

Mercy The Essence Of The Gospel And The Key To Christian Life By Cardinal Walter Kasper

Kenda Tyson has lived a pretty wonderful life. Her parents are lawyers who own their own firm, and they provide their 17-year-old daughter with only the finest. Kenda has come to expect that the men in her life will continue to offer her that same level of luxury, and when she meets the good-looking, smooth-talking Jerome Smith, she's sure she's hit the jackpot. Her perspective quickly changes, however, when she finds herself caught up in a whirlwind of love, lies, and abuse. The first time she has to examine a bruise on her face, Kenda allows herself to believe that it was a mistake Jerome will never make again. Her friends try to convince Kenda that being with Jerome is not what's best for her, but when she refuses to listen to them, they walk away, hoping that God will hear their prayers and protect Kenda's life. When Kenda decides that her relationship with Jerome is more important than her friendships and her family, will she realize how much she is giving up before it's too late?

Ashira, a belle from the suburbs, is the wealthy acting CEO of her father's booming building firm. That's when she's not the dancer on the Gram and TikTok, dating the latest Black Hollywood shooting star. To her, Jas, a construction laborer, is a walking conundrum. He's fruitlessly ambitious yet steadfast in his spiritual convictions. He's enigmatic, well-read, regimented, and poor. Oh, and a felon. An incredibly disarming parolee who wants no connection to her. Until he does. Two souls, galaxies apart. He's an unanticipated UFO about to collide in her world like an unmitigated asteroid. Publisher's Note: "Mercy" is book ONE of a THREE book series. It ends on a suspenseful CLIFFHANGER. This book contains angst, violence, profanity, sexually explicit content, and potential gory material. If any of these elements is not what you prefer between the pages of a novel, this is not the venture for you.

The 1980s and 1990s, the height of the AIDS crisis in the United States, was decades ago now, and many of the stories from this time remain hidden: A Catholic nun from a small Midwestern town packs up her life to move to New York City, where she throws herself into a community under assault from HIV and AIDS. A young priest sees himself in the many gay men dying from AIDS and grapples with how best to respond, eventually coming out as gay and putting his own career on the line. A gay Catholic with HIV loses his partner to AIDS and then flees the church, focusing his energy on his own health rather than fight an institution seemingly rejecting him. Set against the backdrop of the HIV and AIDS epidemic of the late twentieth century and the Catholic Church's crackdown on gay and lesbian activists, journalist Michael O'Loughlin searches out the untold stories of those who didn't look away, who at great personal cost chose compassion—even as he seeks insight for LGBTQ people of faith struggling to find a home in religious communities today. This is one journalist's—gay and Catholic himself—compelling picture of those quiet heroes who responded to human suffering when so much of society—and so much of the church—told them to look away. These pure acts of compassion and mercy offer us hope and inspiration as we continue to confront existential questions about what it means to be Americans, Christians, and human beings responding to those most in need.

Here retreat master, Ignatian trained spiritual director and author Kathleen Beckman offers a guide for a personal or group healing retreat based on Divine Mercy in Scripture and in the lives of the Saints. Beckman skillfully helps us to see how the "rays of divine mercy" heal families, marriages, the sick, poor, suffering, friends, enemies, laity, clergy, our vocations, doubters, believers, those with diabolical suffering, sinners, saints, the unborn, the elderly, children, the Church and the whole world.

