In 1935, when a small company in Coventry, England, launched a sporting saloon (i.e., sedan) called the Jaguar SS, it set in motion an inexorable process that would lead to Britain’s most beloved line of high-performance automobiles. The Complete Book of Jaguar covers the SS and all of the Jaguar's subsequent production models, from the original SS Jaguar to today’s F-Type sports cars, F-Pace SUV, X-Type sedans, as well as concept cars. As with other books in the Complete Book Series, author Nigel Thorley organizes the content chronologically with entries for each year. Narratives for each discuss the cars and technology, while spec tables highlight key technical and performance specifications. Originally begun by a couple of motorcycle enthusiasts—William Lyons and William Walmsley—as a firm called the Swallow Sidecar Company, Jaguar would become one of the world's most celebrated automakers. In England’s bleak postwar years, Jaguar became a shining star—first with its XK120, followed by the XK140 and XK150. Sporting sedans like the Mark 2 and Mark X set the bar for luxury four-door transport in the '50s and '60s. Then Jaguar stunned the world with the achingly beautiful E-Type in 1961, a genuine 150 mph super sports car. Along the way, the company competed on road courses around the world, going head to head with greats like Ferrari and Aston Martin. Though Jaguar lost its way periodically in the modern era, it has bounded back stronger than ever in the twenty-first century with a strong lineup, including the new F-Type sports car and F-Pace SUV. The Complete Book of Jaguar is the essential guide to this important chapter in the history of sports and luxury automobiles.

This book tells the fascinating, and sometimes frustrating, story of the journey from the iconic Jaguar E-type to its successor, the F-type. With nearly 300 photographs, it documents the evolution of the F-type from the Pininfarina XJ Spider through Jaguar's own XJ41/42, XX and XK180. It reviews the whole range of F-type convertible and coupe models and discusses the wild Project 7 and the latest turbo-charged four-cylinder cars. The special vehicles produced for Team Sky and Bloodhound SSC are included along with a useful chapter on buying an F-type. Finally, the book considers the F-type's future in a changing automotive world.

The definitive international history of Jaguar's classic grand tourer, the XJ-S, from inception until the end of production. Not only essential reading, but a great reference source for all owners and would-be owners. Includes really useful advice on buying, running and restoration. Includes 270 photos and illustrations.

James Taylor remembers very well the disappointment among his petrol-head friends when the Xj-S was announced in 1975. It was not a replacement for the legendary E-type; its colours were uninspired; and its interior was drab. All credit, then, to those people at Jaguar who truly believed in the car and, over a period of nearly 20 years, turned the ugly duckling into a swan. From the moment the Xj-S HE arrived in 1981, there seemed to be renewed hope, and from then on, the car went from strength to strength to become the much-admired grand tourer it always should have been. The book contains a timeline of the key events in the history of the XJ-S and an overview of the evolution of the XJ-S from the XJ27 prototype. Packed with details it gives UK showroom prices through the year and sales in the US by year. Of great interest to all motoring and Jaguar enthusiasts, it is superbly illustrated with 192 colour and black & white photos. James Taylor has been writing professionally about road transport since the late 1970s, his primary interest is in those models that made the British motor industry great.

Collection of articles published in various magazines between Sept. 1975 and Aug. 1988.

Jaguar S-Type and 420: The Complete Story James Taylor This complete history of Jaguars famous S-Type includes company developments and the background to the S design, both 3.4 and 3.8 litre S-Types, the 42 development and the Daimler Sovereign. The definitive international history of Jaguar's classic grand tourer, the XJ-S, from inception until the end of production. Not only essential reading, but a great reference source for all owners and would-be owners. Includes really useful advice on buying, running and restoration. Includes 270 photos and illustrations.

This manual and supplement covers all 6-cylinder powered XJS models. Includes coverage of ABS brake systems, body mods and mods brought about with the intro of automatic transmission 4 litre engines.

It took several years for the XJ-S to be accepted as a car in its own right rather than as a replacement for the E-type. By the mid-eighties it was a remarkably refined and sophisticated grand tourer, quite clearly differentiated from the saloons whose running gear it shared. It is an uncompromising 2+2 with distinctive styling. During the late eighties and early nineties, both styling and mechanical upgrades, made the car even more desirable. The last of the cars came of the line in 1996. This is a book of contemporary road and comparison tests, technical and specification data, new model intro's, long terms tests, buying used. Models covered include: XJ-S Brandenburger, Lister, CoupT, Convertible, Automatic, 6-litre, JaguarSport XJR-S.

9600 Hp: The Story of the World's Oldest E-Type Jaguar

The XJ-S was Jaguar's most controversial car. Despite offering a superb blend of performance and refinement it was a radical departure in style from the elegant E-type. It appeared at a time when fuel-thirsty luxury cars were unfashionable. However, Jaguar stuck with the car and the result is a twenty-one year production history and a firm place in the classic jaguar list.

Contains hard-to-find articles on Jaguar XJ-S, XK8 & XKR, including road tests, new model reports, comparisons, specs, performance data & more. Topics include: 'New from Britain', 'Two Jaguar Coupes', 'Jaguar's new XJ-SC and the AJ6 engine', 'TWR Jaguar Sport', 'Quandry at Furnace Creek - Jaguar XJ-S vs. Mercedes-Benz vs. BMW', Lister-Jaguar XJ-S NAS', 'Jaguar XJ-S V-12 Convertible', 'Jaguar XK8 Convertible vs. Mercedes SL 500', 'Jaguar's hot new XKR', 'Grand touring, V-8 Style - Jaguar XK8 vs. Lexus vs. Mercedes-Benz', & 'Jaguar XKR Convertible'. '

From development prototype to Geneva Motor Show star and 150mph road-test car, 9600 HP played a key role in the launch of the sensational Jaguar E-type.
