

Audacity Guide

We have to understand what success is before we actually try to obtain it. Many times we have reached levels of success, and because we have let others define it for us, we take it lightly what we have. Are you sure of what you really bring to the table? If you aren't, this book will help you focus on key elements that can sharpen your awareness. These same principles have motivated & charmed me to help you create a plan for purposeful living. In today's climate, we need plenty of resources to activate our commitment to ourselves. This book will serve as a fire starter to carry you through the coldness that comes when you have passion & purpose & possibly no one around to fan the fire. Once you understand a few simple tips, you will advance & have successful thinking, work, and living.

Munzee is the 21st Century Scavenger Hunt, the fastest growing hobby in the world! Lose weight while you walk around capturing codes and having fun. (p)Expanding on his first book, "The Journey of the Heroic Parent," Reedy talks about how all our relationships are connected to the relationship we have with ourselves. He shows how the foundation for intimacy with partners, our ability to parent effectively, and the meaningfulness of our lives can be tied to how well we have unraveled our unique childhood history. "The Audacity to Be You: Learning to Love Your Horrible, Rotten Self" is a simple but bold exploration into what makes us human and why happiness and connection are elusive for so many.(p)Reedy's work is counter-intuitive, but the reader will often have the experience of being found and understood as they make their way through his work. Many readers say that reading Brad's work is like you are hearing someone for the first time that you already knew but just didn't have the words for it. Dr. Reedy is a renowned author, therapist, podcaster, and public speaker and his approach is accessible and non-threatening. He is a prolific keynote speaker, T.V. and radio guest, and he travels the world presenting to audiences and training therapists. Through stories gathered from decades as a therapist, co-founder of the Center for Creative Programs, Reedy gives the reader an intimate picture of mental health and healing.(p)"The Audacity to Be You" explains how our personalities are built, brick by brick, by how we react to authentically love others. Readers will learn the essence of mental health and with that understanding the stigma of mental illness evaporates. Reedy debunks toxic myths so common in our culture, including "You are only as happy as your last happy chid" or "having good therapy goes beyond problem solving. Reedy teaches, "In this way of thinking, you don't get to be right anymore. But you get to be a Self. And that is so much better. That is 'The Audacity to Be You.'" To learn more about his work go to evoketherapy.com or drbradreed.com. You can find his podcast "Finding You: An Evoke Therapy Podcast" on your favorite podcast app or by going to soundcloud.com.

"A historical fiction novel in verse detailing the life of Clara Lemlich and her struggle for women's labor rights in the early 20th century in New York..."

Bohemian Manifesto: A Field Guide to Living on the Edge

Your Child's Struggle & The Road Home

An Oxford Handbook of Music Education, Volume 5

Semiotic Engineering Methods for Scientific Research in HCI

Tales of Graces F - Strategy Guide

Record, Edit, Mix, and Master with the Free Audio Editor

Creativities, Media, and Technology in Music Learning and Teaching is one of five paperback books derived from the foundational two-volume Oxford Handbook of Music Education. Designed for music teachers, students, and scholars of music education, as well as educational administrators and policy makers, this fifth book in the set comprises three complementary sections: musical creativity as practice; music teaching and learning through technology; and the interplay of music, media, and education. The first section reviews notions of musical creativity, examining practice-based perspectives to support and develop understanding of the diverse types of creativity found within music education practice across the globe. In the second section, authors explore the essential role of technology in musical discourse and in various forms of musical learning, even as technology continually evolves and the needs and possibilities continue to rapidly change. The third section provokes readers to assess their own thinking about the transformative changes occurring within the discipline as a result of advances in media, and the increasing infiltration of media into all aspects of life, the classroom, and music making. Contributors Andrew R. Brown, Pamela Burnard, Bernadette Colley, Ian Cross, Rokus de Groot, Steven C. Dillon, Randi Margrèthe Eidsås, Evan G. Hebert, Evangelos Hironides, Nery Jeanneret, Ailbhe Kenny, Andrew King, Eleni Lapidaki, Felicity Laurence, Samuel Leong, Bo Wah Leung, Alagi Mbye, Gary E. McPherson, Ross Purves, Tal-Chen Rabinowitz, S. Alex Ruthmann, Eva Sæther, Jonathan Savage, Reza Shayesteh, Petros Stawick, Matthew D. Thibeault, David S. Tobias, Carole Waugh, Ghonim F. Welch

With more than 60 applied exercises to choose from in this unique manual, students will quickly acquire the scientific skills essential for a career working with mammals.

