Over the past twenty-five years - since the very large collection of Newton's papers became available and began to be seriously examined - the beginnings of a new picture of Newton has emerged. This volume of essays builds upon the foundation of its authors in their previous works and extends and elaborates the emerging picture of the `new' Newton, the great synthesizer of science and religion as revealed in his intellectual context.

In this study of channeling, earlier called spirit communication or mediumship, Klimo, who teaches at Rosebridge Graduate School in the San Francisco Bay Area, writes with clarity about "the communication of information to or through a physically embodied human being from a source on some other level or dimension of reality other than the physical as we know it." He profiles recent channels and their sources, goes back to preliterat societies and the advent of monotheism and identifies as channels such figures as Moses, Solomon, Muhammad, Merlin, Nostradamus, Swedenborg and Edgar Cayce. He discusses the sorts of people who are channels, kinds of information channeled, sources of information channeled and varieties of channeling like clairvoyance and automatic writing. According to Klimo, few people tap into their abilities to perform channeling and for those who think they can, he serves as guide.

There are 144,000 souls in the Christ Vibration. They hold the electro-magnetic blueprint for our planet. The 144K are the spiritual elders and the spiritual leadership. This group must ascend (raise their consciousness) first and then take their chosen place in society. Through quantum entanglement and law of attraction, the rest of Earth's inhabitants will follow. Our destiny is Heaven on Earth; the operating system is Love. What all of mankind have learned in the past about creation is the way that existence isn't -- a paradox! Awaken and realize that all of mankind will create their "body for Ascension," whether they accomplish this now or later, and that this is not the exclusive domain of Christ or Buddha or many others who have ascended -- this is your birthright. You are not relegated to worshipping those who have already done this very basic initiation called Ascension. Christ and Buddha would be the first to acknowledge that they are just beginners on their eternal journey. When mankind lifts the veils of their unworthiness and recognize that the are the Sons of God, that there is divine equality and no one is greater than another, then you will have begun our journey in the way that it was intended. In your near future your Planetary Hierarchy will release the world from theology, ecclesiasticism and the wrathful Jehovah and return humanity to its rightful journey into spiritualizing matter, not worshipping it! The Mahatma is for those who are motivated to search for the answers that can respond to their mental and spiritual bodies. In the past, mankind?s choices of beliefs and religions have supported only the emotional body and the darker, material side of life. And truly, if one is going to remain on Earth, very drastic shifts of consciousness will be required to have mankind remain in Earth?s new fourth-dimensional reality. No matter how contrary to your current beliefs, this book contains methods for creating your spiritual Lightbody for Ascension, and it also explains your eternal journey in a way that was never before available to mankind.

No doubt you will have seen or heard about the fervour that surrounded cryptocurrencies in 2017, and many of you may have dismissed them as a legitimate asset class; many may have felt a quiet interest but a looming fear; others undoubtedly felt drawn towards the allure of cryptocurrencies and altcoins (and any of the other innumerable names) yet lacked the framework required to tame this volatile and novel market. To you, I present An Altcoin Trader's Handbook: The exponential growth of the cryptosphere over the previous half-decade has brought with it a plethora of life-changing speculative opportunities. Where traditional financial markets seem inaccessible and ineffectual due to the prevalence of high fees and low returns, the emergence of a worldwide market of decentralised alternatives to Bitcoin allows for those unable (or unwilling) to navigate the often-slippery world of hedge funds and investment banks the chance to realise financial freedom. This, of course, is no effortless journey, and this book does not profess to be a get-rich-quick scheme of any sort. Instead, An Altcoin Trader's Handbook merges almost five years of tragicomic yet insightful anecdotes on the ever-evolving nature of the cryptosphere with a comprehensive strategy for profitable altcoin speculation. The book focuses on maximising the upside potential of capital whilst diminishing downside risks, both of which are possible with speculation on so-called 'microcap' and 'lowcap' altcoins, given the application of proper risk management. Above all, the reader will learn, in exhaustive detail, the three-stage process of research, accumulation and distribution that has been the bedrock of my own success in the space. The journey will be intensive - often arduous - but will, with some good fortune, result in an individual most well-equipped to capitalise on the greatest glut of financial opportunity the world has ever seen.

