Divided Nation: Cultures in Chaos & A Conflicted Church provides families and their churches biblical mandates to awaken and arise as influencers in today's turbulent times. As Christian persecution increases, the Body of Christ needs to prepare to take a bold stand. Ken Ham, CEO and founder of Answers in Genesis-US, the highly acclaimed Creation Museum, and the world-renowned Ark Encounter, sounds the call for Reformation bringing God's people back to the authority of the Word of God beginning in Genesis. Can the church regain a position of influence among this generation of "truth seekers" who reject God and His Word? To combat today's chaotic culture and the conflicted church, Ham addresses five specific issues: There is no neutral position There is no non-religious position There are ultimately only two religions Creation apologetics How to think foundationally to develop a truly Christian worldview Make a stand for the soul of this generation. Divided Nation shines an empowering light on the struggle of the church to retain young believers. Glean from it the issues that must be addressed and find clarity amid the chaos of the culturally conflicted church. "Divided Nation is an excellent call to Christians, pastors and thinkers alike to return to the supreme authority of God's Word and the God of all truth." Jack Hibbs – Calvary Chapel: Chino Hills, CA

This book deals with professional creationist and anti-creationist organizations in America, and describes how the "conflict between science and religion" is the result of the interaction between these two groups. It retraces their history from the 1960s onwards, and identifies crucial turning points that led to new forms of creationism and anti-creationism. It explains their strategies, labels and arguments as effects of this history and structure. Taking a field theoretical approach, the book avoids problems of prior creationism research, making it possible to identify the mechanisms through which creationism generates new strategies, arguments, and media output. The field model is used as an interpretive tool to make sense of some of the most important creationist and anti-creationist publications and media statements.

The pervasive influence of unbelievers is a force that demands an answer from the body of Christ. Scoffers: Responding to Those Who Deliberately Overlook Creation and the Flood offers a strong defense for biblical authority equipping

believers to stand firm, preach the truth, and make disciples. "The reality of the biblical account of the Flood is that it is a horrifying account of judgment but also one of glorifying redemption." The scoffers of Peter's day were very much

like modern-day skeptics in that they deliberately overlook the facts of biblical history. The cost of their unbelief is catastrophic even within the Christian church. Author Simon Turpin, the executive director of Answers in Genesis in the

U.K., prepares us to confidently counter the philosophical bias of scoffers by: Revealing how the Gospel of salvation can only be understood in light of the Genesis account of a six-day creation and the global Flood. Providing an in-depth

analysis of 2 Peter 3 to defend the biblical account of Creation against the false notions propagated by scoffers. Presenting a strong defense for the coming of Christ and Christianity for those who have rejected the truths found in Genesis 1

- 11. Scoffers gives today's Christian families and leaders a strong defense for the authority of God's Word helping the Church to "withstand in the evil day, and having done all, to stand" Ephesians 6:13.

Preaching to Convert

The Door of Salvation

The Lutheran Lens

A Journey Through Scriptures for Seekers and New Believers

Preaching to Convert offers an intriguing new perspective on the outreach strategies of U.S. evangelicals, framing them as examples of activist performance, broadly defined as acts performed before an audience in the hopes of changing hearts and minds. Most writing about activist performance has focused on left-progressive causes, events, and actors. Preaching to Convert argues against such a constricted view of activism and for a more nuanced understanding of U.S.

evangelicalism as a movement defined by its desire to win converts and spread the gospel. The book positions evangelicals as a diverse, complicated group confronting the loss of conservative Christianity's default status in 21st-century U.S. culture. In the face of an increasingly secular age, evangelicals have been reassessing models of outreach. In acts like handing out Bible tracts to strangers on the street or going door-to-door with a Bible in hand, in elaborately staged horror-themed morality plays or multimillion-dollar creationist discovery centers, in megachurch services beamed to dozens of satellite campuses, and in controversial "ex-gay" ministries striving to return gays and lesbians to the straight and narrow, evangelicals are redefining what it means to be deeply committed in a pluralist world. The book's engaging style and careful argumentation make it accessible and appealing to scholars and students across a range of fields.

The perfect starting point for any believer to begin a powerful journey through the Bible! No one would argue that the Bible is a large, and sometimes confusing, book! Comprised of 66 different volumes, 39 books of the Old Testament and 27 books in the New Testament, it seems to be a complex assortment of history, laws, prophecy, and wisdom literature. With insights from Genesis 1-11 (the foundation), Exodus 20:1-17 (the Ten Commandments), John (the Gospel), Romans (a letter from Paul to Christians), and Revelation 21-22 (the fulfillment in heaven), Begin presents a foundational overview that you can build your Bible study around. Get excited about God's Word and find yourself wanting to know more each day!

Readers will gain even more appreciation for their Bible when they see how God directed its development, from the original authors through today's translations. How Did We Get the Bible? provides an easy-to-read historical overview, covering the Holy Spirit's inspiration of the writers, the preservation of the documents, the compilation of the canon, and the efforts to bring the Bible to people in their own language. This fascinating story, populated by intriguing characters, will encourage readers with God's faithfulness—to His own Word, and to those of us who read it. It's a fantastic, value-priced resource for individuals and ministries!

It's tempting to see these paradoxes as either-or statements-one must be true and the other must be false. End of story. Case closed. But the paradoxes in the Word of God are different. They are both-and statements, at once seeming wholly and completely true. As Christians, we live in this tension, embracing that two sides of the same coin can be true at the same time. We live in what is visible and invisible. We have the old man and the new man. We speak to those of an exclusive gospel we are citizens of both church and state. We live in the now and the not yet. We speak a word that is both law and gospel. Faith That Sees through the Culture provides lenses to evaluate and bring clarity to these paradoxes aligned, and coordinated, open whole new vistas for faith to see more clearly and be lived out more effectively in our culture. Discover how many evangelical leaders, willingly or unwittingly, are undermining the authority of God's Word by compromising the Bible in Genesis Learn how allowing for an old/universe of billions of years unlocks a door of compromise Heed the wake-up call to the Church to return to the authority of God's Word, beginning in Genesis. Today, most Bible colleges, seminaries, K-12 Christian schools, and now even parts of the homeschool movement do not accept the first eleven chapters of Genesis as literal history. They try to fit the supposed billions of years into Genesis, and some teach evolution as fact. Our churches are largely following suit. Ken Ham, international speaker and author on biblical authority, examines how compromise starting in Genesis, particularly in regard to the six days of creation and the earth's age, have filtered down from the Bible colleges and seminaries to pastors—and finally to parents and their children. This erosive legacy is seen in generations of young people leaving the Church—2/3 of them. Get the facts, discover God's truth, and help bring a new reformation to the Church by helping to call it back to the authority of God's Word.
