The Ohio Cultivator

This publication includes two pavement maintenance manuals intended for use by highway maintenance agencies and contracted maintenance firms in the field and in the office. Each is a compendium of good practices for Portland cement concrete joint resealing and partial-depth spall repair, respectively, and stem from two Strategic Highway Research Program studies. The first manual covers the need for joint resealing, the planning and design, construction, and evaluation of joint seal performance. The second manual gives a description of procedures and materials recommended for partial-depth spall repair in jointed Portland cement concrete pavements. The manual covers the details of planning and design, construction, and evaluation of performance.

DFA Leader

The Northern Logger and Timber Processor

A Training Guide to the "hows" and "whys" of Modern Fuels, Lubricants, Coolants, and Filters

Catalog of Copyright Entries

This completely revised second edition includes new information on biomass in relation to climate change, new coverage of vital issues including the "food versus fuel" debate, and essential new information on "second generation" fuels and advances in conversion techniques. The book begins with a guide to biomass accumulation, harvesting, transportation and storage, as well as conversion technologies for biofuels. This is followed by an examination of the environmental impact and economic and social dimensions, including prospects for renewable energy. The book then goes on to cover all the main potential energy crops.

On-farm Composting Handbook

Lek and Giannis were married for ten years and lived happily with their children in North-East Thailand. Though Giannis spoke often of his Cretan childhood and heritage, he never showed his family the island of his birth. When Giannis dies, his widow takes her two children to Crete on a journey of discovery which will change their lives. This story first appeared in the collection Mist on the Jungle and Other Stories.