Since Eric Klein first brought through the messages in this book, his works have sold over 100,000 copies, been translated into eight foreign languages, and have played a major role in placing the idea of ascension on the map of human consciousness. This new, updated edition further supports those who have chosen to dedicate their lives to the spiritual path during these times of massive planetary change. A timeless work, The Crystal Stair glows with love, truth, hope and inspiration, serving as a remarkable key to unlocking the mystery of the transformation called ascension.

Ficino and Fantasy

Living with Soul picks up where every other spiritual book leaves off. By exposing the “ God Hoax ”, master teacher and age Tony Stubbs, explores the real designers in Intelligent Design, and the Grand Deception behind organized religion. The “ Jesus Conspiracy ” chapter reveals how we have been controlled for 2,000 years. Living with Soul, the first volume in a two-book compendium, also details how You-the-Soul carefully crafted every aspect of the life you’re living and why. Writes Stubbs in the Preface: The book’s intent is not to minimize the reality of death and suffering or the joy when a new life comes into the world, but to change the way we see and experience it as a set of interlocking plans designed and orchestrated by us at the soul level for very specific purposes.

One of the great seats of learning and repositories of knowledge in the ancient world, Alexandria, and the great school of thought to which it gave its name, made a vital contribution to the development of intellectual and cultural heritage in the Occidental world. This book brings together twenty papers delivered at a symposium held at the J. Paul Getty Museum on the subject of Alexandria and Alexandrianism. Subjects range from “ The Library of Alexandria and Ancient Egyptian Learning ” and “ Alexander ’ s Alexandria ” to “ Alexandria and the Origins of Baroque Architecture. ” With nearly two hundred illustrations, this handsome volume presents some of the world ’ s leading scholars on the continuing influence and fascination of this great city. The distinguished contributors include Peter Green, R. R. R. Smith, and the late Bernard Bothmer.

In his usual light and irreverent style, Stubbs demolishes ignorance of life’s final taboo--death--by sharing first-hand accounts, told through mediums, of what it’s like to die, what the afterlife is like, and what people do on the other side.

One night when I finished a prayer with Amen, Jesus came to me. He said that he comes to those who pray. We ended up staying up all night as he told me the history of the Holy Scripture which became the Bible. He says his real name is Lord Sananda and that he lived here on earth as Jesoah (Jesus) and Kuthumi. God sent him here when the Jews prayed for help against the Roman occupation. Relearn our history and the holy scripture in the words of Jesus in these 236 pages of our conversations. Foreword by Angel Razakiel. --- The scripture begins in Ethiopia as a record of kings, and takes its way through the Sumerian astronomers, and the proud Babylonians who rewrite the Creation Myth. The Turks bring the text to Jews living in the Turkish mountains and the Jews add their own stories into the scripture. Lord Sananda also talks about the Ancient Egyptians, the Romans, Jesus and the Jesuits, Vikings and Anglo-Saxans, and the lost story of Nubian Princess Meillyl who was given to the Arabs in exchange for a copy of the scripture. --- This book was not written just for Christians, but more so it is the story of the Jews whose prayers brought him here. Anyone who wonders about Jesus and human history should read this book. Book title, book cover design, and interior design by Lord Sananda. --- It is a white box given by me, tell them that. ~ says Lord Sananda Jesus, on March 17 2014, in reference to the book--- More on our website www.angeloraclemaar.com

Based on her popular workshops in Canada and Europe, Welcome to the Fifth Dimension is author Diane LeBlanc's guide to helping readers recognize and integrate their multiple dimensions. Through examples, exercises, and channeled teachings, she shows us how to regain our co-creative power and live each day and moment in a state of grace. The key, says LeBlanc, is Quintessence, a self-coaching program that revitalizes the five most important dimensions of human existence in order to feel better, recover from disease, and be fully happy. The book breaks Quintessence into groups of five: the five energy fields that surround the body, the individual's five main OSoul families,0 the five dimensions of the human brain, and others. The book assesses and draws on many contemporary schools of thought, as seen in books like The Law of Attraction, The Power of Now, and The Celestine Prophecy. It also provides original teachings channeled from the powerful entity LeBlanc describes as the "Mother Earth Consciousness," personified as Bianca Gaia who is LeBlanc's alter ego.

