"Horn Book (starred review) Sixteen-year-old Starr Carter moves between two worlds: the poor neighborhood where she lives and the fancy suburban prep school she attends. The uneasy balance between these worlds is shattered when Starr witnesses the fatal shooting of her childhood best friend Khalil at the hands of a police officer. Khalil was unarmed. Soon afterward, his death is a national headline. Some are calling him a thug, maybe even a drug dealer and a gangbanger. Protesters are taking to the streets in Khalil's name. Some cops and the local drug lord try to intimidate Starr and her family. What everyone wants to know is: what really went down that night? And the only person alive who can answer that is Starr. But what Starr does—or does not—say could upend her community. It could also endanger her life. Want more of Garden Heights? Catch Maverick and Seven's story in Concrete Rose, Angie Thomas's powerful prequel to The Hate U Give.

The American-born author describes her family’s experiences and impressions when they were forced to relocate to a camp for the Japanese in Owens Valley, California, called Manzanar, during World War II, detailing how she, among others, survived in a place of oppression, confusion, and humiliation. Reissue.

A coming-of-age classic about two Jewish boys growing up in Brooklyn in the 1940s, this is profound and universal (The Wall Street Journal) story of faith, family, tradition, and assimilation remains deeply pertinent today. "Works of this caliber should be occasion for singing in the streets and shouting from the rooftops." "Chicago Tribune It's the spring of 1944 and fifteen-year-olds Reuven Malter and Danny Saunders have lived five blocks apart all their lives. But they've never met, not until the day an accident at a softball game sparks an unlikely friendship. Soon these two boys—one expected to become a Hasidic rebbe, the other at ease with secular America—are drawn into one another's worlds despite a father's strong opposition. Set against the backdrop of World War II and the creation of the state of Israel, The Chosen is a poignant novel about transformation and tradition, growing up and growing wise, and finding yourself—even if it might mean disappointing those you love.

Left alone to guard the family's wilderness home in eighteenth-century Maine, a boy is hard-pressed to survive until local Indians teach him their skills.

The Atlanta Compromise was an address by African-American leader Booker T. Washington on September 18, 1895. Given to a predominantly White audience at the Cotton States and International Exposition in Atlanta, Georgia, the speech has been recognized as one of the most important and influential speeches in American history. The compromise was announced at the Atlanta Exposition Speech. The primary architect of the compromise, on behalf of the African-Americans, was Booker T. Washington, president of the Tuskegee Institute. Supporters of Washington and the Atlanta compromise were termed the "Tuskegee Machine." The agreement was never written down. Essential elements of the agreement were that blacks would not ask for the right to vote, they would not retaliate against racist behavior, they would tolerate segregation and discrimination, that they would receive free basic education, education would be limited to vocational or industrial training (for instance as teachers or nurses), liberal arts education would be prohibited (for instance, college education in the classics, humanities, art, or literature). After the turn of the 20th century, other black leaders, most notably W. E. B. Du Bois and William Monroe Trotter - (a group Du Bois would call The Talented Tenth), took issue with the compromise, instead believing that African-Americans should engage in a struggle for civil rights. W. E. B. Du Bois coined the term "Atlanta Compromise" to denote the agreement. The term "accommodationism" is also used to denote the essence of the Atlanta compromise. After Washington's death in 1915, supporters of the Atlanta compromise gradually shifted their support to civil rights activism, until the modern Civil rights movement commenced in the 1950s. Booker Tallaferro Washington (April 5, 1856 - November 14, 1915) was an African-American educator, author, orator, and advisor to presidents of the United States. Between 1890 and 1915, Washington was the dominant leader in the African-American community. Washington was of the last generation of black American leaders born into slavery and became the leading voice of the former slaves and their descendants, who were newly oppressed by disfranchisement and the Jim Crow discriminatory laws enacted in the post-Reconstruction Southern states in the late 19th and early 20th centuries. In 1895 his Atlanta compromise called for avoiding confrontation over segregation and instead putting more reliance on long-term educational and economic advancement in the black community.

Ways of the World with Sources for AP, Second Edition*

This hugely influential work marked a turning point in US history and culture, arguing that the nation’s expansion into the Great West was directly linked to its unique spirit: a rugged individualism forged at the juncture between civilization and wilderness, which – for better or worse – lies at the heart of American identity today. Throughout history, some books have changed the world. They have transformed the way we see ourselves – and each other. They have inspired debate, dissent, war and revolution. They have enlightened, outraged, provoked and comforted. They have enriched lives – and destroyed them. Now Penguin brings you the works of the great thinkers, pioneers, radicals and visionaries whose ideas shook civilization and helped make us who we are.