This book is provided with direct translation of Śrīla Sanātana's Dig-darśini commentary. This canto answers the question 'Who receives the greatest mercy of Kṛṣṇa?' One of BuzzFeed's 25 New And Upcoming Books You Won't Be Able To Put Down "The Uninnocent is so elegantly crafted that the pleasure of reading it nearly overrides its devastating subject matter . . . a story of radical empathy, a triumph of care and forgiveness." --Stephanie Danler, author of Stray and Sweetbitter A harrowing intellectual reckoning with crime, mercy, justice and heartbreak through the lens of a murder On a Thursday morning in June 2010, Katharine Blake's sixteen-year-old cousin walked to a nearby bike path with a box cutter, and killed a young boy he didn't know. It was a psychological break that tore through his brain, and into the hearts of those who loved both boys—one brutally killed, the other sentenced to die at Angola, one of the country's most notorious prisons. In The Uninnocent, Blake, a law student at Stanford at the time of the crime, wrestles with the implications of her cousin's break, as well as the broken machinations of America's justice system. As her cousin languished in a cell on death row, where he was assigned for his own protection, Blake struggled to keep her faith in the system she was training to join. Consumed with understanding her family's new reality, Blake became obsessed with heartbreak, seeing it everywhere: in her cousin's isolation, in the loss at the center of the crime, in the students she taught at various prisons, in the way our justice system breaks rather than mends, in the history of her parents and their violent childhoods. As she delves into a history of heartbreak—through science, medicine, and literature—and chronicles the uneasy yet ultimately tender bond she forms with her cousin, Blake asks probing questions about justice, faith, inheritance, family, and, most of all, mercy. Sensitive, singular, and powerful, effortlessly bridging memoir, essay, and legatee, The Uninnocent is a reckoning with the unimaginable, unforgettable, and seemly irredeemable. With curiosity and vulnerability, Blake unravels a distressed tapestry, finding solace in both its tearing and its mending.

"James Martin's riveting new meditation on Jesus is one of the best books I've read in years--on any subject." – Mary Karr, author of Lit James Martin, SJ, gifted storyteller, editor at large of America magazine, popular media commentator, and New York Times bestselling author of The Jesuit Guide to (Almost) Everything, brings the Gospels to life in Jesus: A Pilgrimage, and invites believers and seekers alike to experience Jesus through Scripture, prayer and travel. Combining the fascinating insights of historical Jesus studies with profound spiritual insights about the Christ of faith, Father Martin recreates the world of first-century Galilee and Judea to usher you into Jesus's life and times and show readers how Jesus speaks to us today. Martin also brings together the most up-to-date Scripture scholarship, wise spiritual reflections, and lighthearted stories about traveling through the Holy Land with a fellow (and funny) Jesuit, visiting important sites in the life of Jesus of Nazareth. The person at the heart of the Gospels can seem impossibly distant. Stories about his astonishing life and ministry--clever parables that upended everyone's expectations, incredible healings that convinced even skeptics, nature miracles that dazzled the dumbstruck disciples--can seem far removed from our own daily lives, hard to understand, and at times irrelevant. But in Jesus you will come to know him as Father Martin knows him: Messiah and Savior, as well as friend and brother. WINNER OF THE 2016 ILLUMINATION AWARD (GOLD). NEW YORK TIMES BESTSELLER • In his first book published as Pope, and in conjunction with the Extraordinary Jubilee of Mercy, Pope Francis here invites all humanity to an intimate and personal dialogue on the subject closest to his heart—mercy—which has long been the cornerstone of his faith and is now the central teaching of his papacy. In this conversation with Vatican reporter Andrea Tornielli, Francis explains—through memories from his youth and moving anecdotes from his experiences as a pastor—why “mercy is the first attribute of God.” God “does not want anyone to be lost. His mercy is infinitely greater than our sins,” he writes. As well, the Church cannot close the door on anyone, Francis asserts--on the contrary, its duty is to go out into the world to find its way into the consciousness of people so that they can assume responsibility for, and move away from, the bad things they have done. The first Jesuit and the first South American to be elected Bishop of Rome, Pope Francis has traveled around the world spreading God’s message of mercy to the largest crowds in papal history. Clear and profound, The Name of God Is Mercy resonates with this desire to reach all those who are looking for meaning in life, a road to peace and reconciliation, and the healing of physical and spiritual wounds. It is being published in more than eighty countries around the world. “The name of God is mercy. There are no situations we cannot get out of, we are not condemned to sink into quicksand.”—Pope Francis Praise for The Name of God Is Mercy “Francis speaks succinctly—and with refreshing forthrightness. . . . He emphasizes moral sincerity over dogma, an understanding of the complexities of the world and individual experience over rigid doctrine. . . . The pope has an easy conversational style that moves effortlessly between folksy sayings and erudite allusions, between common-sense logic and impassioned philosophical insights.”—Michiko Kakutani, The New York Times “What makes his book most moving is the way in which this man, without disrespecting his own privacy or offering false bromides of modesty, opens the sacred space of his conscience to explain how he came to center his ministry, and now his papacy, around mercy.”—James Carroll, The New Yorker “As he has done throughout his papacy, Pope Francis shows in this book a compelling way to present God’s love anew to a skeptical world without denying the ancient teachings of faith. But now he is challenging the entire Church to trek a new way forward.”—Time “Francis enjoys sharing personal stories of God’s grace and mercy in the lives of parishioners from his native Argentina, people he has known and who have recognized themselves as sinners.”—The Washington Post “Powerful. . . . Francis’s book signals a plea for a change of attitude on the part of the faithful and their pastors. . . . Bishops and priests will talk and quarrel over the text for months, even years to come. And that, perhaps, is what Francis intends.”—Financial Times “Deepens his calls for a more merciful Catholic Church . . . The question-and-answer book is told in simple, breezy language, with the pope referring to experiences and people in his own life.”—Newsday “Francis has offered his most detailed outline yet for the role of the Catholic Church in the modern era.”—National Catholic Reporter Translated by Donagh Stransky “Wherever there are Christians, everyone should find an oasis of mercy.” —Pope Francis Whether dealing with adoption, sobriety, bullying, the Boston Marathon bombing, or friendship with a Jehovah’s Witness, Mathew Schmalz’s own life serves as the backdrop for his reflections on the complex nature of mercy—how we give it, and how we receive it. From a home for lepers in India to a halfway house in the Bronx, the author probes his experiences to reveal mercy as a virtue that doesn’t necessarily come easily, but is infinitely rewarding. Discussion and reflection questions at the end of each chapter allow you to dig deeper into your own ideas about mercy, what it looks like in your life, and how to move toward a more merciful existence. Perfect for individual or group study.