Podcasting is like blogging out loud! It gives you a voice—one that can be heard worldwide on computers, iPods, or other MP3 players. You can podcast to boost your business, promote your passion, share your opinions, or just have fun. The point is to say what you want to say to those who want to hear it. With step-by-step explanations, screen shots, and tons of examples, this guide clues you in on recording, producing, and hosting your very own podcast with info on: Finding your voice and your niche, whether you want to talk tech, make your own kinds of music, educate listeners, make people laugh, do soundseeing tours, serialize your novel, or invent a new podcasting genre Getting the bare necessities (if you don't already have them), including a microphone, recording software, and an audio card Audio editing software such as Audacity, Cakewalk for PCs, GarageBand for Macs Recording, including understanding dB levels) capturing or minimizing ambient noise, and more Editing with GarageBand or Audacity, adding a beat music, and including intros and outros for a signature finishing touch You want your podcast to be heard! Podcasting For Dummies helps you launch and promote it with info on how to: Downsize your audio files with MP3 compression Change bit rates and sample rates in Audacity and iTunes Create and edit your ID3 tags in Audacity or iTunes Post your show notes using Movable Type or Libsyn Simplify the RSS 2.0 feed by using blogging software or a podcast-hosting company such as Audioblog.com, Podcastomatic, and Feeder Ping for publicity Communicate with your listeners on your blog, through online discussion groups such as Yahoo! Groups or Google Groups, or on online forums Of course, if you want to be a podcatcher (a listener) and subscribe to podcasts, this guide shows you how to do that, too! Complete with a companion podcast—a free weekly audio commentary that will keep you up to speed on the podsphere—this guide helps you get your message heard, loud and clear.

What happens when the world's greatest literary icon dies before she finishes the final book in her best-selling series? And what happens when she leaves that book in the hands of her unstable, neurotic daughter, who swears she's not a real writer? Sara Grayson is a thirty-two-year-old greeting card writer about to land the toughest assignment of her life. Three weeks after the death of her mother—a world-famous suspense novelist—Sara learns that her mother's dying wish is for her to write the final book in her bestselling series. Sara has lived alone with her dog, Gatsby, ever since her husband walked out with their Pro Double Waffle Maker and her last shred of confidence. She can't fathom writing a book for thirty million fans—not when last week's big win was resetting the microwave clock. But in a bold move that surprises even herself, Sara takes it on. Against an impossible deadline and a publisher intent on sabotaging her every move, Sara discovers that stepping into her mother's shoes means stumbling on family secrets she was never meant to find—secrets that threaten her mother's legacy and the very book she's trying to create.

The Miracle! In this book Nicholas presents you a practical, unique, subliminal, very simple, detailed method of how to Overcome Psychological Barriers, Get Results, and Move on with Your Life. You will feel the effects immediately and the results will appear very quickly! So it was in my case. You will not achieve fulfillment and happiness until YOU become the architect of your own reality. Imagine that with a few moments each day, you could begin the powerful transformation toward complete control of your own life and well being through this unique, subliminal method combined with positive affirmations. The order of words is extremely important for every book written by Nicholas. These are arranged to be traversed in a certain way so as to eliminate certain blockages in the human being, blockages that are bringing disease or failure on various plans. You don't need a big chunk of your time or expensive resources. Everything is extremely simple! Health, money, prosperity, abundance, safety, stability, sociability, charisma, sexual vitality, erotic attraction, will, optimism, perseverance, self-confidence, tenacity, courage, love, loving relationships, self-control, self-esteem, enthusiasm, refinement, intuition, detachment, intelligence, mental calm, power of concentration, exceptional memory, aspiration, transcendence, wisdom, compassion. You have the ability to unlock your full inner-potential and achieve your ultimate goals. This is the age-old secret of the financial elite, world class scholars, and Olympic champions. For example, when you watch the Olympics, you'll find one consistency in all of the champions. Each one closes their eyes for a moment and clearly affirms & visualizes themselves completing the event flawlessly just before starting. Then they win gold medals and become champions. That's merely one example of how the real power of mind can elevate you above any of life's challenges. By reading this book, you will feel totally that life deserves to be lived and enjoyed every moment and that everything that you propose for yourself becomes easy for you to fulfill. Nicholas will guide you to touch your longed-for dream and will make you see life from a new perspective, full of freshness and success. This book helps you step by step, in a natural way, in just 3 minutes a day, to change your misguided way of thinking and to Overcome Psychological Barriers, Get Results, and Move on with Your Life. (NOTE: For good, Nicholas keep the price of the book as lower as he can, even if it is a hard work behind this project. A significant portion of the earnings from the sale of the book are used for these purposes: for charity, volunteer projects, nature restoration, and other inspired ideas to do good where it is needed. If you can not afford to buy the book please contact Nicholas and he will give you a free copy.) You, also have a bonus in the pages of the book that makes you live your success by doing a seemingly trivial thing. You will feel the difference. Yes, The Miracle is possible! Get Your Copy Now!

