*In The Arizona State Constitution, John D. Leshy provides a comprehensive history of Arizona's constitutional development. Adopted at the height of the progressive movement, the Constitution contains many progressive innovations. Leshy describes these along with the dramatic changes the state has undergone in subsequent decades. He also includes a section-by-section commentary which crisply discusses the evolution and interpretation of each section, including significant court decisions. Thoroughly updated to reflect amendments and court cases through the fall of 2012, the second edition of The Arizona State Constitution is an essential reference guide for readers who seek a rich account of Arizona's constitutional evolution. The Oxford Commentaries on the State Constitutions of the United States is an important series that reflects a renewed international interest in constitutional history and provides expert insight into each of the 50 state constitutions. Each volume in this innovative series contains a historical overview of the state's constitutional development, a section-by-section analysis of its current constitution, and a comprehensive guide to further research. Under the expert editorship of Professor G. Alan Tarr, Director of the Center on State Constitutional Studies at Rutgers University, this series provides*

In this book are things I've collected in 32 years as a prosecutor and 11 years as a judge. Melvin, the Lord of Farnsworth, an old curmudgeon, summoned his prospective heirs to his massive estate. He was bothered by the huge inheritance tax each would have to pay if he died and he told them he and his lawyer devised a scheme to avoid it. Would it work? The Miranda U.S. Supreme Court opinion shocked me and my office. We couldn't imagine what was next. To ease some of the pain I wrote a fake and ridiculous U.S. Supreme Court opinion and circulated it in the office as a joke. But no one saw it that way; they believed it. In 1872 a neighbor shot and killed Charles Burden's beloved dog, Old Drum, and Mr. Burden sued the shooter for 100 dollars. He won but very few remember anything about the

they remember is his attorney's closing argument to the jury. Treetop Turner spent 11 years in prison. He was convicted of the same murder five times and sentenced to death four times in his life once. On October 11, 1957, he was released - a final ending in one Pennsylvania Superior Court Justice called a "search for the priceless jewel of truth." Simplicio Torrez stole a car and killed the town Marshall of Williams, Arizona, as he was being arrested. He had a insanity defense and was convicted and given a death sentence. His attorney filed an appeal or did he? Occasionally after a burglary the victim will tell the police that something was stolen that wasn't. He's planning to collect insurance. I had a case like that years ago with a surprise ending. Eva Dugan arrived in Tucson by train with no plans or money. She quickly hooked up with a farmer and a hired hand. Soon she ran off with the hand and stole the farmer's money and car. After she left, the farmer could not be found. She was sent to prison for stealing his car and later when they found his body she was tried for his murder, convicted, and hanged. People do not remember much about the trial; it's the execution they remember. In 1934 John Dillinger was a nationally known thug whose bank robberies established a template for robbery and who became that's where he was captured by a back-water police department without firing a shot.