When Jesus asked us to feed the hungry, give drink to the thirsty, and visit the imprisoned, he didn't mean it literally, right? Kerry Weber, a modern, young, single woman in New York City sets out to see if she can practice the Corporal Works of Mercy in an authentic, personal, meaningful manner while maintaining a full, robust, regular life. Weber, a lay Catholic, explores the Works of Mercy in the real world, with a gut-level honesty and transparency that people of urban, country, and suburban locales alike can relate to. Mercy in the City is for anyone who is already overscheduled and too busy, for those who assume that they are not 'religious enough' to practice the Works of Mercy, for those who worry that they are alone in their efforts to live an authentic life, Mercy in the City proves that by living as people for others, we learn to connect as people of faith.

A Catholic Christian Meta-Model of the Person integrates the insights of three wisdom traditions--the psychological sciences, philosophy, and theology--to provide a framework for understanding the person. The Meta-Model develops a more systematic, integrative, and non-reductionist vision of the person, marriage, family, and society than is found in any of these three disciplines alone. The Meta-Model is a unifying framework for the integration of already-existing personality theories and therapeutic models. In addition, it enhances assessment, diagnosis, case mental health practice aimed at healing and flourishing. The book also explores how the Meta-Model framework can improve client care. Finally, it demonstrates how the Meta-Model assists mental health professionals to better understand how they can be faithful to their Christian identity as they serve all clients--Christians, persons from other faiths, and non-believers.