A Finalist for the Pulitzer Prize and Winner of the Bancroft Prize. "No one has written a better book about a city.Nature's Metropolis is elegant testimony to the proposition that economic, urban, environmental, and business history can be as graceful, powerful, and fascinating as a novel." –Kenneth T. Jackson, Boston Globe

Leviathan or The Matter, Forme and Power of a Common-Wealth Ecclesiastical and Civil is a book written by an English materialist philosopher Thomas Hobbes about problems of the state existence and development. Leviathan is a name of a Bible monster, a symbol of nature powers that belittles a man. Hobbes uses this character to describe a powerful state ("God of the death"). He starts with a postulate about a natural human state ("the war of all against all") and develops the idea “man is a wolf to a man”. When people stay for a long time in the position of an inevitable extermination they give a part of their natural rights, for the sake of their lives and general peace, according to an unspoken agreement to someone who is obliged to maintain a free usage of the rest of their rights – to the state. The state, a union of people, where the will of a single one (the state) is compulsory for everybody, has a task to regulate the relations between all the people. The book was banned several times in England and Russia.

Matt is six years old when he discovers that he is different from other children and other people. To most, Matt isn't considered a boy at all, but a beast, dirty and disgusting. But to El Patron, lord of a country called Opium, Matt is the guarantee of eternal life. El Patron loves Matt as he loves himself – for Matt is himself. They share the exact same DNA. As Matt struggles to understand his existence and what that existence truly means, he is threatened by a host of sinister and manipulating characters, from El Patron's power-hungry family to the brain-deadened eejits and mindless slaves that toil Opium's poppy fields. Surrounded by a dangerous army of bodyguards, escape is the only chance Matt has to survive. But even escape is no guarantee of freedom.. because Matt is marked by his difference in ways that he doesn't even suspect.

#1 NEW YORK TIMES BESTSELLER • A dramatic expansion of a groundbreaking work of journalism, The 1619 Project: A New Origin Story offers a profoundly revealing vision of the American past and present. ONE OF THE BEST BOOKS OF THE YEAR: The Washington Post, NPR, Esquire, Marie Claire, Electric Lit, Ms. magazine, Kirkus Reviews, Booklist In late August 1619, a ship arrived in the British colony of Virginia bearing a cargo of twenty to thirty enslaved people from Africa. Their arrival led to the barbaric and unprecedented system of American chattel slavery that would last for the next 250 years. This is sometimes referred to as the country’s original sin, but it is more than that: It is the source of so much that still defines the United States. The New York Times Magazine’s award-winning “1619 Project” issue reframed our understanding of American history by placing slavery and its continuing legacy at the center of our national narrative. This new book substantially expands on that work, weaving together eighteen essays that explore the legacy of slavery in present-day America with thirty-six poems and works of fiction that illuminate key moments of oppression, struggle, and resistance. The essays show how the inheritance of 1619 reaches into every part of contemporary American society, from politics, music, diet, traffic, and citizenship to capitalism, religion, and our democracy itself. This is a book that speaks directly to our current moment, contextualizing the systems of race and caste within which we operate today. It reveals long-glossed-over truths around our nation’s founding and construction—and the way that the legacy of slavery did not end with emancipation, but continues to shape contemporary American life. Their Eyes Were Watching God is a 1937 novel by African-American writer Zora Neale Hurston. It is considered a classic of the Harlem Renaissance of the 1920s, and it is likely Hurston's best known work.

