NEW YORK TIMES BESTSELLER • A modern American epic set against the panorama of contemporary politics and culture—a hurtling, page-turning mystery that is equal parts *The Great Gatsby* and *The Bonfire of the Vanities* NAMED ONE OF THE BEST BOOKS OF THE YEAR BY NPR • PBS • HARPER'S BAZAAR • ESQUIRE • FINANCIAL TIMES • THE TIMES OF INDIA On the day of Barack Obama's inauguration, an enigmatic billionaire from foreign shores takes up residence in the architectural jewel of "the Gardens," a cloistered community in New York's Greenwich Village. The neighborhood is a bubble within a bubble, and the residents are immediately intrigued by the eccentric newcomer and his family. Along with his improbable name, untraceable accent, and unmistakable whiff of danger, Nero Golden has brought along his three adult sons: agoraphobic, alcoholic Petya, a brilliant recluse with a tortured mind; Apu, the flamboyant artist, sexually and spiritually omnivorous, famous on twenty blocks; and D, at twenty-two the baby of the family, harboring an explosive secret even from himself. There is no mother, no wife; at least not until Vasilisa, a sleek Russian expat, snags the septuagenarian Nero, becoming the queen to his king—a queen in want of an heir. Our guide to the Golden's world is their neighbor René, an ambitious young filmmaker. Researching a movie about the Golden's, he ingratiates himself into their household. Seduced by their mystique, he is inevitably implicated in their quarrels, their infidelities, and, indeed, their crimes. Meanwhile, like a bad joke, a certain comic-book villain embarks upon a crass presidential run that turns New York upside-down. Set against the strange and exuberant backdrop of current American culture and politics, *The Golden House* also marks Salman Rushdie's triumphant and exciting return to realism. The result is a modern epic of love and terrorism, loss and reinvention—a powerful, timely story told with the daring and panache that make Salman Rushdie a force of light in our dark new age. Praise for *The Golden House* "[A] modern masterpiece . . . telling a story full of wonder and leaving you marveling at how it ever came out of the author's head."—Associated Press "Wildly satiric and yet piercingly real . . . If F. Scott Fitzgerald, Homer, Euripides, and Shakespeare collaborated on a contemporary fall-of-an-empire epic set in New York City, the result would be *The Golden House*."—Poets & Writers "A tonic addition to American—no, world!—literature . . . a Greek tragedy with Indian roots and New York coordinates."—San Francisco Chronicle

NEW YORK TIMES BESTSELLER • A leading political scientist examines the dramatic rise in violent extremism around the globe and sounds the alarm on the increasing likelihood of a second civil war in the United States "Like those who spoke up clearly about the dangers of global warming decades ago, Walter delivers a grave message that we ignore at our peril."—David Remnick, *The New Yorker* Political violence rips apart several towns in southwest Texas. A far-right militia plots to kidnap the governor of Michigan and try her for treason. An armed mob of Trump supporters and conspiracy theorists storms the U.S. Capitol. Are these isolated incidents? Or is this the start of something bigger? Barbara F. Walter has spent her career studying civil conflict in places like Iraq, Ukraine, and Sri Lanka, but now she has become increasingly worried about her own country. Perhaps surprisingly, both autocracies and healthy democracies are largely immune from civil war; it's the countries in the middle ground that are most vulnerable. And this is where more and more countries, including the United States, are finding themselves today. Over the last two decades, the number of active civil wars around the world has almost doubled. Walter reveals the warning signs—where wars tend to start, who initiates them, what triggers them—and why some countries tip over into conflict while others remain stable. Drawing on the latest international research and lessons from over twenty countries, Walter identifies the crucial risk factors, from democratic backsliding to factionalization and the politics of resentment. A civil war today won't look like America in the 1860s, Russia in the 1920s, or Spain in the 1930s. It will begin with sporadic acts of violence and terror, accelerated by social media. It will sneak up on us and leave us wondering how we could have been so blind. In this urgent and insightful book, Walter redefines civil war for a new age, providing the framework we need to confront the danger we now face—and the knowledge to stop it before it's too late. Praise for *How Civil Wars Start* "It turns out that there is a discipline that you might call 'civilwarology'—the study of the factors that lead to civil war. . . . Barbara F. Walter became a civilwarologist nearly a quarter of a century ago and her entry is evidently well-thumbed in the Rolodexes of the CIA and the U.S. State Department. In other words, she knows what she's talking about—which makes this book rather scary."—*The Times* (U.K.)

