investing expert Michael Shuman offers another alternative. He shows how we can use two well-established—but rarely used—investment tools to keep our money close and get a return as good as or better than what we'd get investing in

distant, indifferent corporations. Shuman explains the nuts and bolts of self-directed IRAs and solo 401(k)s and how they can be combined with other recently legalized local investing tools. He details how to set these accounts up, identify and evaluate a whole range of local investment opportunities, and make sure account holders stay on the right side of the law. While the book is written for people without a lot of investment experience—Shuman explains concepts like “liquidity” and “diversification” in simple terms—even if you’re as experienced as Warren Buffett, this book will make you rethink everything you know about investing. With Shuman’s expert advice, you can strengthen your investment portfolio and your community, neighborhoods, and schools at the same time!

How to Get Out of Debt, Stay Out of Debt, and Live Prosperously*

Blessing the Hands That Feed Us

9 Steps to Transforming Your Relationship with Money and Achieving Financial Independence: Fully Revised and Updated for 2018

*What if a happier life was only a few simple choices away? A successful entrepreneur living in Southern California, Scott Rieckens had built a “dream life”: a happy marriage, a two-year-old daughter, a membership to a boat club, and a BMW in the driveway. But underneath the surface, Scott was creatively stifled, depressed, and overworked trying to help pay for his family’s beach-town lifestyle. Then one day, Scott listened to a podcast interview that changed everything. Five months later, he had quit his job, convinced his family to leave their home, and cut their expenses in half. Follow Scott and his family as they devote everything to FIRE (financial independence retire early), a subculture obsessed with maximizing wealth and happiness. Filled with inspiring case studies and powerful advice, *Playing with FIRE* is one family’s journey to acquire the one thing that money can’t buy: a simpler — and happier — life. Based on the documentary*

*The International Bestseller "This book blew my mind. More importantly, it made financial independence seem achievable. I read Financial Freedom three times, cover-to-cover." —Lifhacker Money is unlimited. Time is not. Become financially independent as fast as possible. In 2010, 24-year old Grant Sabatier woke up to find he had \$2.26 in his bank account. Five years later, he had a net worth of over \$1.25 million, and CNBC began calling him "the Millennial Millionaire." By age 30, he had reached financial independence. Along the way he uncovered that most of the accepted wisdom about money, work, and retirement is either incorrect, incomplete, or so old-school it's obsolete. Financial Freedom is a step-by-step path to make more money in less time, so you have more time for the things you love. It challenges the accepted narrative of spending decades working a traditional 9 to 5 job, pinching pennies, and finally earning the right to retirement at age 65, and instead offers readers an alternative: forget everything you've ever learned about money so that you can actually live the life you want. Sabatier offers surprising, counter-intuitive advice on topics such as how to: * Create profitable side hustles that you can turn into passive income streams or full-time businesses * Save money without giving up what makes you happy * Negotiate more out of your employer than you thought possible * Travel the world for less * Live for free--or better yet, make money on your living situation * Create a simple, money-making portfolio that only needs minor adjustments * Think creatively--there are so many ways to make money, but we don't see them. But most importantly, Sabatier highlights that, while one's ability to make money is limitless, one's time is not. There's also a limit to how much you can save, but not to how much money you can make. No one should spend precious years working at a job they dislike or worrying about how to make ends meet. Perhaps the biggest surprise: You need less money to "retire" at age 30 than you do at age 65. Financial Freedom is not merely a laundry list of advice to follow to get rich quick--it's a practical roadmap to living life on one's own terms, as soon as possible.*

In Love Your Life, Not Theirs, Rachel Cruze shines a spotlight on the most damaging money habit we have: comparing ourselves to others. Then she unpacks seven essential money habits for living the life we really want--a life in line with our values, where we can afford the things we want to buy without being buried under debt, stress, and worry. The Joneses are broke. Life looks good, but hidden beneath that glossy exterior are credit card bills, student loans, car payments, and an out-of-control mortgage. Their money situation is a mess, and they're trying to live a life they simply can't afford. So why exactly do we try so hard to keep up with the Joneses? Are we really living the lives we want, or are we chasing someone else's dream, just trying to keep up appearances on social media, at church, and in our community? Why are we letting other people set the pace for our own family's finances? In Love Your Life, Not Theirs, Rachel shows you how to buy and do the things that are important to you--the right way. That starts by choosing to quit the comparisons, reframing the way you think about money, and developing new habits like avoiding debt, living on a plan, watching your spending, saving for the future, having healthy conversations about money, and giving. These habits work, and Rachel is living proof. Now, she wants to empower you to live the life you've always dreamed of without creating the debt, stress, and worry that are all too often part of the deal. Social media isn't real life, and trying to keep up with the Joneses will never get you anywhere. It's time to live--and love--your life, not theirs. "I've never read a book about money that takes this approach--and that's a good thing! Comparison has a way of weaving itself throughout all aspects of our lives, including our money. In Love Your Life, Not Theirs, Rachel Cruze outlines the seven money habits that really matter--and they have nothing to do with keeping up with the Joneses!" Candace Cameron-Bure Actress, author, and co-host of The View "Love Your Life, Not Theirs is full of the kind of practical, straightforward advice we've come to expect from Rachel Cruze. She offers guidance on paying down debt, smart saving, and the right way to talk to your spouse about money. These indispensable tips can help with day-to-day spending decisions and put you on a path to establishing healthy financial habits." Susan Spencer Editor-in-Chief for Woman's Day "Cruze's self-deprecating and honest voice is a great resource for anyone wanting to take charge of their money. With humor and approachability, she helps her readers set themselves up for success and happiness, no matter what current financial state they may be in." Kimberly Williams-Paisley New York Times best-selling author of Where the Light Gets In "In today's world of social media, the temptation to play the comparison game is stronger than ever. Love Your Life, Not Theirs is the perfect reminder that, when it comes to money, comparison is a game you can't win. A terrific--and much needed--read." Jean Chatzky Financial Editor, NBC TODAY and Host of HerMoney with Jean Chatzky Podcast