Gather essays by the Jewish scholar, activist, and theologian about Judaism, Jewish heritage, social justice, ecumenism, faith, and prayer

Raising a child struggling with mental health issues, addiction, depression, suicidal thoughts, eating disorders or even just been angry can be frightening and confusing. When all you've done is not enough, when your child seems lost and you feel inept and impotent, Dr Reedy can help you take the necessary steps to find your child, not with cursory cures or snappy solutions, but rather by effecting positive change in your own behaviour.

Audacity 101

Creativities, Technologies, and Media in Music Learning and Teaching

The Audacity of Sara Grayson

The first memoir from superstar comedian Katherine Ryan

The Workbook

The Oxford Handbook of Music Education, Volume 2

The Book of Audacity is the definitive guide to Audacity, the powerful, free, cross-platform audio editor. Audacity allows anyone to transform their Windows, Mac, or Linux computer into a powerful recording studio. The Book of Audacity is the perfect book for bands on a budget, solo artists, audiophiles, and anyone who wants to learn more about digital audio. Musician and podcaster Carla Schroeder will guide you through a range of fun and useful Audacity projects that will demystify that geeky audio jargon and show you how to get the most from Audacity. You'll learn how to: -Record podcasts, interviews, and live performances -Be your own backing band or chorus -Edit, splice, mix, and master multitrack recordings -Create super high-fidelity and surround-sound recordings -Digitize your vinyl or tape collection and clean up noise, hisses, and clicks -Create custom ringtones and sweet special effects In addition, you'll learn how to choose and use digital audio hardware like mics and preamps, and tune your computer for flawless audio performance. You'll also find out how to package your work for digital distribution, whether you want to share a podcast through iTunes or sell your own CDs. Become your own producer with The Book of Audacity. The fun starts now.

A comprehensive handbook for aspiring musicians explains how to achieve success in the industry, even without a record label, taking readers step by step through the process of recording, distributing, marketing, and selling music with the help of the Internet, covering everything from marketing a band on MySpace to selling music on iTunes. Original. 20,000 first printing.

Schools remain notorious for co-opting digital technologies to «business as usual» approaches to teaching new literacies. DIY Media addresses this issue head-on, and describes expansive and creative practices of digital literacy that are increasingly influential and popular in contexts beyond the school, and whose educational potential is not yet being tapped to any significant degree in classrooms. This book is very much concerned with engaging students in do-it-yourself digitally mediated meaning-making practices. As such, it is organized around three broad areas of digital media: moving media, still media, and audio media. Specific DIY media practices addressed in the chapters include machinima, anime music videos, digital photography, podcasting, and music remixing. Each chapter opens with an overview of a specific DIY media practice, includes a practical how-to tutorial section, and closes with suggested applications for classroom settings. This collection will appeal not only to educators, but to anyone invested in better understanding - and perhaps participating in - the significant shift towards everyday people producing their own digital media.

How Greek Tragedy Works is a journey through the hidden meanings and dual nature of Greek tragedy, drawing on its foremost dramatists to bring about a deeper understanding of how and why to engage with these enduring plays. Brian Kulick dispels the trepidation that many readers feel with regard to classical texts by equipping them with ways in which they can unpack the hidden meanings of these plays. He focuses on three of the key texts of Greek theatre: Aeschylus' Agamemnon, Euripides' The Bacchae, and Sophocles' Electra, and uses them to tease out the core principles of the theatre-making and storytelling impulses. By encouraging us to read between the lines like this, he also enables us to read these and other Greek tragedies as artists' manifestos, equipping us not only to understand tragedy itself, but also to interpret what the great playwrights had to say about the nature of plays and drama. This is an indispensable guide for anyone who finds themselves confronted with tackling the Greek classics, whether as a reader, scholar, student, or director.

