The book has been primarily designed for the students of C.A. Foundation course for the subject Principles and Practice of Accounting. It has been revised as per the new updates in the syllabus and is applicable for the students appearing for CA Foundation Examination November 2019 and onwards. The book provides conceptual knowledge and understanding of various principles and systems of accounting and their practical application in different sets of business transactions.

The Third Edition of this text, which is a thoroughly revised and enlarged version of Prof. V.K. Goyal's book, Corporate Accounting, Second Edition, gives a clear analysis of the fundamental concepts of corporate accounting. Accounting for various types of companies comes under the sphere of corporate accounting. This book primarily deals with the preparation and presentation of accounts strictly in accordance with the provisions of the Indian Company Law. Organized into 11 chapters, this book, at the outset, presents provisions of the Indian Companies Act, 1956, SEBI's guidelines, and different types of shares and modes for issue of shares. Then it goes on to give a detailed discussion on the conditions for redemption of preference shares with their sources and conversion of preference

shares into equity shares. Besides, this text covers, in detail, topics such as different modes of issue and redemption of debentures, internal and external construction of companies, preparation of cash flow statement and its classification as well as the distinction between cash flow statement and fund flow statement. Finally, the book elaborates on several methods of analysis of financial statements and advantages and limitations of ratio analysis. This well-organized and student-friendly book is intended as a text for undergraduate students of commerce (B.Com. Programme/B.Com. Pass) in universities across India. In addition, it would be useful for professional courses such as CA, ICWA and CS. Key Features Covers concepts and principles of corporate accounting in a comprehensive manner. Includes 300 worked-out examples to illustrate the concepts discussed. Provides 250 unsolved problems in a graded manner for the benefit of students.

'Hale's writing is beautiful, with a vivid eye for detail' Daily Telegraph Anidora-Kiladra Talianna Isilee, Crown Princess of Kilindree, spent the first years of her life listening to her aunt's incredible stories, and learning the language of the birds. Little knowing how valuable her aunt's strange knowledge would prove to be when she grew older. From the Grimm's fairy tale of the princess who became a goose girl before she could become a queen, Shannon Hale has woven an incredible, original and magical tale of a girl who must understand her own incredible talents before she can overcome those who wish her harm. Shannon Hale has drawn on her incredible gift for storytelling to create a powerful and magical grown-up fairytale.

"This inspiring story introduces Ron, an average guy, who is increasingly disturbed by social media updates from his peers and feels he is not doing as well in his own life. He feels stuck in his day-to-day routine and is struggling to accept if that is all life had to offer, after all the hard work that he put in over the years to establish himself. Although his life is comfortable, he feels something is missing within the entire scheme of things. One day, through a 'magical meeting', he is introduced to the step-by-step approach to

finding one's answers. Ron embarks on this journey, becomes his best self and in the process, discovers his life purpose, a sense of passion and ever-lasting contentment. The book offers those key concepts from the science of achievement and personal development that can have maximum impact on your life. In addition, simple exercises have been provided, each of which can be integrated into your busy day-to-day lives. If you are new to self-help and personal development, this book will provide you with most of what you need to become your best self and continue pushing further. If you are already a self-help enthusiast, this book will serve as a quick reminder of the core principles and high-impact exercises."

The book has been designed topic and subtopic-wise, keeping the students' needs in mind. The current edition has certain unique features: Each chapter starts with a To Do list. It gives the central idea of the chapter and the way it has been addressed. Each chapter is divided into several sections corresponding to different components of the syllabus. Each chapter is splashed with HOTS. This is to promote clarity of the basics. Focus Zones in each chapter present a crux of the concepts. Blocks in each chapter include matter of special significance. Power Points and Revision Window offer a quick glance of the subject matter. 'Exercise' is tuned to the pattern of examination. Answers to important questions focus on the technique of writing. The exercise includes: objective type questions (remembering & understanding based questions), divided into five sections: (a) multiple choice questions, (b) fill in the blanks, (c) true or false, (d) matching the correct statements, (e) 'very short answer' objective type questions reason-based questions HOTS & applications analysis & evaluation CBSE questions (with answers or reference to the text for answers) NCERT questions (with hints to answers) miscellaneous and add-on questions (with hints or reference to the text for answers) Dos and Don'ts (at the end of each chapter) should serve as a safeguard against misinterpretation of the concepts. Ability Zone is a uniquely designed section at the end of the chapter. This raises the difficulty level, of course, but should serve as a useful material for the outstanding learners. Solved & Unsolved numericals are given to boost a grip on the subject.
