MONEY Master the Game

Do you want to get to the stage - soon - where you are truly financially independent, able to use your money in the way you'd like, and be completely confident in your ability to take care of yourself and your family? That is a universal desire, but many of us regard wealth and financial independence as a goal which we'll likely never achieve - there are just too many bills that need paying and there is a widespread belief that the money game is rigged. Even people who win the lottery or inherit money often seem to wind up losing it. The evidence suggests you can't win a game that you don't understand - even if you start out winning - because you never understood the game in the first place. So how can you win with money? How can you create independent wealth and hold on to it? This inspiring book by self-made multi-millionaire Rob Moore explains the rules of the game, shares simple tricks for managing money better, details how to create a plan for

an ambitious future, and shows you the very best way to become a millionaire - to think and behave like one!

"The Motivation Manifesto is a poetic and powerful call to reclaim our lives and find our own personal freedom. It's a triumphant work that transcends the title, lifting the reader from mere motivation into a soaringly purposeful and meaningful life. I love this book." —Paulo Coelho

The Motivation Manifesto is a pulsing, articulate, ferocious call to claim our personal power. World-renowned high performance trainer Brendon Burchard reveals that the main motive of humankind is the pursuit of greater Personal Freedom. We desire the grand liberties of choice—time freedom, emotional freedom, social freedom, financial freedom, spiritual freedom. Only two enemies stand in our way: an external enemy, defined as the social oppression of who we are by the mediocre masses, and an internal enemy, a sort of self-oppression caused by our own doubt and fear. The march to Personal Freedom, Burchard argues, can be won only by declaring our intent and independence, stepping into our personal power, and battling through self-doubt and the distractions of the day until full victory is won. Recalling the revolutionist voices of the past that chose freedom over tyranny, Burchard—at times poetic yet always fierce—motivates us to free ourselves from fear and take back our lives once and for all.

AARP Digital Editions offer you practical tips, proven solutions, and expert guidance. The fact is information is power. And, the truth is there's lots of financial advice available. Unfortunately, it's often either too confusing or biased. The Seven S.E.C.R.E.T.S. of the Money Masters cuts through the clutter, clearly presenting the seven most important questions you must be able to answer before making any investment decision. The book offers you some of the information that true money masters know, understand, and use to their advantage—but that hasn't necessarily been passed along to the rest of us. Engaging and informative, the book: Shines a light on the much broader issues of attaining wealth and getting your retirement plans back on track Offers access to the S.E.C.R.E.T.S. website which includes additional resources and access to exclusive debt reduction software The Seven S.E.C.R.E.T.S. of Money Masters goes where most personal finance books — and financial advisors — fear to tread, revealing the S.E.C.R.E.T.S. of Safety, Expense, Cash Flow, Rate of Return, Economy, Tax Efficiency and (common) Sense.

A new, beautifully illustrated translation of Felix Salten's celebrated novel Bambi—the original source of the beloved story Most of us think we know the story of Bambi—but do we? The Original Bambi is an all-new, illustrated translation of a literary classic that presents the story as it was meant to be told. For decades, readers' images of Bambi have been shaped by the 1942 Walt Disney film—an idealized look at a fawn who represents nature's innocence—which was based on a 1928 English translation of a novel by the Austrian Jewish writer Felix Salten. This masterful new translation gives contemporary readers a fresh perspective on this moving allegorical tale and provides important details about its creator. Originally published in 1923, Salten's story is more somber than the adaptations that followed it. Life in the forest is dangerous and precarious, and Bambi learns important lessons about survival as he grows to become a strong, heroic stag. Jack Zipes's introduction traces the history of the book's reception and explores the tensions that Salten experienced in his own life—as a hunter who also loved animals, and as an Austrian Jew who sought acceptance in Viennese society even as he faced persecution. With captivating drawings by award-winning artist Alenka Sottler, The Original Bambi captures the emotional impact and rich meanings of a celebrated story.

9 Declarations to Claim Your Personal Power

A Joosr Guide To...money: Master the Game by Tony Robbins

In 2005, Joel Greenblatt published a book that is already considered one of the classics of finance literature. In The Little Book that Beats the Market—a New York Times bestseller with 300,000 copies in print—Greenblatt explained how investors can outperform the popular market averages by simply and systematically applying a formula that seeks out good businesses when they are available at bargain prices. Now, with a new Introduction and Afterword for 2010, The Little Book that Still Beats the Market updates and expands upon the research findings from the original book. Included are data and analysis covering the recent financial crisis and model performance through the end of 2009. In a straightforward and accessible style, the book explores the basic principles of successful stock market investing and then reveals the author's time-tested formula that makes buying above average companies at below average prices automatic. Though the formula has been extensively tested and is a breakthrough in the academic and professional world, Greenblatt explains it using 6th grade math, plain language and humor. He shows how to use his method to beat both the market and professional managers by a wide

margin. You'll also learn why success eludes almost all individual and professional investors, and why the formula will continue to work even after everyone "knows" it. While the formula may be simple, understanding why the formula works is the true key to success for investors. The book will take readers on a step-by-step journey so that they can learn the principles of value investing in a way that will provide them with a long term strategy that they can understand and stick with through both good and bad periods for the stock market. As the Wall Street Journal stated about the original edition, "Mr. Greenblatt...says his goal was to provide advice that, while sophisticated, could be understood and followed by his five children, ages 6 to 15. They are in luck. His 'Little Book' is one of the best, clearest guides to value investing out there."

3 Minute Summary of Money Master the Game by Tony Robbins

Rich Dad's Guide to Investing is a guide to understanding the real earning power of money by learning some of the investing secrets of the wealthy.

As seen on CNBC's Follow the Leader “Farnoosh's ground-breaking book will save more relationships than couples counseling ever could.” —Barbara Stanny, author of Secrets of Six-Figure Women Today, a record number of women are their household's top-earner. But if you're that woman, you face a much higher risk of burnout, infidelity, and divorce. In this important and timely book, personal finance expert Farnoosh Torabi candidly addresses how income imbalances affect relationships and family dynamics, and presents a bold strategy to achieving happiness at work and home. Torabi's ten essential rules include: • Buy Yourself a Wife: Outsource as many household tasks as possible to bring more peace and happiness to both your lives • Don't Assume a Mr. Mom is Best: The math might say he should quit his job, but doing so can be dangerous. • Understand the Male Brain: Know how men think and what motivates their behavior to communicate effectively, share responsibilities, and avoid power struggles in your relationship.

'Time poor' is the catch-cry of our era, and yet end-of-life retirement means we have an average of two decades of feeling time rich to look forward to . . . when we're old. How arse-

about is that? But there is an alternative to working your butt off for decades and retiring when you're worn out: it's called financial independence, and it means being able to cover life's essentials and afford the luxuries you want without having to turn up to a job each day. Imagine: the freedom and flexibility to work if, when and where you like, go travelling, spend time with family or start that business you've been dreaming of. And with enough time and a way to earn, it's achievable for most people through the power of passive income. Lacey Filipich knows because she's done it herself – and has been teaching the strategies and steps for financial independence for a decade through her education company, Money School. Now, she'll teach you all her tried-and-true lessons for redesigning your personal finances to create the life you really want. From maximising your income and cutting costs without big sacrifice, to property, shares and retirement funds, Money School explains exactly how to build a passive income that will completely change your life. Take control of how you spend your time and money to make them work for you – and get on the fast track to being financially independent and time rich.