The Audacity to Be You

Moral Gravity and Spiritual Audacity

Bohemians don't care what the neighbors think. They live free and fearlessly, pursuing their ideals and artistic inclinations. This NEW EDITION of Bohemian Manifesto is an exciting glimpse into the world of counterculture living, full-color dreaming and poetic revelations. Authors Laren Stover and Paul Himmelin deliver wit, whimsy, and insider wisdom as they build upon the five types of Bohemians-Folkloric , Beat, Dandy, Nouveau and Zen-exploring two additional Bohemian subsets: the earth-loving Fairy Folk with their mystical glamour, and the dapper denizens of the shadows, otherwise known as Dandy Gods, charmingly detailing their peculiar eccentricities and styles. The authors also expand on the elevated ethos, ecologically driven aesthetic and herbivore habits of the Zen Bohemian, the modern world's most likely saviors. With new illustrations by the acclaimed international artist Izak, Bohemian Manifesto dares you to open to any page and let its shimmering descriptions tempt you to live a more authentic life.

YOUR EPIC LIFE STARTS HERE. In every woman lives a Queen who is confident, poised and clear on her calling. She is bold and unapologetic. Drawing from her spiritual connection and feminine nature, she accesses the power to manifest her desires and fulfill her purpose. The era of invisible women is over. Your time to be Queen has arrived. In The Audacity to Be Queen, women's empowerment and success coach Gina DeVee invites modern day women to embrace the endless possibilities that are rightfully ours. Permission granted to take ourselves off the back-burner financially, romantically, physically, and socially--and step into our greatness. The days of dismissing ourselves and our desires end. No longer must we pretend to be anything other than brilliant, capable and fabulous. The world needs women like us to own our power, raise our standards and contribute our talents like never before. When a woman chooses to be a Queen everyone benefits. With spectacular flair, beautiful pearls of wisdom, life-changing stories of unexpected triumph, The Audacity to Be Queen takes you on a journey to empower the Queen within. Gina DeVee shares the steps, exercises, meditations, prayers, and journal prompts to release all forms of self-doubt and self-sabotage so you can discover the best version of you. Only from the position of Queen can you fulfill your calling, and in this pivotal moment, time is of the essence. The age of Queen is now.

Illustrated Theatre Production Guide delivers a step-by-step approach to the most prevalent and established theatreproduction practices, focusing on essential issues related to the construction of wooden, fabric, plastic, and metal scenery used on the stage. A must-have resource for both the community theatre worker who must be a jack of all trades and the student who needs to learn the fundamentals on his or her own, it covers the necessities in great detail, without bogging you down. Offering techniques and best-practice methods from an experienced industry expert, it will allow you to create a foundation on which to build a successful and resourceful career behind the scenes in theatre production. This third edition has been completely restructured to more effectively lead you through the basics of stagecraft. Through detailed lessons and hundreds of drawings, author John Holloway offers you solutions to the problems that you'll face every day in a production, from rigging to knot tying. New to this edition are guides to jobs in theatre, construction documentation, and video projection methods, with expanded information on Thrust Theatres, lighting, audio and video practices. This book is suitable for Stagecraft courses in university Theatre programs, as well as for professional theatre technicians.

The road to unfettered creativity begins here! Written in an engaging choose-your-own-path format, this unique guide transforms the creative process into a simple series of multiple-choice questions and answers. The journey begins with a simple question designed to spark inspiration: Do you have a clear vision of what you would like to create and why? Whatever the answer, creative coach Marlo Johnson offers the encouragement and guidance needed to move on to the next step. With tips for overcoming blocks, staying motivated, and even sharing finished work with the world, Create Now! is an invaluable tool for artists, writers, and creatives, whether established or aspiring.

An unbiased and non-brand specific guide to selecting the appropriate music technology products for your music program, based on grade level, budget, and your computers' platform or operating system. In this book, chapters are organized by music technology competencies, and cover from electronic musical instruments, to music notation software.

