In the United States, some populations suffer from far greater

File Type PDF Apa Citation For Davis Drug Guide Thesoapore

disparities in health than others. Those disparities are caused not only by fundamental differences in health status across segments of the population, but

File Type PDF Apa Citation For Davis Drug Guide Thesoapore

also because of
inequities in factors
that impact health
status, so-called
determinants of health.
Only part of an
individual's health

File Type PDF Apa Citation For Davis Drug Guide Thesoapore

status depends on his or her behavior and choice; community-wide problems like poverty, unemployment, poor education, inadequate housing, poor public

File Type PDF Apa Citation For Davis Drug Guide Thesoapore

transportation,
interpersonal violence,
and decaying
neighborhoods also
contribute to health
inequities, as well as
the historic and ongoing

File Type PDF Apa Citation For Davis Drug Guide Thesoapore

interplay of structures, policies, and norms that shape lives. When these factors are not optimal in a community, it does not mean they are intractable: such

File Type PDF Apa Citation For Davis Drug Guide Thesoapore

inequities can be
mitigated by social
policies that can shape
health in powerful ways.

by the many and varied
stakeholders that are
