New York Times Bestseller What if America had a royal family? If you can't get enough of Harry and Meghan or Kate and William, meet American princesses Beatrice and Samantha. Crazy Rich Asians meets The Crown. Perfect for fans of Red, White, and Royal Blue and The Royal We! Two princesses vying for the ultimate crown. Two girls vying for the prince's heart. This is the story of the American royals. When America won the Revolutionary War, its people offered General George Washington a crown. Two and a half centuries later, the House of Washington still sits on the throne. Like most royal families, the Washingtons have an heir and a spare. A future monarch and a backup battery. Each child knows exactly what is expected of them. But these aren't just any royals. They're American. As Princess Beatrice gets closer to becoming America's first queen regnant, the duty she has embraced her entire life suddenly feels stifling. Nobody cares about the spare except when she's breaking the rules, so Princess Samantha doesn't care much about anything, either . . . except the one boy who is distinctly off-limits to her. And then there's Samantha's twin, Prince Jefferson. If he'd been born a generation earlier, he would have stood first in line for the throne, but the new laws of succession make him third. Most of America adores their devastatingly handsome prince . . . but two very different girls are vying to capture his heart. The duty. The intrigue. The Crown. New York Times bestselling author Katharine McGee imagines an alternate version of the modern world, one where the glittering age of monarchies has not yet faded--and where love is still powerful enough to change the course of history. In this #1 New York Times bestselling thriller from Harlan Coben, a dead man's secrets fall into the hands of a vigilante antihero—drawing him down a dangerous road. Over twenty years ago, the heiress Patricia Lockwood was abducted during a robbery of her family's estate, then locked inside an isolated cabin for months. Patricia escaped, but so did her captors — and the items stolen from her family were never recovered. Until now. On the Upper West Side, a recluse is found murdered in his penthouse apartment, alongside two objects of note: a stolen Vermeer painting and a leather suitcase bearing the initials WHL3. For the first time in years, the authorities have a lead — not only on Patricia's kidnapping, but also on another FBI cold case — with the suitcase and painting both pointing them toward one man. Windsor Horne Lockwood III — or Win, as his few friends call him — doesn't know how his suitcase and his family's stolen painting ended up with a dead man. But his interest is piqued, especially when the FBI tells him that the man who kidnappned his cousin was also behind an act of domestic terrorism — and that the conspirators may still be at large. The two cases have baffled the FBI for decades, but Win has three things the FBI doesn't: a personal connection to the case; an ungodly fortune; and his own unique brand of justice.

Mickey Bolitar is forced to live with his Uncle Myron and switch high schools, where he finds both friends and enemies, but when his girlfriend vanishes, he follows her trail into an underworld that reveals she is not what she seems to be.
