Julia Lockwood has never been anything more than a pretty pawn for her father or a business acquisition for her former fiance. A mail-order marriage in faraway Kansas is a last resort, but she'll do anything to leave her life in Massachusetts and the heartbreak she's experienced there. Although Everett doesn't see how a beautiful, cultured woman like Julia could be happy sharing his simple life, he could really use a helpmate on his homestead. Faced with the harsh realities of life on the prairie and hesitant to explore the tentative feelings growing between them, can Everett and Julia ever let each other in long enough to fall in love? This story begins in 1991 when Sheryl meets her second husband named Richard. Her expectations are different than they were for her first marriage. That said, she never dreams that it will become so awful. Unfortunately, physical abuse is a part of the story. Divorce seems a clear and almost certain option. Sheryl has always believed that God helps those who help themselves (which is not biblical). Like most people, she believes it is up to her to fix herself and her marriage. But nothing she does works.

The level of desperation is tremendous-a desperation that Sheryl has rarely experienced. But then God. Sheryl finally turns everything over to God. God steps in and, wow, the old, ugly marriage dies and what is left is better than a dream come true. Everything is brand new, squeaky clean, and joyful. Jesus was, is, and always will be the center, the bottom, the top, and both sides. There really is no life without Christ Jesus.

Are you wondering, what is your divine destiny? What is your purpose in life? Why are you here and what directions you should take? Then this book will inspire you to seek answers that ponder your mind, heart, spirit, and soul. It is going to take you on a spiritual quest that reveals truth and godly wisdom. Dealing with spiritual matters and matters of the heart requires intense meditation, prayer, faith, obedience, truth, and guidance. Sometimes God answers by revealing His instructions to us in an unordinary or mysterious form. My quest for answers was revealed through dreams, visions, and insight. The Christian upbringing I had, along with faith to seek and wait for answers, became a major turning point in my life. All this aspiration was a result of a choice I made, shortly after moving to Atlanta, Georgia in 2010. This geographical area was appointed by God when He called me to do a work here over twenty years ago. Not having a clue what was about to take place, led me to personal growth and spiritual maturity through several uneventful situations that was unexpected. This book will enrich your life to keep striving when life throws you a curve ball. I pray you are blessed in your quest to seek solutions to questions that linger heavy on your heart, mind, spirit, and soul. BE BLESSED.

Jesus Christ is arguably the most famous man who ever lived. His image adorns countless churches, icons, and paintings. He is the subject of millions of statues, sculptures, devotional objects and works of art. Everyone can conjure an image of Jesus: usually as a handsome, white man with flowing locks and pristine linen robes. But what did Jesus really look like? Is our popular image of Jesus overly westernized and untrue to historical reality? This question continues to fascinate. Leading Christian Origins scholar Joan E. Taylor surveys the historical evidence, and the prevalent image of Jesus in art and culture, to suggest an entirely different vision of this most famous of men. He may even have had short hair.

This is the story of a life spent largely in the world of chemistry, mainly as a college or university-level teacher. It is also the story of an ordinary boy, a child of the war years, who rose from an unpromising start, leaving school at 16 with four mediocre O Levels, to become more successful and fulfilled in a career than he had ever imagined possible, eventually becoming a university professor. The book also describes the immense contribution made to our lives by chemical research and the chemical industry.ÿ

What Did Jesus Look Like?

Picking up where he left off in "Finishing the Hat", Sondheim richly annotates his lyrics with personal and theatre history, discussions of his collaborations, and exacting, charming dissections of his work -- both the successes and the failures.

The stories in this book are about not giving up and sharing with others. You can do anything you want if you are willing to put in the hard work. The characters in this book are willing to do what they must to get it right. Sharing is just fine. The more you share, the more God will bless you. When people share, that is letting other people know you are not selfish, and you don't mind sharing. If you don't know something, ask someone to help or show you what to do. You will never learn if you do not ask, so push your pride aside and ask. If someone asks you to help them or to show them something they do not know how to do, help them. Plus, you will get your blessings from God. Just like the characters in this book who learn practice makes perfect and sharing isn't bad, the more you help people, the more you get out of life. When you ask for help, that lets people know you want to learn. Never be afraid to ask for help or to help someone. If you have a little sister or brother, show them how to tie their shoes or even share with someone who doesn't have enough.

Believe me, you will feel so good. You will make their day. If you have a sandwich and someone with you doesn't, let them have some of yours. If a friend of your does not know how to do something, show them how. You might just make a friend for life; you never know.

Doing what Jesus did takes a fresh look at the gifts of the Spirit, suggesting they are best regarded as a description of the ministry of Jesus, to be welcomed not as feathers in the caps of individuals but as shared resources given to enable the mission and ministry of the church. With lots of illustrations and plenty of real life stories and testimonies, this is a welcome and readable introduction to a topic about which little has been written in recent years. It includes a Bible study for use in small groups.

“The best theologically rigorous study of the gifts of the Spirit that I have read. Especially because in this new book Alison Morgan, from long experience, includes sensible, practical advice on how to get going.” Preb John Collins

“One of America’s most notorious murder cases inspires this feverish debut” novel that goes inside the mind of Lizzie Borden (The Guardian). On the morning of August 4, 1892, Lizzie Borden calls out to her maid: Someone’s killed Father. The brutal ax-murder of Andrew and Abby Borden in their home in Fall River, Massachusetts, leaves little evidence and many unanswered questions. In this riveting debut novel, Sarah Schmidt reimagines the day of the infamous murders as an intimate story of a family devoid of love. While neighbors struggle to understand why anyone would want to harm the respected Bordens, those close to the family have a different tale to tell?of a father with an explosive temper, a spiteful stepmother, and two spinster sisters desperate for their independence. As the police search for clues, Lizzie’s memories of that morning flash in scattered fragments. Had she been in the barn or the pear arbor to escape the stifling heat of the house? When did she last speak to her stepmother? Were they really gone and would everything be better now? Shifting among the perspectives of the unreliable Lizzie, her older sister Emma, the housemaid Bridget, and the enigmatic stranger Benjamin, the events of that fateful day are slowly revealed through a high-wire feat of storytelling.