Pope Francis proclaims a new 'Time of Mercy' opening up before humanity, a cultural revolution to displace the all-pervasive indifference of modern society: a new and joyful 'culture of mercy.' Here is a clear and prophetic roadmap for our future, for individuals, communities, societies and the human family itself. New initiatives and points of emphasis are proposed to open up our hearts to the all-loving God and, in turn, to each other - to build our lives on mercy.

Discusses the philosophical opening chapter of the Qurʼān. This book investigates the convergence of philosophy, scriptural exegesis, and mysticism in the thought of the celebrated Islamic philosopher Muḥīʼ ʿadī? (d. 1050/1640). Through a careful presentation of the theoretical and practical dimensions of ʿadīʼʼs Qurʼānic hermeneutics, Mohammed Rustom highlights the manner in which ʿadīʼ offers a penetrating metaphysical commentary upon the Fṭīḥa, the chapter of the Qurʼān that occupies central importance in Muslim daily life (638/1240) on the one hand, and the wider disciplines of philosophy, theology, Sufism, and Qurʼānic exegesis on the other. ʿadīʼʼs commentary upon the Fṭīḥa provides him with the opportunity to modify and recast many of his philosophical positions within a scripture-based framework. He thereby reveals himself to be a profound religious thinker who, among other things, argues for the salvation of all human beings in the afterlife.

A powerful tragedy distilled into a small masterpiece by the Nobel Prize-winning author of Beloved and, almost like a prelude to that story, set two centuries earlier. Jacob is an Anglo-Dutch trader in 1680s United States, when the slave trade is still in its infancy. Reluctantly he takes a small slave girl in part payment from a plantation owner for a bad debt. Feeling rejected by her slave mother, 14-year-old Florens can read and write and might be useful on his farm. Florens looks for love, first from Lina, an older servant woman at her new master's house, but later from the handsome blacksmith, an African, never enslaved, who comes riding into their lives . . . At the novel's heart, like Beloved, it is the ambivalent, disturbing story of a mother and a daughter – a mother who casts off her daughter in order to save her, and a daughter who may never exorcise that abandonment.

Sister Faustina Kowalska, the Polish nun who had mystical encounters with the merciful Christ in the early 20th century, was canonized a saint by Pope John Paul II. The Pope also declared the first Sunday after Easter to be Divine Mercy Sunday, and it was during the vigil Mass of this feast that the Holy Father received his last Holy Communion and drew his last breath. The message of Divine Mercy as communicated through Sister Faustina is both a starting point and a recurring theme for Cardinal Sch nborn's discussion of God's great mercy in the Scriptures, Tradition, the life of Christ, and the sacraments and works of the Church, while raising important questions along the way, such as, "What is the relationship between mercy and justice?" "Mercy is the central nucleus of the Gospel message. In our time humanity needs a strong proclamation and witness of God's mercy . . . Go forth and be witnesses of God's mercy. . . . Go forth and be witnesses of God's mercy, a source of hope for every person and for the whole world." -- Pope Benedict XVI

Mercy Among the Children received effusive praise from the critics, was nominated for a Governor General's Award and won the Giller Prize. It was named one of 2000's best books, became a national bestseller in hardcover for months, and would be published in the US and UK. It is seen, however, as being at odds with literary fashion for concerning itself with good and evil and the human freedom to choose between them — an approach that puts Richards, as Maclean's magazine says, firmly in the tradition of Tolstoy and Dostoevsky. Author Wayne Johnston recounts hearing Richards read in 1983 and being struck by his unqualified love for every one of his characters, even though "it was not then fashionable to love your characters". Pottersfield Portfolio editor Tony Tremblay calls Richards the most misunderstood Canadian writer of the century, and a "great moralist", comparing him to Morley Callaghan, Kafka and Melville. As a boy, Sydney Henderson thinks he has killed Connie Devlin when he pushes him from a roof for stealing his sandwich. He vows to God he will never again harm another if Connie survives. Connie walks away, laughing, and Sydney embarks upon a life of self-immolating goodness. In spite of having educated himself with such classics as Tolstoy and Marcus Aurelius, he is not taken seriously enough to enter university because of his background of dire poverty and abuse, which leads everyone to expect the worst of him. His saintly generosity of spirit is treated with suspicion and contempt, especially when he manages to win the love of beautiful Eily. Unwilling to harm another in thought or deed, or to defend himself against false accusations, he is exploited and tormented by others in this rural community, and finally implicated in the death of a 19-year-old boy. Lyle Henderson knows his father is innocent, but is angry that the family has been ridiculed for years, and that his mother and sister suffer for it.

