

# Forming Questions In English

Situated at the crossroads of dialectology, sociolinguistics and contact linguistics, this volume provides a first comprehensive description of the morphosyntactic inventory of the variety of English spoken on Jersey, the largest of the Channel Islands. Based on a specially compiled corpus of spoken material containing both present-day sociolinguistic and archive data, it thereby

## Online Library Forming Questions In English

reveals an intricate network of variation and change in this language-shift variety. The study adopts a cross-varietal approach for its analyses, which enables a first more systematic comparison between the Englishes spoken on Jersey, on its sister island Guernsey and beyond. In addition, it discusses the implications of identity aspects for language use in Jersey. The book will therefore be of major interest to any researcher or student working in the areas of language variation and

## Online Library Forming Questions In English

change, language contact or dialectology and to those interested in sociolinguistic methodology and the relationships between language and identity. Making linguistics accessible and relevant to all teachers, this text looks at language issues in the classroom through an applied sociocultural perspective focused on how language functions in society and in schools—how it is used, for what purposes, and how teachers can understand their students' language

## Online Library Forming Questions In English

practices. While touching on the key structural aspects of language (phonetics, phonology, morphology, and syntax), it does not simply give an overview, but rather provides a way to study and talk about language. Each chapter includes practical steps and suggests tools for applying different kinds of linguistic knowledge in classrooms. The activities and exercises are adaptable to elementary or high school settings. Many examples focus on the intersection of math,

## Online Library Forming Questions In English

science, and language. Teacher case studies show how real teachers have used these concepts to inform teaching practices. Given the increasing use of multimedia resources in today's schools, multiple mediums are integrated to engage educators in learning about language. The Companion Website provides a multitude of relevant resources that illustrate the diversity of language functions and debates about language in society.

Why Study Linguistics is designed to help anyone

usage-based perspective

*This work offers a fresh approach to grammar, arguing that a speaker "codes" a meaning into grammatical forms in order to communicate them to a hearer. Investigating the interrelation of grammar and meaning, Dixon uncovers a rationale for the varying grammatical properties of different words. He offers a review of some of the main points of English syntax, as well as a discussion of English verbs in terms of semantic types. Finally, he examines five specific grammatical topics: complement clauses in detail; complement clauses, transitivity and causatives; passive construction; promotion of a non-*

## Online Library Forming Questions In English

Battistella takes a hard look at traditional notions of bad language, arguing that they are often based in sterile conventionality. Examining grammar and style, cursing, slang, and political correctness, regional and ethnic dialects, and foreign accents and language mixing, Battistella discusses the strong feelings evoked by language variation, from objections to the pronunciation NU-cu-lar to complaints about bilingual education. He explains the natural desire for uniformity in writing and speaking and traces the association of mainstream

## Online Library Forming Questions In English

norms to ideas about refinement, intelligence, education, character, national unity and political values. Battistella argues that none of these qualities is inherently connected to language. It is tempting but wrong, Battistella argues, to think of slang, dialects and nonstandard grammar as simply breaking the rules of good English. Instead, we should view language as made up of alternative forms of orderliness adopted by speakers depending on their purpose. Thus we can study the structure and context of nonstandard language in order to illuminate and enrich traditional forms of