Semiotic engineering was originally proposed as a semiotic approach to designing user interface languages. Over the years, with research done at the Department of Informatics of the Pontifical Catholic University of Rio de Janeiro, it evolved into a semiotic theory of human-computer interaction (HCI). It views HCI as computer-mediated communication between designers and users at interaction time. The system speaks for its designers in various types of conversations specified at design time. These conversations communicate the designers' understanding of who the users are, what they know the users want or need to do, in which preferred ways, and why. The designers' message to users includes even the interactive language in which users will have to communicate back with the system in order to achieve their specific goals. Hence, the process is a continuous dialog in essence, on how to be spiritual without being religious. We need to jettison the idea of a God who is out there and above us. God is not a super-intent who gives and takes, punishes and rewards. God does not require human suffering and repentance. We truly find God when we go inside to connect with divine light, realize our oneness with God and others, and let our light shine in the world. Martella-Whitsett looks at what "divine light" is and how it is both audacious and normal to claim it for ourselves. Next she introduces us to 12 spiritual powers we can all develop and learn to use on a daily basis: faith, understanding, will, imagination, zeal/power, love, wisdom, strength, order, release, and life itself. When we consciously shine our spiritual powers on ourselves, not only are our lives improved, but all of humanity can be enriched and transformed. Let your light shine!

A Practical Guide to Teaching Music in the Secondary School provides valuable support, guidance and creative ideas for student teachers, mentors and practising teachers who want to develop their music teaching. Written to accompany the successful textbook Learning to Teach Music in the Secondary School, it will help you understand important current developments and explore new possibilities for teaching and learning. Focusing on teaching music musically, the book explores musical learning through placing pupils at the centre of a musical experience. Considering the revised KS3 curriculum and the 14-19 agenda in music, it also seeks to broaden the perspectives of music teachers through engaging with collaborative practice, transactions and cross-curricular work. Key issues explored include: personalising musical learning/teaching creatively and promoting creative approaches to using ICT in the classroom musical collaboration with other adults assessment for learning in music making connections with other subjects. Using practical examples and tasks, this book will help you critically examine the way in which children learn music. It is an invaluable resource for those involved in teaching music who are seeking to develop their practical and theoretical understanding.

The Book of Audacity

How Greek Tragedy Works

Great Decisions and how They Were Made

Creating a Podcast With Free Audio Software(Digital Short Cut)

The Indie Band Survival Guide

Gone are the days when recording an album required a large, expensive recording studio and piles of ultra hi-tech equipment. Lily Allen's mspace video netted her no.1 in the UK singles chart and an NME nomination, folk singer Seth Lakerman made an album in his kitchen for £300 and has been nominated for a Mercury Prize. And of course, there's the Arctic Monkeys - winners of a Mercury Prize, a Brit Award and two NME awards, who marketed their album through demo tapes and file sharing. Nicola Slade shows how anyone can record and mix killer music from the comfort of their bedroom. The author explains what hardware, software and mixing equipment is required, and includes a history of the digitisation of music, advice on marketing and promoting your music and contributions from DIY music artists who have made it big.

This book offers a comprehensive overview of the many facets of musical experience, behaviour and development in relation to the diverse variety of educational contexts in which they occur. In brief vignettes, historian Axelrod pinpoints and investigates the make-or-break event in the lives and careers of some of history's most significant figures. Axelrod reexamines history by answering the fascinating question of why the people who made history made their choices--and conveys the resonance of those choices today. The 46 profiles range from ancient times to the present day and include Cleopatra's decision to rescue Egypt; Washington's decision to cross the Delaware and win; Gandhi's decision to prevail against the British Empire without bloodshed; Truman's decision to drop the A-bomb and WW II; Rosa Parks's decision to sit in for civil rights; Boris Yeltsin's decision to embrace a new world order; and Flight 93's decision to take a stand against terror. --From publisher description.

Help young fans get in touch with their inner geeks with the ultimate guidebook for creating, sharing, and enjoying the world of fandom. Being a fan is a big deal. Whether it's comics, video games, podcasts, cosplay, books, films, or something else, there are so many ways to share and celebrate with the things that you love. Getting Started with Audacity 1.3

DIY Media

Podcasting With Audacity Gallerist Tim Hart has recently faced the sudden death of his long-term partner—with uneven success. Sure, he can keep his gallery running and keep his dog cared for. But what about the possibility of a bright future which includes new love? Tim is not so willing to consider that until he realizes that the hot young guy who has been working for him may be the one to help him find healing. Now that his employer is suddenly single, Seth Greenly realizes that he has loved Tim—quietly for nearly a year. Watching the two of them try to move their relationship from business-like to one-to-one is part of the fun of GIVING THANKS, Book Four of Bruce K Beck's Holiday Novella Series. The rest of the fun is in reconnecting with all the delicious characters from the previous books. Everyone readers fell in love with in A BUCKSKIN CHRISTMAS, MY EASTER MIRACLE, and INDEPENDENCE DAZE joins Tim and Seth's story to give it context, complexity, and richness. And there are a few new characters who lend new spice. By the time they meet for Thanksgiving dinner at the Blackwell's country house in New Jersey, there is gratitude flowing all around.

