This Cambridge IGCSE® Mathematics Core and Extended series has been authored to meet the requirements of the Cambridge IGCSE® Mathematics syllabus (0580/0980), for first examination from 2020. This second edition of Cambridge IGCSE® Mathematics Core and Extended Coursebook offers complete coverage of the Cambridge IGCSE Mathematics (0580/0980) syllabus. It contains detailed explanations and clear worked examples, followed by practice exercises to allow students to consolidate the required mathematical skills. The coursebook offers opportunities for checking prior knowledge before starting a new chapter and testing knowledge with end-of-chapter and exam-practice exercises. Core and Extended materials are presented within the same book and are clearly signposted to allow students to see the range of mathematics required for study at this level. Answers are at the back of the book.

The Cambridge IGCSE Physics Coursebook has been written and developed to provide full support for the University of Cambridge International Examinations (CIE) IGCSE Physics syllabus (0625). The book is in full colour and includes a free CD-ROM. Topics are introduced in terms of their relevance to life in the 21st century. The CD-ROM offers a full range of supporting activities for independent learning, with exemplar examination questions and worked answers with commentary. Activity sheets and accompanying notes are also included on the CD-ROM. Written and developed to provide full support for the Cambridge IGCSE Physics syllabus offered by CIE.

This edition of our successful series to support the Cambridge IGCSE Biology syllabus (0610) is fully updated for the revised syllabus for first examination from 2016. Written by an experienced teacher and examiner, Cambridge IGCSE Biology Workbook helps students build the skills required in both their theory and practical examinations. The exercises in this write-in workbook help to consolidate understanding and get used to using knowledge in new situations, develop information handling and problem solving skills, and develop experimental skills including planning investigations and interpreting results. This accessible book encourages students to engage with the material. The answers to the exercises can be found on the Teacher's Resource CD-ROM.

Art as experience

Letters to Poseidon

New York, 1925. While her children play, Rosalia unpacks boxes in the family's new apartment. In one of them, she finds her old sketchbook, and when she looks at the pictures, they take her back to her journey to America from Italy by sea in 1910, as a fourteen-year-old girl... Word count 8,707

It is said that during his abortive campaign to invade Britannia, the infamous Roman emperor Caligula ordered his legions into the surf to attack Poseidon and claim seashells as trophies of war. Cees Nooteboom is considerably more thoughtful in his relationship with the god of the sea. As autumn falls each year, Nooteboom writes Poseidon a letter requesting permission to return to his home in Minorca the following spring. Of course, it would be the height of discourtesy if Nooteboom's letters were no more than a series of demands. So Cees takes the opportunity to seek the wisdom of the trident-wielding deity, and to offer the god updates about his own life and thoughts. At once playful and poignant, beautiful and at times slightly bizarre, this masterful exploration of humankind's relationship with the sea uses the minutiae of everyday life to illuminate the broadest questions of human existence, all couched in the lapidary prose of one of Europe's outstanding stylists.

The Girl Who Married a Lion

From Death to Morning

Bernarda Alba is a widow, and her five daughters are incarcerated in mourning along with her. One by one they make a bid for freedom, with tragic consequences. Lorca's tale depicts the repression of women within Catholic Spain in the years before the war. The House of Bernarda Alba is Lorca's last and possibly finest play, completed shortly before he was murdered by Nationalist sympathisers at the outbreak of the Spanish Civil War. Inspired by real characters and described by the author as 'a true record of village life', it is a tragic tale of frustration and explosive passions in a household of women ruled by a tyrannical mother. Edited with invaluable student notes - a must for students of Spanish drama

*This practical write-in workbook is the perfect companion for the coursebook. It contains step-by-step guided investigations and practice questions for Cambridge International AS & A Level Biology teachers and students. Through practical investigation, it provides opportunities to develop skills: planning, identifying equipment, creating hypotheses, recording results, analysing data, and evaluating. The workbook is ideal for teachers who find running practical experiments difficult due to lack of time, resources or support. Sample data - if students can't do the experiments themselves - and answers to the questions are in the teacher's resource.*