He feels betrayed by his father's passivity in the face of one blow after another, and unable to accept his belief in long-term salvation. Unlike his father, he cannot believe that he will be punished in the end. While his father turns the other cheek, Lyle decides the right way is in fighting, and embarks on a morally empty life of stealing, drinking and violence. A compassionate, powerful story of humanity confronting inhumanity, it is a culmination of Richards' last seven books, beginning with Road to the Still House. It takes place in New Brunswick's Miramichi Valley, like all of his novels so far, which has led some urban critics to misjudge his work as regional — a criticism leveled at Thomas Hardy, Joseph Conrad and Emily Bronte in their own day. Like his literary heroes, Richards aims to evoke universal human struggles through his depiction of the events of a small, rural place, where one person's actions impact inevitably on others in a tragic web of interconnectedness. The setting is extremely important in Richards' work, "because the characters come from the soil": but as British Columbia author Jack Hodgins once told Richards, "every character you talk about is a character I've met here in Campbell River".

Kasper is a master synthesiser, and his display of erudition alone makes this book a worthy read and an invaluable resource for questions of God and Trinity. Using admittedly polemical language, he calls for a 'theological theology' which makes the explanation of the confession of the triune God its first priority, not only for speculative but also for pastoral reasons. This is the reissue of a theological work of considerable importance for which Cardinal Kasper has written an entirely new introduction taking modern developments in theology fully into account.

"This book has done me so much good." –Pope Francis From one the leading intellectuals in the church today—one whom Pope Francis has described as a "superb theologian"—comes perhaps his most important book yet. Available for the first time in English, Cardinal Kasper looks to capture the essence of the gospel message. Compassionate, bold, and brilliant, Cardinal Kasper has written a book which will be studied for generations.

An angry prophet. A feared and loathsome enemy. A devastating storm. And the surprising message of a merciful God to his people. The story of Jonah is one of the most well-known parables in the Bible. It is also the most misunderstood. Many people, even those who are nonreligious, are familiar with Jonah: A rebellious prophet who defies God and is swallowed by a whale. But there's much more to Jonah's story than most of us realize. In The Prodigal Father, pastor and bestselling author Timothy Keller reveals the hidden depths within the book of Jonah. Keller makes the case that Jonah was one of the worst prophets in the entire Bible. And yet there are unmistakably clear connections between Jonah, the prodigal son, and Jesus. Jesus in fact saw himself in Jonah. How could one of the most defiant and disobedient prophets in the Bible be compared to Jesus? Jonah's journey also doesn't end when he is freed from the belly of the fish. There is an entire second half to his story—but it is left unresolved within the text of the Bible. Why does the book of Jonah end on what is essentially a cliffhanger? In these pages, Timothy Keller provides an answer to the extraordinary conclusion of this biblical parable—and shares the powerful Christian message at the heart of Jonah's story.

Leading Voices from across Christian Traditions Discuss the Mission of the Church What is the mission of the church? Every seminarian and church leader must wrestle with that question. No matter what designation a church uses to describe itself, it must also think critically about why it exists and what it should be doing. In this book, five leading voices representing a range of Christian traditions engage in an enlightening conversation as they present and compare their perspectives on the mission of the church. Each contributor offers his or her view and responds to the other four views. Contributors include Stephen B. Bevans, Darrell L. Guder, Ruth Padilla DeBorst, Edward Rommen, and Ed Stetzer. The book's format is ideal for classroom use and will also benefit pastors and church leaders.