Comparisons, Connections, & Change-contexts for the particulars Ways of the World is the textbook preferred by AP World History teachers and students across North America. Like the AP course it supports, Ways of the World focuses on significant historical trends, themes, and developments in world history. Author Robert W. Strayer provides a thoughtful and insightful synthesis that helps students see the big picture. Each chapter then culminates with collections of primary sources (written and visual) organized around a particular theme, issue, or question, thus allowing students to consider the evidence the way historians do. The second edition includes a wealth of supporting resources and supplements for the AP course, including an AP Skills Primer and AP Chapter Wrap-Ups, and rolls out Bedford/St. Martin's new digital history tools, including LearningCurve, an adaptive quizzing engine that garners over a 90% student satisfaction rate, and LaunchPad, the all new interactive e-book and course space that puts high quality easy-to-use assessment at your fingertips. Featuring video, additional primary sources, a wealth of adaptive and summative quizzing, and more, LaunchPad cements student understanding of the text while helping them make progress toward learning outcomes. The American Journey

Published by OpenStax College, U.S. History covers the breadth of the chronological history of the United States and also provides the necessary depth to ensure the course is manageable for instructors and students alike. U.S. History is designed to meet the scope and sequence requirements of most courses. The authors introduce key forces and major developments that together form the American experience, with particular attention paid to considering issues of race, class and gender. The text provides a balanced approach to U.S. history, considering the people, events and ideas that have shaped the United States from both the top down (politics, economics, diplomacy) and bottom up (eyewitness accounts, lived experience).

"I too am not a bit tamed—I too am untranslatable / I sound my barbaric yawp over the roofs of the world."—Walt Whitman, "Song of Myself," Leaves of Grass The American Yawp is a free, online, collaboratively built American history textbook. Over 300 historians joined together to create the book they wanted for their own students—an accessible, synthetic narrative that reflects the best of recent historical scholarship and provides a jumping-off point for discussions in the U.S. history classroom and beyond. Long before Whitman and long after, Americans have sung something collectively amid the deafening roar of their many individual voices. The Yawp highlights the dynamism and conflict inherent in the history of the United States, while also looking for the common threads that help us make sense of the past. Without losing sight of politics and power, The American Yawp incorporates transnational perspectives, integrates diverse voices, recovers narratives of resistance, and explores the complex process of cultural creation. It looks for America in crowded slave cabins, bustling markets, congested tenements, and marbled halls. It navigates between maternity wards, prisons, streets, bars, and boardrooms. The fully peer-reviewed edition of The American Yawp will be available in two print volumes designed for the U.S. history survey. Volume I begins with the indigenous people who called the Americas home before chronicling the collision of Native Americans, Europeans, and Africans.The American Yawp traces the development of colonial society in the context of the larger Atlantic World and investigates the origins and ruptures of slavery, the American Revolution, and the new nation's development and rebirth through the Civil War and Reconstruction. Rather than asserting a fixed narrative of American progress, The American Yawp gives students a starting point for asking their own questions about how the past informs the problems and opportunities that we confront today.

A powerful depiction of racial tensions arising over the death of a Cajun farmer at the hands of a black man–set on a Louisiana sugarcane plantation in the 1970s. The Village Voice called A Gathering of Old Men “the best-written novel on Southern race relations in over a decade.”

Brinkley’s American History, a comprehensive U.S. History program, transforms the learning experience through proven, adaptive technology helping students better grasp the issues of the past while providing instructors greater insight on student performance. Known for its clear, single voice and balanced scholarship, Brinkley asks students to think historically about the many forces shaping and re-shaping our dynamic history. Connect is the only integrated learning system that empowers students by continuously adapting to deliver precisely what they need, when they need it, and how they need it, so that your class time is more engaging and effective.

In his Nautilus Award-winning classic Touching Spirit Bear, author Ben Mikaelson delivers a powerful coming-of-age story of a boy who must overcome the effects that violence has had on his life. After severely injuring Peter Driscal in an empty parking lot, mischief-maker Cole Matthews is in major trouble. But instead of jail time, Cole is given Justice, an alternative program that sends juvenile offenders to a remote Alaskan Island to focus on changing their ways. Desperate to avoid prison, Cole fakes humility and agrees to go. While there, Cole is mauled by a mysterious white bear and left for dead. Thoughts of his abusive parents, helpless Peter, and his own anger cause him to seek redemption—from the spirit bear that attacked him, from his victims, and, most importantly, from himself. Ben Mikaelson paints a vivid picture of a juvenile offender, examining the roots of his anger without absolving him of responsibility for his actions, and questioning a society in which angry people make victims of their peers and communitarians testimonial to the power of a pain that can destroy, or lead to healing. A strong choice for independent reading, sharing in the classroom, homeschooling, and book groups.