Packed with charts, diagrams, and illustrations, this compelling book encourages readers to radically enhance their health and happiness by opening their minds to this new way of thinking. Filled with exercises and techniques, "An Ascension Handbook" is a practical "how to" manual for ascending Lightworkers. Here is a practical manual for breaking old patterns, severing from the "consensus reality," and aligning with Spirit. With precision and a dry wit, Serapis reveals in today's language what initiates have known for millennia and how we can use this knowledge during the tumultuous years ahead. Since "the fall," we have experienced every aspect of separation, but now the game is over and it's time to return to the Source. As we return, we must ascend, and Serapis shows us how to do it with grace, ease and fun.

NUMEROUS volumes have been written as commentaries upon the secret systems of philosophy existing in the ancient world, but the ageless truths of life, like many of the earth's greatest thinkers, have usually been clothed in shabby garments. The present work is an attempt to supply a tome worthy of those seers and sages whose thoughts are the substance of its pages. To bring about this coalescence of Beauty and Truth has proved most costly, but I believe that the result will produce an effect upon the mind of the reader which will more than justify the expenditure.

"The Path to Your Ascension will empower you to focus on what’s really important in life. It will help you rediscover what your soul has known from the beginning—that life does have a higher purpose. And that each encounter along the way, no matter how difficult, is a stepping-stone that will lead you back to your source. The world’s religions have singled out great masters who have walked the earth and “ascended” to God. Elijah was swept up into heaven in a chariot of fire. Gautama Buddha entered Parinirvana. Jesus ascended to the Father, and Mary was assumed into heaven. These masters were not exceptions to the rule. They were teachers, mentors, examples. They came to show us how we, too, can master the circumstances of our life and walk the path home to God. The Path to Your Ascension shapes the wisdom of these ascended masters into a personal guide for your own soul's liberation. It offers practical techniques to accelerate your spiritual growth and describes the angels and masters who can help you achieve your goal. In down-to-earth terms, sprinkled with touching anecdotes, it reveals your greatest opportunities for spirituality and the most serious challenges to making it all the way home. "

Too many people allow themselves to be limited by their ideas about themselves and the world around them. Bob Frissell reminds readers that they create their own reality through their consciousness and that improving this reality and living a fuller life is simply a matter of broadening one's perspectives. In this book, he shows people how to reconnect with their multidimensional selves and remake their lives.

The third and final book in their series contains 132 additional quatrains written and deciphered by Nostradamus himself, plus the exposure of bogus quatrains erroneously attributed to the great psychic Dolores Cannon has pierced the veil of the space/time continuum by her use of regressive hypnosis, to bring us warnings of events to come. This volume continues to work through various subjects and completes the interpretation of all the known prophecies.

Did the Florentine philosopher Marsilio Ficino (1433-99) influence the art of his time? This book starts with an exploration of Ficino’s views on the imagination and discusses whether, how and why these ideas may have been received in Italian Renaissance works of art. Many recent discoveries have confirmed the importance of Orphism for ancient Greek religion, philosophy, and literature. However, its nature and role are still very controversial. The key problem of its relationship to Christianity has been discussed by ancient and modern authors from many different viewpoints, albeit too often tainted with apologetic interests and unconscious projections. This free and thorough study of the ancient sources sheds light on these questions and illuminates the complexity of the encounter between Classical culture and Jewish-Christian tradition. New perspectives on the relationship between Classical and Jewish-Christian culture On the avowed subject of Orphism Author is specialist within the field This guide to spiritual empowerment provides a spiritual approach to the psychology of everyday living by offering practical strategies and step-by-step methods for clearing out negative psychic energy. In July of 1989, Tashira and Suzane Coronis formed Angelic Outreach to be the first physical plane expression of the Council of Ein Sophs vision of multi-universal ascension. Angelic Outreach was designed to support incarnate Lightworkers to awaken to their multidimensional vastness, embody Divinity, and to lighten up planet Earth. On May 30, 1994 a dramatic shift occurred in the Divine Plan for planet Earth. The entire time frame for planetary ascension was accelerated. In June, 1994, many of you experienced the surfacing of intense survival fear and enemy patterning, old physical traumas briefly reappeared, time accelerated and you feel frustrated about completing projects. These energies were emerging out of your genetic encodements. If you know what is happening to you and know that it is part of a coherent process, then you feel less crazy. The purpose of "What is Lightbody?" is to allow you to find your place in that process. Every decision that each of us makes affects the ascension process. We are co-creative Masters, beings of Light, and we see you as Light Masters also.

