Jon was a physicist who wanted

nothing more than a simple life with few responsibilities and someone to share it with. In the middle of an ordinary day, a horrible accident leaves him stranded in a baffling world of impossible phenomena, terrifying

creatures, and mysterious prophecies. Desperate to get home, his only hope is a harrowing journey across three distinct realms. But his arrival in the new land has not gone without notice. Suspicious of the circumstances of

his arrival, a nervous ruling council requires someone to investigate. So they send the one warrior most suited for the job: the dedicated and compassionate Dellia. She lives to serve because helping people is what gives her life

purpose and meaning, but as a protector, she is also bound by an unshakable devotion to the council. Lost and alone in a vast world, Jon is in dire need of help. Skilled and knowledgeable, Dellia is exactly the kind of help he

As president of the high-profile Ventura charter of the club, he had been the yin to Sonny Barger ' s yang. Barger was the reckless figurehead and de facto world leader of the Hells Angels. Christie was the negotiator, the

spokesman, the thinker, the guy who smoothed things out. He was the one who carried the Olympic torch and counted movie stars, artists, rock musicians, and police chief captains among his friends. But leaving the Hells Angels isn't

easy, and within two weeks of retirement, he was told he was “out bad” —blackballed by his fellow Angels, prohibited from wearing the club patch, and even told he should remove his Death Head tattoo. Now Christie sets out

to tell his story. Exile on Front Street is the tale of how a former Marine gave up a comfortable job with the Department of Defense and swore allegiance to the Hells Angels. In this revealing, hard-hitting memoir, he recounts his life