THE AMERICAN PAGEANT enjoys a reputation as one of the most popular, effective, and entertaining texts on American history. The colorful anecdotes, first-person quotations, and trademark wit bring American history to life. The 16th edition includes a major revision of Part Six (the period from 1945 to the present), reflecting recent scholarship and maintaining coherence. The authors also condensed and consolidated material on the Wilson presidency and World War I (formerly Chapters 29 and 30) into a new single chapter. A new feature, “Contending Voices,” offers paired quotes from original historical sources, accompanied by questions that prompt students to think about conflicting perspectives. Pedagogical aids make THE AMERICAN PAGEANT accessible to students: part openers and chapter-ending chronologies provide a context for the major periods in American history, while other features present additional primary sources, scholarly debates, and key historical figures for analysis. Available in the following options: THE AMERICAN HISTORY: A CONCISE SURVEY (Chapters 1-24); Volume 1: To 1877 (Chapters 1?22); Volume 2: Since 1865 (Chapters 22?41). Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

Krakauer ’ s page-turning bestseller explores a famed missing person mystery while unraveling the larger riddles it holds: the profound pull of the American wilderness on our imagination; the allure of high-risk activities to young men of a certain cast of mind; the complex, charged bond between fathers and sons. "Terrifying... Eloquent... A heart-rending drama of human yearning." —New York Times In April 1992 a young man from a well-to-do family hitchhiked to Alaska and walked alone into the wilderness north of Mt. McKinley. He had given \$25,000 in savings to charity, abandoned his car and most of his possessions, burned all the cash in his wallet, and invented a new life for himself. Four months later, his decomposed body was found by a moose hunter. How Christopher Johnson McCandless came to die is the unforgettable story of Into the Wild. Immediately after graduating from college in 1991, McCandless had roamed through the West and Southwest on a vision quest like those made by his heroes Jack London and John Muir. In the Mojave Desert he abandoned his car, stripped it of its license plates, and burned all of his cash. He would give himself a new name, Alexander Supertramp, and, unencumbered by money and belongings, he would be free to wallow in the raw, unfiltered experiences that nature presented. Craving a blank spot on the map, McCandless simply threw the maps away. Leaving behind his desperate parents and sister, he vanished into the wild. Jon Krakauer constructs a clarifying prism through which he reassembles the disquieting facts of McCandless’s short life. Admitting an interst that borders on obsession, he searches for the clues to the drives and desires that propelled McCandless. When McCandless’s innocent mistakes turn out to be irreversible and fatal, he becomes the stuff of tabloid headlines and is dismissed for his naivet é , pretensions, and hubris. He is said to have had a death wish but wanting to die is a very different thing from being compelled to look over the edge. Krakauer brings McCandless’s uncompromising pilgrimage out of the shadows, and the peril, adversity, and renunciation sought by this enigmatic young man are illuminated with a rare understanding--and not an ounce of sentimentality. Mesmerizing, heartbreaking, Into the Wild is a tour de force. The power and luminosity of Jon Krakauer’s stoytelling blaze through every page.