This is a story of awakening to the realities of Spirit and what might happen while racing down the rabbit hole of weirdness called modern metaphysics (physics of love). How could a person become an energy-healing evangelist after being a left-brained, sophistry-drenched atheist? It happened to me, my friend. The awakening arrived in an unexpected instant, but what also surprised me were the many bizarre events, grace-filled miracles, and education that followed for almost a decade. So heres what happened This book is fantastic! I thoroughly enjoyed reading it and feel that it will help many people. Although our individual journeys in life are completely unique and in fact Self-Designed, there are many helpful signposts that you can encounter on the way if you simply ask for them! This book can be one of those for you. A captivating and amusing rollicking read!

"The great lights who have come out of all the world's spiritual traditions and graduated from earth's schoolroom have become widely known as masters. They demonstrate that in the world of Spirit, there is no division of race, religion or philosophy—there is simply oneness, ineffable sweetness and love. What is not so widely known is that these great masters have retreats—temples and cities of light in the heaven world—where we can go in spiritual meditation and while our bodies sleep at night. In this comprehensive work, Mark and Elizabeth Prophet talk about these great masters, the stories of their lives and their magnificent spiritual retreats."

Only on rare occasions does a book come along that contains the potential to change the consciousness of our entire planetary culture. Many have talked about the ascension process, but very few really understand what it means. Who is really out there? Where are we going? What are our choices? What has to be done to prepare for this event? Is everyone ascending to the same place? What happened to the fourth dimension? How can we understand the fifth dimension? What are fifth-dimensional beings like? This book explains all of these questions in a way that we can easily understand. It explains what our relationships are to known extraterrestrial groups and what they are doing to help the Earth and her people in this crucial galactic moment in time. It helps us to understand how we can raise our vibration now and begin the process of integrating higher-dimensional energies into our third-dimensional world. Rediscovering Life's Ultimate Purpose

This book investigates the long-term continuity of large-scale states and empires, and its effect on the Near East ' s social fabric, including the fundamental changes that occurred to major social institutions. Its geographical coverage spans, from east to west, modern-day Libya and Egypt to Central Asia, and from north to south, Anatolia to southern Arabia, incorporating modern-day Oman and Yemen. Its temporal coverage spans from the late eighth century BCE to the seventh century CE during the rise of Islam and collapse of the Sasanian Empire. The authors argue that the persistence of large states and empires starting in the eighth/seventh centuries BCE, which continued for many centuries, led to new socio-political structures and institutions emerging in the Near East. The primary processes that enabled this emergence were large-scale and long-distance movements, or population migrations. These patterns of social developments are analysed under different aspects: settlement patterns, urban structure, material culture, trade, governance, language spread and religion, all pointing at movement as the main catalyst for social change. This book ' s argument is framed within a larger theoretical framework termed as ' universalism ' , a theory that explains many of the social transformations that happened to societies in the Near East, starting from the Neo-Assyrian period and continuing for centuries. Among other influences, the effects of these transformations are today manifested in modern languages, concepts of government, universal religions and monetized and globalized economies.

Distinguished scholar and library systems innovator Frederick Kilgour tells a five-thousand-year story in this exciting work, a tale beginning with the invention of writing and concluding with the emerging electronic book. Calling on a lifetime of interest in the growth of information technology, Kilgour brings a fresh approach to the history of the book, emphasizing in rich, authoritative detail the successive technological advances that allowed the book to keep pace with ever-increasing needs for information. Borrowing a concept from evolutionary theory--the notion of punctuated equilibria--to structure his account, Kilgour investigates the book's three discrete historical forms--the clay tablet, papyrus roll, and codex--before turning to a fourth, still evolving form, the cyber book, a version promising swift electronic delivery of information in text, sound, and motion to anyone at any time. The clay tablet, initially employed as a content descriptor for sacks of grain, proved inadequate to the growing need for commercial and administrative records. Its successor the papyrus roll was itself succeeded by the codex, a format whose superior utility and information capacity led to sweeping changes in the management of accumulated knowledge, the pursuit of learning, and the promulgation of religion. Kilgour throughout considers closely both technological change and the role this change played in cultural transformation. His fascinating account of the modern book, from Gutenberg's invention of cast-type printing five hundred years ago to the arrival of books displayed on a computer screen, spotlights the inventors, engineers, and entrepreneurs who in creating the machinery of production and dissemination enabled the book to maintain its unique cultural power over time. Deft, provocative, and accessibly written, The Evolution of the Book will captivate book lovers as well as those interested in bibliographic history, the history of writing, and the history of technology.