SUMMARY - Your Money Or Your Life: 9 Steps To Transforming Your Relationship With Money And Achieving Financial Independence By Vicki Robin

Joe Dominguez And Mr. Money Mustache

Enough Already

Lessons from a 10-Mile Diet

The income tax wasn't integral to anything the Founders of this country had in mind and it wasn't integral to anything they designed. Your Money or Your Life: Why We Must Abolish the Income Tax shows where the income tax and the IRS came from, and recounts not only how they came to be but why. What makes Richman's analysis different is that he shows that the special evils of the IRS and income tax are not accidental, something that can be eliminated just by putting the right people in charge or by offering a few reforms here and there. They are intrinsic to the purpose for which the IRS and the income tax exist. And that's why Richman proposes that the whole thing just be repealed. This book shows how the income tax makes you poorer. Reading Richman's discussion of it will make you richer.

* Our summary is short, simple and pragmatic. It allows you to have the essential ideas of a big book in less than 30 minutes. By reading this summary you will learn how to become financially independent and no longer depend on your work for a living. You will also learn how to : spend less money and enjoy life more; save more money than you ever did before; have more time for the things that really matter; reduce your stress; retire early. Money, because of its importance in life, takes up most of everyone's time, thoughts and energy. Yet few people find the same satisfaction in their work. On the contrary, too many people go to work only to earn money, gritting their teeth more or less, year after year, and living only for weekends and vacations. In doing so, they gradually sacrifice their lives for money without even realizing it. But this situation is not inevitable. There are simple ways of rediscovering one's freedom and freeing oneself from its chains. Becoming financially independent is one of these means. It is also a prerequisite for a life in which you can finally do what you want. Are you ready to find out how? *Buy now the summary of this book for the modest price of a cup of coffee!

What if you were told that money was the key to building a free life? Money may not be the answer to achieving lasting happiness, but it can certainly bring you one step closer.

NATIONAL BESTSELLER • A stunning “portrait of the enduring grace of friendship” (NPR) about the families we are born into, and those that we make for ourselves. A masterful depiction of love in the twenty-first century. A NATIONAL BOOK AWARD FINALIST • A MAN BOOKER PRIZE FINALIST • WINNER OF THE KIRKUS PRIZE A Little Life follows four college classmates—broke, adrift, and buoyed only by their friendship and ambition—as they move to New York in search of fame and fortune. While their relationships, which are tinged by addiction, success, and pride, deepen over the decades, the men are held together by their devotion to the brilliant, enigmatic Jude, a man scarred by an unspeakable childhood trauma. A hymn to brotherly bonds and a masterful depiction of love in the twenty-first century, Hanya Yanagihara’s stunning novel is about the families we are born into, and those that we make for ourselves. Look for Hanya Yanagihara’s new novel, To Paradise, coming in January 2022.

Your all-in-one guide to getting your career and finances in order – for greater clarity, happiness, and peace of mind. Studies show that if you're like the majority of young professionals, you feel dissatisfied with your job, your finances, or your overall station in life. It can seem impossible to disentangle the work stuff, the money stuff, and the personal stuff, because they're all inextricably linked. But the good news is, you don't have to go at it alone: *Work Your Money, Not Your Life* is your all-in-one guide to achieving both your career and financial goals so that you can get where you want to be. In his debut book, Roger Ma, an award-winning financial planner and a publisher strategist at Google, offers secrets on how you can craft a meaningful career, gain financial comfort, and achieve a greater sense of purpose. And the premise behind it all is this: money affects every part of our lives. Simply by sorting out your personal finances (and it isn't as bad as it sounds!), you can build a foundation from which you'll be able to find the right career path, visualize your desired lifestyle, and turn your dreams into a reality. You'll learn how to: Relieve yourself of the work, money, and personal stressors that keep you up at night Dispel the job myths that are preventing you from a more rewarding career Apply the fundamentals of personal finance to your unique situation, without all the confusing jargon Prioritize and balance your career and money needs through exercises and easy-to-use templates, launching yourself on the path to the life satisfaction you desire When the life you're living and the life you want to live don't match up, everything feels off balance. Where do you begin trying to connect the dots? Start with this book. Through accessible, practical advice, you'll learn the career and financial strategies you need to live the life you deserve.

A fully revised edition of one of the most influential books ever written on personal finance with more than a million copies sold “The best book on money. Period.” –Grant Sabatier, founder of “Millennial Money,” on CNBC Make It “This is a wonderful book. It can really change your life.” –Oprah For more than twenty-five years, *Your Money or Your Life* has been considered the go-to book for taking back your life by changing your relationship with money. Hundreds of thousands of people have followed this nine-step program, learning to live more deliberately and meaningfully with Vicki Robin’s guidance. This fully revised and updated edition with a foreword by “the Frugal Guru” (New Yorker) Mr. Money Mustache is the ultimate makeover of this bestselling classic, ensuring that its time-tested wisdom applies to people of all ages and covers modern topics like investing in index funds, managing revenue streams like side hustles and freelancing, tracking your finances online, and having difficult conversations about money. Whether you’re just beginning your financial life or heading towards retirement, this book will show you how to: • Get out of debt and develop savings • Save money through mindfulness and good habits, rather than strict budgeting • Declutter your life and live well for less • Invest your savings and begin creating wealth • Save the planet while saving money • ...and so much more! “The seminal guide to the new morality of personal money management.” –Los Angeles Times