Josef Albers (1888-1976) was both a pioneer of abstract art and an enormously influential teacher and theorist of art pedagogy. In the work he made at the Bauhaus and--following his emigration from Germany to the U.S.--at Black Mountain College and Yale University, Albers strived for economy of line and clarity of articulation, and he developed his pedagogy along similarly rigorous lines. At Black Mountain College, Albers encountered the educational theories of the great American philosopher John Dewey, who emphasized the importance of context and experience in education, and whose famous statement on aesthetics, "Art as Experience," was published the year after Albers arrived in the U.S. In 1963, Albers published the profoundly influential book "Interaction of Color." Subsequently translated into 12 languages, it continues to be used in classrooms and studios worldwide. "Josef Albers: Art as Experience" looks at the relationship between Albers' pragmatic (and Pragmatist) teaching and his art, presenting previously unseen works by Albers' students from the Bauhaus and elsewhere, along with little-known studies and other art by Albers himself, and reveals the vibrancy and extraordinary impact of Josef Albers' groundbreaking pedagogical methods.

Talking to the Dead

*A mesmerizing and thrilling novel—perfect for fans of Tana French and Stieg Larsson—that introduces a modern, unforgettable rookie cop whose past is as fascinating and as deadly as the crimes she investigates. NAMED ONE OF THE BEST BOOKS OF THE YEAR BY The Boston Globe • The Seattle Times SHE KNOWS WHAT IT'S LIKE. . . . At first, the murder scene appears sad, but not unusual: a young woman undone by drugs and prostitution, her six-year-old daughter dead alongside her. But then detectives find a strange piece of evidence in the squalid house: the platinum credit card of a very wealthy—and long dead—steel tycoon. What is a heroin-addicted hooker doing with the credit card of a well-known and powerful man who died months ago? This is the question that the most junior member of the investigative team, Detective Constable Fiona Griffiths, is assigned to answer. But D.C. Griffiths is no ordinary cop. She's earned a reputation at police headquarters in Cardiff, Wales, for being odd, for not picking up on social cues, for being a little overintense. And there's that gap in her past, the two-year hiatus that everyone assumes was a breakdown. But Fiona is a crack investigator, quick and intuitive. She is immediately drawn to the crime scene, and to the tragic face of the six-year-old girl, who she is certain has something to tell her . . . something that will break the case wide open. Ignoring orders and protocol, Fiona begins to explore far beyond the rich man's credit card and into the secrets of her seaside city. And when she uncovers another dead prostitute, Fiona knows that she's only begun to scratch the surface of a dark world of crime and murder. But the deeper she digs, the more danger she risks—not just from criminals and killers but from her own past . . . and the abyss that threatens to pull her back at any time. BONUS: This edition includes an excerpt from Harry Bingham's Love Story, with Murders. Praise for Talking to the Dead "Gritty, compelling . . . a procedural unlike any other you are likely to read this year."—USA Today "With Detective Constable Fiona 'F' Griffiths, Harry Bingham . . . finds a sweet spot in crime fiction . . . think Stieg Larsson's Lisbeth Salander . . . Denise Mina's 'Paddy' Meehan [or] Lee Child's Jack Reacher. . . . The writing is terrific."—The Boston Globe "The mystery-thriller genre is already so staffed with masterminds that it's hard to make room for another. But along comes a book like Talking to the Dead, and suddenly an unadvertised opening is filled. . . . [This] has the feel of something fresh and compelling."—New York Daily News "A stunner with precision plotting, an unusual setting, and a deeply complex protagonist . . . We have the welcome promise of more books to come about Griffiths."—The Seattle Times "Recommended highly . . . [a] riveting procedural thriller."—Library Journal (starred review)*
