Christian Minister's Manual

Pastors and church leaders genuinely want to care for people in their congregations and communities. But pastors cannot care for an entire church, and most laypersons don't have the training to do it. The Caring Congregation Ministry is a model for person-to-person care that's been proven to work in small and large churches across the U.S. It is a laity-centered ministry, where laypersons receive rigorous training and then are commissioned to serve as Congregational Care Ministers, caring for others in their own congregation and their extended community. This remarkable approach to congregational care was first developed by author Karen Lampe and her team at The United Methodist Church of the Resurrection, in Kansas City. It has been tested, refined, and strengthened, and is now being adapted in all sorts of congregational settings. One early adapter was co-author Melissa Gepford, who launched a Caring Congregation Ministry in her own rural church. Together, they have created this immensely practical guide for any pastor or leader seeking to create a congregational care ministry. This Implementation Guide is the main book for getting started. It introduces the ministry model and explains the Five Essentials which form the ministry's foundation. It is extremely practical, full of checklists and other tools to help pastors and other leaders understand (and explain) this way of providing congregational care. The Implementation Guide also includes a section focused on the crucial component of this ministry—the Congregational Care Minister, or CCM. This section fully describes the characteristics of CCM's, how to recruit people to this ministry, how to discern if candidates are a good fit, and how to conduct the CCM training over a multi-week period. It details the critical information CCM's must know, and the behaviors and habits they must practice in order to be effective. Note that the companion book, The Caring Congregation Ministry: Care Minister's Manual, is required for the CCM training. It serves as a training workbook, which then becomes the CCM's personal reference manual.

The 1991 revision of the Minister's Manual contains a wealth of Scripture readings, prayers, and other aids for planning weekly worship services as well as child dedications, weddings, funerals, and other special events. Uses New International Versions.

To adequately present the message of the Kingdom in the midst of a perverse generation, we must study and apply ourselves. But knowledge alone is not enough; wisdom, understanding and discernment are also required to effectively minister God's Word. From her decades of ministry experience, Dr. Glories Powell shares practical tools for ministers of the Gospel. In this handbook you will find research techniques, sermon designs, ministry protocol, prophetic insights, and revelation on several doctrinal truths. Before we expect the power of God's Word to change lives, we must first allow the Holy Spirit to work through us. After more than 25 years of experience in ministry and a doctorate in theology, Dr. Powell has learned enough to know that there is much more to learn! Because a preacher or evangelist must model their message and live what they teach, this handbook was passionately written for those seeking to become skilled in presenting the Word of God.

The plans for this book began several years ago as I personally sought quality resources for my work with grieving families. With such an abundance of homelectical materials in general, I was concerned that there seemed to be very little to offer guidance for the funeral setting. The goal of this book is to provide resource material for a setting that has so much potential for ministry. - From the Preface.

David Servant has been ministering to Christian leaders in conferences around the world for over three decades. From his experience of speaking to tens of thousands of pastors in over forty countries, he has compiled biblical teaching in this book that addresses the most important issues that Christian leaders are facing today. Servant covers topics such as church growth, spiritual warfare, divorce and remarriage, biblical interpretation, house churches, women in ministry, church government, spiritual gifts, evangelism and many more.

He often questions the prevailing opinion, always considering what Scripture says. His conclusions may sometimes surprise you.

Servant's foundational condition is that every Christian leader should be making disciples who obey all of Christ's commandments.

Translated into many languages, The Disciple-Making Minister is helping Christian leader around the world be more effective in fulfilling the Great Commission.

The Pastor's Handbook (KJV) is intended to meet the continuing need of the Christian minister for guidance and forms as he does the work of the ministry. It seeks to offer options to suit the tastes of the pastor and congregation within the parameters of quality, beauty and dignity. To this end, numerous changes, both large and small, have been made—more selected Scriptures, new alternatives for special occasions, some significant additions and changes. At the same time, every effort has been made to keep the book concise and compact to maximize its usefulness. The formulas should be sufficient for the ordinary needs of the minister. They may be modified or supplemented by materials from the pastor's private collection or his own preparation. Some who stress liberty in prayer and preaching dislike set forms, preferring spontaneity and a free style as they worship. If the spiritual vitality of a church is maintained there need be no fear that these forms will become lifeless rituals. The use of forms should never become merely formal. And if the use of forms adds beauty and dignity to the atmosphere of sacredness, who can object? May the blessing of God attend all who glean from this manual, enabling it them to know what to say and how to say it. This is made also for allowing them to know what to do and how to do it especially as the occasion requires. Gratitude is expressed to many pastors and contributors for this volume. Includes the: worship service, baptism, communion, funerals, anointing services, healing services, membership, installation, baby and child dedication, consecration services, ceremonies for buildings and visitation.

How are we to explain the fragmentation of evangelical faith today and the current turmoil in the churches? According to David Wells, the answer lies in seeing how modernity is reshaping the whole of Western culture, including that part of it which is religious. This book provides a compelling critique of the modern world and the state of evangelical theology. Wells's sweeping analysis explores the collapse

of theology in the church, the academy, and modern culture. The new environment in which we live, with its huge cities, triumphant capitalism, invasive technology, and incessant amusements, is homogenizing daily experience, bringing about a world cliché culture. While the modern world has produced astonishing abundance, it has also taken a dreadful toll on the human spirit, emptying it of meaning, depth, and morality. Seeking respite from the acids of modernity, people today have increasingly turned to religions and therapies centered on the self. And, whether consciously or not, evangelicals have taken the same path, refashioning their faith into a religion of the self. Because the modern churchgoer is so often a consumer, pastors are redefining their roles in terms of their own marketability. Evangelicals, argues Wells, have largely lost the truth that God also stands outside all human experience, that he still summons sinners to repentance and belief regardless of their self-image, and that he calls his church to stand fast in his truth against the blandishments of the modern world. Written expressly to encourage renewal in evangelical theology, *No Place for Truth* explores the interface between Christian faith and the modern world in entirely new ways and with uncommon rigor. It raises profound questions about the future of conservative Protestant faith. Here is provocative reading for scholars, ministers, Christian leaders, seminary students, and all theologically concerned people.

This handbook makes a great gift for a newly ordained Minister of the Gospel or Seminary Graduate! This handbook has been designed to assist the Pastor or Minister of the Gospel in performing Marriage Ceremonies. The easy "step-by-step" format is simple to follow and has spaces provided to insert the names of the Bride and Groom. The three main ceremonies are included in this handbook: 1. The Traditional Wedding Ceremony which incorporates scripture reading and charges to the bride, the groom, the witnesses in the wedding party and also the audience. The author has been using this system extensively for over 20 years and has never failed to get several compliments on the ceremony. 2. The Civil Ceremony. This is a short, easy and quick wedding ceremony. It is often performed at City Hall, but be used anywhere. The author has even used in a local jail where an inmate and his fiance were married! It "mentions" God, but not to the extent of the other two types of ceremonies. 3. The "Episcopalian" Ceremony. This is a longer ceremony (very rarely used by the author) and incorporates the taking of communion as well as all the other elements of the Traditional Ceremony. This handbook is a compilation of many different marriage manuals the author has used for over 20 years of performing marriage ceremonies. Taking "the best" sections from various manuals and combining them into one, "easy to use" handbook and written in a "Step-by-Step" format allows the user

to immediately take this Handbook and perform marriage ceremonies like they have been doing it for years!