#1 NATIONAL BESTSELLER • "A harrowing tale of the perils of high-altitude climbing, a story of bad luck and worse judgment and of heartbreaking heroism." —PEOPLE A bank of clouds was assembling on the not-so-distant horizon, but journalist-mountaineer Jon Krakauer, standing on the summit of Mt. Everest, saw nothing that "suggested that a murderous storm was bearing down." He was wrong. The storm, which claimed five lives and left countless more--including Krakauer's--in guilt-ridden disarray, would also provide the impetus for Into Thin Air, Krakauer's epic account of the May 1996 disaster. By writing Into Thin Air, Krakauer may have hoped to exorcise some of his own demons and lay to rest some of the painful questions that still surround the event. He takes great pains to provide a balanced picture of the people and events he witnessed and gives due credit to the tireless and dedicated Sherpas. He also avoids blasting easy targets such as Sandy Pittman, the wealthy socialite who brought an espresso maker along on the expedition. Krakauer's highly personal inquiry into the catastrophe provides a great deal of insight into what went wrong. But for Krakauer himself, further interviews and investigations only lead him to the conclusion that his perceived failures were directly responsible for a fellow climber's death. Clearly, Krakauer remains haunted by the disaster, and although he relates a number of incidents in which he acted selflessly and even heroically, he seems unable to view those instances objectively. In the end, despite his evenhanded and even generous assessment of others' actions, he reserves a full measure of vitriol for himself. This updated trade paperback edition of Into Thin Air includes an extensive new postscript that sheds fascinating light on the acrimonious debate that flared between Krakauer and Everest guide Anatoli Boukreev in the wake of the tragedy. "I have no doubt that Boukreev's intentions were good on summit day," writes Krakauer in the postscript, dated August 1999. "What disturbs me, though, was Boukreev's refusal to acknowledge the possibility that he made even a single poor decision. Never did he indicate that perhaps it wasn't the best choice to climb without gas or go down ahead of his clients." As usual, Krakauer supports his points with dogged research and a good dose of humility. But rather than continue the heated discourse that has raged since Into Thin Air's denouncement of guide Boukreev, Krakauer's tone is conciliatory; he points most of his criticism at G. Weston De Walt, who coauthored The Climb, Boukreev's version of events. And in a touching conclusion, Krakauer recounts his last conversation with the late Boukreev, in which the two weathered climbers agreed to disagree about certain points. Krakauer had great hopes to patch things up with Boukreev, but the Russian later died in an avalanche on another Himalayan peak, Annapurna I. In 1999, Krakauer received an Academy Award in Literature from the American Academy of Arts and Letters--a prestigious prize intended "to honor writers of exceptional accomplishment." According to the Academy's citation, "Krakauer combines the tenacity and courage of the finest tradition of investigative journalism with the stylish subtlety and profound insight of the born writer. His account of an ascent of Mount Everest has led to a general reevaluation of climbing and of the commercialization of what was once a romantic, solitary sport; while his account of the life and death of Christopher McCandless, who died of starvation after challenging the Alaskan wilderness, delves even more deeply and disturbingly into the fascination of nature and the devastating effects of its lure on a young and curious mind."

Since its original landmark publication in 1980, A People's History of the United States has been chronicling American history from the bottom up, throwing out the official version of history taught in schools -- with its emphasis on great men in high places -- to focus on the street, the home, and the workplace. Known for its lively, clear prose as well as its scholarly research, A People's History is the only volume to tell America's story from the point of view of -- and in the words of -- America's women, factory workers, African-Americans, Native Americans, the working poor, and immigrant laborers. As historian Howard Zinn shows, many of our country's greatest battles -- the fights for a fair wage, an eight-hour workday, child-labor laws, health and safety standards, universal suffrage, women's rights, racial equality -- were carried out at the grassroots level, against bloody resistance. Covering Christopher Columbus's arrival through President Clinton's first term, A People's History of the United States, which was nominated for the American Book Award in 1981, features insightful analysis of the most important events in our history. Revised, updated, and featuring a new after, word by the author, this special twentieth anniversary edition continues Zinn's important contribution to a complete and balanced understanding of American history.

A longtime professor of Ethnic Studies at the University of California at Berkeley, Ronald Takaki was recognized as one of the foremost scholars of American ethnic history and diversity. When the first edition of A Different Mirror was published in 1993, Publishers Weekly called it "a brilliant revisionist history of America that is likely to become a classic of multicultural studies" and named it one of the ten best books of the year. Now Rebecca Stefoff, who adapted Howard Zinn's best-selling A People's History of the United States for younger readers, turns the updated 2008 edition of Takaki's multicultural masterwork into A Different Mirror for Young People. Drawing on Takaki's vast array of primary sources, and staying true to his own words whenever possible, A Different Mirror for Young People brings ethnic history alive through the words of people, including teenagers, who recorded their experiences in letters, diaries, and poems. Like Zinn's A People's History, Takaki's A Different Mirror offers a rich and rewarding "people's view" perspective on the American story.

In 1687 in Connecticut, Kit Tyler, feeling out of place in the Puritan household of her aunt, befriends an old woman considered a witch by the community and suddenly finds herself standing trial for witchcraft.

In her own singularly beautiful style, Newbery Medal winner Sharon Creech intricately weaves together two tales, one funny, one bittersweet, to create a heartwarming, compelling, and utterly moving story of love, loss, and the complexity of human emotion. Thirteen-year-old Salamanca Tree Hiddle, proud of her country roots and the "Indian-ness in her blood," travels from Ohio to Idaho with her eccentric grandparents. Along the way, she tells them of the story of Phoebe Winterbottom, who received mysterious messages, who met a "potential lunatic," and whose mother disappeared. As Sal entertains her grandparents with Phoebe's outrageous story, her own story begins to unfold—the story of a thirteen-year-old girl whose only wish is to be reunited with her missing mother.