Ethans obsession with a brighter future impels the damming of the mighty Elwha to harness its power and put Port Bonita on the map. More than a century later, his great-great grandson, a middle manager at a failing fish- packing plant, is destined to oversee the undoing of that vision, as the great Thornburgh dam is marked for demolition, having blocked the very lifeline that could have sustained the town. *Her courage and her heart will be tested in ways she never expected... Beth Thatcher has spent her entire life in the safe, comfortable world of her family, her friends, and the social outings her father's wealth provides. But Beth is about to leave it all behind to accept a teaching position in the rugged foothills of western Canada. Inspired by her aunt Elizabeth, who went west to teach school several years ago, and gently encouraged by her father, Beth resolves to put her trust in God and bravely face any challenge that comes her way. But the conditions in Coal Valley are even worse than she'd feared. A recent mining accident has left the town grieving and at the mercy of the mining company. The children have had very little prior education, and many of the locals don't even speak English. There isn't even a proper schoolhouse. In addition, Beth's heart is torn between two young men--both Mounties, one a lifelong friend and the other a kind, quiet man who comes to her aid more than once. Despite the many challenges, Beth is determined to make a difference in the rustic frontier town. But when her sister visits from the East, reminding her of all the luxuries she's had to give up, will Beth decide to return to her privileged life as soon as the school year is over? A special companion story to Hallmark Channel's *When Calls the Heart* TV series*

*Finalist for the 2016 Man Booker Prize Winner of the 2016 Paris Review Plimpton Prize for Fiction* A magnificent and ambitiously conceived portrait of contemporary life, by a genius of realism *All That Man Is* traces the arc of life from the spring of youth to the winter of old age by following nine men who range from the working-class ex-grunt to the pompous college student, the middle-aged loser to the Russian oligarch. Ludicrous and inarticulate, shocking and despicable, vital, pitiable, and hilarious, these men paint a picture of modern manhood. David Szalay is a master of a new kind of realism that vibrates with detail, intelligence, relevance, and devastating pathos. In *All That Man Is*, a Man Booker Prize finalist and the winner of the Gordon Burn Prize and the Plimpton Prize, he brilliantly illuminates the physical and emotional terrain of an increasingly globalized Europe. "Szalay's prose . . . is frequently brilliant, remarkable for its grace and economy . . . [*All That Man Is*] has a new urgency now that the post-Cold War dream of a Europe of open borders and broad, shared identity has come under increasing question." —Garth Greenwell, *The New York Times Book Review* "Szalay does so much and so well that we come to view his snapshots of lives as brilliant, captivating dramas." —*Star Tribune* (Minneapolis) "A 100-megawatt novel: intelligent, intricate, so very well made, the form perfectly fitting the content. When I reached the end, I turned straight back to the start to begin again." —*The Sunday Times* (London)

**Where Hope Prevails (Return to the Canadian West Book #3)**

In the summer of 1962 with everyone nervous about a possible nuclear war, ten-nearly-eleven-year-old Rex, having just moved to Ottawa from Vancouver with his parents and five siblings, faces his own personal challenges as he discovers new friends and a new understanding of the world around him.

She loves her friends and students in the West, but family obligations have called her home. Where does she truly belong? After a year of teaching in the Canadian West, Beth Thatcher returns home to her family. She barely has time to settle in before her mother announces plans for a family holiday--a luxurious steamship tour along the eastern coast of Canada and the United States. Hoping to reconnect with her mother and her sisters, Beth agrees to join them, but she quickly realizes that things have changed since she went away, and renewing their close bond is going to be more challenging than she expected. There's one special thing to look forward to--letters and telephone calls from Jarrick, the Mountie who has stolen her heart. The distance between them is almost too much to bear. But can she give her heart to Jarrick when it will mean saying good-bye to her family once again--and possibly forever? And will she still want to live in the western wilds after the steamship tour opens up a world of people and places she never imagined? Then comes a great test of Beth's faith. Someone in her family has trusted the wrong person, and suddenly everything Beth knows and loves is toppled. Torn between her family and her dreams, will Beth finally discover where her heart truly belongs? A companion story to Hallmark Channel's *When Calls the Heart* TV series!

With low grades and bad advice from friends and family, Lionel Shepard has a hard time achieving his dream of playing basketball for Bluford High.

Inspiring Conclusion to a Popular Series with a TV tie-in When Beth Thatcher returns to Coal Valley, she has much to be excited about. She anticipates Jarrick's proposal of marriage and perhaps a spring wedding. The mine is expanding, and there are more schoolchildren than ever. But the town's rapid growth brings many challenges. A second teacher is assigned, and Beth finds herself going head-to-head with a very different philosophy of education--one that dismisses religion and rejects God. Fearful for the children who sit under the influence of Robert Harris Hughes, Beth struggles to know how to respond. At the same time, Beth wonders if Jarrick is considering a position at her father's company simply for her sake. Should she admit her feelings on the matter? Or keep silent and allow Jarrick to make up his own mind?