In the epic fifth installment in this "compulsively readable" (People) series, Galbraith's "irresistible hero and heroine" (USA Today) take on the decades-old cold case of a missing doctor, one which may be their grisliest yet. Private Detective Cormoran Strike is visiting his family in Cornwall when he is approached by a woman asking for help finding her mother, Margot Bamborough—who went missing in mysterious circumstances in 1974. Strike has never tackled a cold case before, let alone one forty years old. But despite the slim chance of success, he is intrigued and takes it on; adding to the long list of cases that he and his partner in the agency, Robin Ellacott, are currently working on. And Robin herself is also juggling a messy divorce and unwanted male attention, as well as battling her own feelings about Strike. As Strike and Robin investigate Margot's disappearance, they come up against a fiendishly complex case with leads that include tarot cards, a psychopathic serial killer and witnesses who cannot all be trusted. And they learn that even cases decades old can prove to be deadly . . .

Here at last is a reissue of Kasper's major work with a brilliant new introduction surveying recent developments in Christology. Kasper assesses the Christological enterprise in the Church from the earliest down to the most recent times which can be recommended without hesitation to teacher and serious student. The book also provides a solid theological basis for preaching. This may also be described as a work of Christian serenity, but one which is not indifferent to current problems. It is the fruit of the deep peace which all men can gain from contemplation of Jesus the Christ. As Karl Rahner has said - this book is 'modern' in the very best sense of the word. Synthesising biblical, philosophical and traditional material, the book remains essential reading for specialists and is used widely for courses on Christology - the very basis of Christian theology itself.

People of God is a brand new series of inspiring biographies for the general reader. Each volume offers a compelling and honest narrative of the life of an important twentieth or twenty-first century Catholic. Some living and some now deceased, each of these women and men have known challenges and weaknesses familiar to most of us, but responded to them in ways that call us to our own forms of heroism. Each offers a credible and concrete witness of faith, hope, and love to people of our own day. The canonization of Pope John XXIII and the fiftieth anniversary of Vatican II call for a fresh look at this remarkable man. Now highly regarded Vatican II historian Massimo Faggioli offers a rich and insightful portrait. His sources include the complete edition of the private diaries of the future John XXIII, published recently in ten volumes, much of which is unavailable in English. Faggioli's use of this treasure of personal notes of the future pope means this biography offers a more complete and nuanced understanding of Angelo Roncalli than is available anywhere else in English at this time. The result is both unforgettable and inspiring.

The Christian life, says Richard Dahlstrom, should be guided by the intentional goal of blessing the lives of the friends, loved ones, and strangers in our midst. We are called to impact a culture that, for all the rhetoric about hope, is overwhelmingly preoccupied with personal peace, prosperity, protection, and survival. Christians should be artists who paint with the colors of hope in a broken world, embodying Christ's redemptive presence in our personal lives, our work, and our relationships. This inspiring and practical book offers tools for living out this vision in daily life, with special attention given to the challenges we face in staying focused on the mission of imparting hope to others even while dealing with our own personal issues. Anyone who wishes they could have an impact on the world will cherish this unique book.

This book provides an extensive rhetorical analysis of Pope Francis's visual, spatial, tactile, written, and oral discourse. It reveals how the interrelated topoi of illness, space, mercy, and conversion converge to articulate Francis's vision for the Church.

33 Days to Merciful Love is the stirring sequel to the international sensation, 33 Days to Morning Glory. Using the same 33-day preparation format, 33 Days to Merciful Love journeys with one of the most beloved saints of modern times, St. Thérèse of Lisieux, and concludes with a consecration to Divine Mercy. So whether you want to deepen your love of Divine Mercy or have a devotion to St. Thérèse, 33 Days to Merciful Love is the book for you.