From the star of Netflix's The Duchess and host of 'Telling Everybody Everything' 'I've come to accept that being audacious is a gift I can't escape.' People 'know' my on-stage comedy persona or my scripted ballys characters and wrongly assume that at home, I must stomp around all day in designer dresses eviscerating those who dare to cross my path and denouncing the existence of men in general. But mostly, I'm just sat eating pickles and being nice to some dogs. Whatever strangers think of me is fine with me. How audacious is that? I can always take a joke, I don't waste time worrying about things I can't control, and I have zero anxiety. I embrace the reality that you just can't please everyone, so you might as well put yourself out there and have a laugh. As my mother always said, 'Katherine, if we all liked the same thing, we'd all be married to your father!' I'm often asked how I developed my lurid level of courage and assurance and for tips on how others can match. The Audacity is my chance to share my blueprint for just that. You will learn: How to Become The Most Popular Girl in School How to Waste All Your Money on Designer Dogs How to Attract Toxic Men... AND Keep Them Interested! And so much more... Plus, secrets! Secrets are my favourite things to be told and I figured I'd better tell a few juicy ones myself. Why not? No matter what I do, there will always be something about me that reads as simply, outrageously audacious. And I wouldn't have it any other way.

Audacity is more than a book. It is a life-changing guide that will cure paralysis and give you the courage to be the God called you to be. In this journey, Portia Taylor challenges every excuse that you can provide not to fulfill destiny. Audacity, The Workbook is a working guide to the life-changing book Audacity.

In this valuable resource, experts share deep knowledge including practical "how-to" and preventive trouble-shooting tips. Instructors will learn about course design and development, instructional methods for online teaching, and student engagement and community building techniques. The book contains successful teaching strategies, guidance for facilitating interactions and responding to diversity, and assessments, as well as future directions for online learning. With many field-tested examples and practice assignments, and with voices from students, teachers, and experts, this book arms instructors and administrators with the tools they need to teach effective and empowering online courses. This one-stop resource addresses all of the core elements of online teaching in terms that are universally applicable to any content area and at any instructional level. "A rare book in education: one that is not only highly useful but also intellectually coherent and based on robust, transferable principles of learning and teaching. All educators—in online environments and in brick-and-mortar schools—will find this an invaluable resource." --From the Foreword by Grant Wiggins "We now know we can get increased participation with online tools to make thinking more visible and switch the traditional delivery of instruction to personalize learning. While it is inevitable that online learning will become an important skill for everyone, the ideas, concepts, strategies, design elements, and tools in the book by Thormann and Zimmerman can also be applied to blended learning." --Alan November, Senior Partner and Founder, November Learning "The authors of this book have created an excellent resource for anyone interested in becoming an online instructor or improving his or her skills in the online teaching. The authors share a wealth of step-by-step activities, examples of assignments and teaching strategies that will guide both novice and experienced teachers as they expand their skills into the online realm. Even as a 'veteran' online instructor the book provided me with new ideas to try in my next online class." --Sam Gladstein, Coordinator, Edmonds eLearning Program at Edmonds School District, WA "Cheers to Thormann and Zimmerman for providing a must-read for online teaching. This clear and practical guide takes the instructor from design to implementation of online courses. The authors remove the anxiety about online teaching for those thinking about on-screen instruction, and provide new thinking and examples for those already immersed in it. It is a great guide for those entering the field and a superb resource for those actively engaged in it." --Anthony J. Bent, Chairman, Global Studies-21st Century Skills Committee of the Massachusetts Association of School Superintendents Book Features: The building blocks necessary to create a successful online course. The know-how of long-time online instructors. Models for Skype conferencing with groups of students. Templates for course building, including sample assignments, activities, assessments, and emails. Detailed treatment of diversity in the online environment Joan Thormann is professor in the division of Technology in Education at Lesley University, Cambridge, Massachusetts. She edits a column on technology and special needs for Learning and Leading with Technology. Isa Kaftal Zimmerman is the principal of IKZ Advisors in Boston, Massachusetts, an educational consulting firm serving educators and stakeholders in the Science, Technology, Engineering, and Mathematics (STEM) fields.
