You've been served! How many people do you know, married fifty-six years, and at the age of 75, have been served divorce papers? OK...but at a New Year's Eve party? From that chilling humiliation, and the dissolution of my marriage, derived, Divorced After 56 Years, Why Am I Sooo Happy? The start of the New Year began the start of a new me. From that time forward, I learned and earned the right to give advice, with a smattering of zing, a touch of spice, and my own style of humor. This is much more than a divorce without remorse book. It's a primer (prim-err); an introduction to a study that teaches, not preaches. "Gray" divorce is epidemic in America. I want to prevent the ever increasing demographic of elder divorcees and singles, from making the mistakes I made while tripping and slipping to the finish line. I always assumed, like, before finding out you have an incurable disease, "it will never happen to me". Assume nothing. It can, and it did, for me, and for every man and woman who will read this. We all have our tales of woe. It's time to say, been there, done that. Now, Move on, Let go and Let's Go! One tip I learned is to not tell all, but to add more than a hint of mystery and a wicked knowing smile, while giving no explanations. This will drive your frenemies crazy, as they meet to eat and chew you up and spit you out over their salads at lunch. Regardless of your age, don't waste another moment in a relationship that is bad for your health. I learned the hard and expensive way. Let this primer be your guide to a smoother, less costly, far more satisfying, and dare I say, 'fun' way to start living while the living's good! Those who think, what is there for me, need to ask, what isn't there for me? I write of infinite options. Age be damned! Open my primer and let the fun of being a one, begin.

"Abbie Hoffman, Yippie non-leader, notorious dope addict and up-and-coming rock group (the WHAT), is currently on trial with seven others for conspiracy to incite riot during the Democratic Convention. When he returned from the Woodstock Festival he had five days before leaving for Chicago to prepare for the trial. Woodstock Nation, which the author wrote in longhand while lying upside down, stoned, on the floor of an unused office of the publisher, is the product of those five days. Taylor G. Petrey's trenchant history takes a landmark step forward in documenting and theorizing about Latter-day Saints (LDS) teachings on gender, sexual difference, and marriage. Drawing on deep archival research, Petrey situates LDS doctrines in gender theory and American religious history since World War II. His challenging conclusion is that Mormonism is conflicted between ontologies of gender essentialism and gender fluidity, illustrating a broader tension in the history of sexuality in modernity itself. As Petrey details, LDS leaders have embraced the idea of fixed identities representing a natural and divine order, but their teachings also acknowledge that sexual difference is persistently contingent and unstable. While queer theorists have built an ethics and politics based on celebrating such sexual fluidity, LDS leaders view it as a source of anxiety and a tool for the shaping of a heterosexual social order. Through public preaching and teaching, the deployment of psychological approaches to "cure" homosexuality, and political activism against equal rights for women and same-sex marriage, Mormon leaders hoped to manage sexuality and faith for those who have strayed from heteronormativity.

"... describes and analyzes three types of agreements: premarital agreements, postmarital agreements, and domestic partnership agreements. A premarital agreement is a contract between prospective spouses, including same-sex couples, made in contemplation of marriage. A postmarital agreement is a contract executed by parties to an ongoing marriage and not incident to a divorce or marital separation. A domestic partnership agreement, sometimes known as a cohabitation agreement, is a contract executed by a couple whose domestic arrangements may not be state-sanctioned. However, the term also includes such an agreement executed incident to a civil union or registered domestic partnership. Generally, all of these agreements are used to define the property and support rights of the parties upon termination of the marriage or other relationship by death or dissolution. Some parties also opt to include financial obligations during the marriage or other relationship. This Portfolio does not cover separation agreements that settle property rights, spousal and child support obligations, and child custody matters incident to a separation or divorce"--Portfolio description.

The Knowledge Every Man Needs for a Successful Divorce Each year 500,000 men will face divorce, and most of them make at least one crucial—and often irreversible—mistake. These errors might seem minor, such as moving out while things get sorted out, or thinking of “temporary” orders as being truly temporary. But when they get to court, these men discover they have put themselves in a terrible position. They may have to give up their house, pay impossibly high alimony, or even lose custody. You could be one of these men. But you don't have to be. Joseph Cordell, the founder of the nation's largest law firm focusing on men's divorce and the creator of DadsDivorce.com, has seen the consequences of the mistakes men make. Drawing upon the huge number of cases that Cordell & Cordell has handled, this book identifies the 10 most common mistakes that end up hurting men in divorce. Cordell demystifies the divorce process, explains what judges consider in making their final decisions, and lays out a road map for positive actions men can take to achieve the best possible outcome. No man should face divorce without this book.

Yet the means for dissolving a relationship often seem hopelessly mired in an outdated perception of how it's supposed to be done. Wasser acknowledges that this generation's realities have evolved greatly since the previous generation's in almost every way, and that they want to get divorced cheaply and efficiently and maintain control of the process themselves. The daughter and partner of a prominent Los Angeles Family Law attorney, she has a deep history in the field, and she knows the available roads to uncontested resolution like nobody else. At times psychologist, at times strategist, and distinctly of this generation, Laura and her book will offer readers safer passage through what can be a devastating time, emotionally and financially.
