

Ordinary Men Revised Edition Reserve Police Battalion 101 And The Final Solution In Poland

God is always talking to us: we cannot be separated from Him. These are only two of the meaningful revelations Tony Arnold shares with us in this remarkable book. What follows is a remarkable dialogue between Tony and God: a dialogue about the creative powers of humans, our oneness with God, Heaven on earth, and love. As God leads Tony to new knowings and better ways of living, the reader is drawn along on a meaningful journey of discovery and letting go – letting go of fear and judgment in favor of peace and wisdom. There is wisdom here for every reader – for those who are lost and scared, for those searching for the meaning of life, and for those who simply want to be closer to God.

The epic life of Mantan Moreland unfolds in Michael H. Price's vivid account of a career that ranged from the Minstrel tradition, through the circus world and Broadway, to Hollywood, through political woes and a defiant comeback. Who'd have thought that Charlie Chan's chauffeur had such an immense back-story? An expanded edition of the original volume of 2006, with newly unearthed photographs, fresh insights, and a rare 1948 interview in the artist's own emphatic words.

The Earth is in ruins. Cities and nations destroyed. Mankind is extinct. Brant and Arsha are synthetics, machines made in the image of people. They dream of bringing humans back into the world and have the technology to succeed, but the obstacles in their way are mounting. Not only are their own conflicting ideals creating a rift between them, but now the sinister Marauders are closing in as they seek revenge on Brant. Out in the wasteland, strange lights and mysterious objects in the sky herald the arrival of new factions that seek to control the region. Even in the once quiet streets of their own city, malevolent forces are beginning to unfurl that threaten the sanctity of everything they hold dear, jeopardising the future that is within their grasp. The Silent Earth Series Book 1 – After the Winter: amazon.com/qp/B00P02FBPM

Holocaust Perpetrators of the German Police Battalions is the first comprehensive English-language study of the structures and actions of German Police battalions in Poland and Ukraine between 1940 and 1942. Using these case studies, Ian Rich draws attention to the actions and motivations of individual lower-ranking policemen who participated in the mass murder of Jews during the Holocaust. He illuminates their pivotal roles as organizers, educators and role models, and the ways they were able to influence their subordinates to carry out these atrocities. This book transcends anonymous group portraits and provides a micro-historical portrait of individual killers that offers broader insights into the overall actions of the SS and police under Heinrich Himmler. Rich's comprehensive analysis of SS and police personnel records and post-war trial investigations reveals the method by which police battalions were transformed into instruments of mass murder in the occupied east during the Second World War. This book is essential to all students and scholars of Holocaust studies, Jewish studies and the Second World War.

Examines the rise of National Socialism in Germany

Prisoner of the Mind – Spiritual Self-Improvement Personal Development We have the largest prison population in the world in America today, but how many men and women were locked up in their minds before they got to prison? Prisoner of the Mind by Jeff Hairston is much more than a self improvement book– it's a personal development tool that can help you overcome your fears and FINALLY live your life as God intended. "Prisoner of the Mind" by Jeff Hairston is a thought provoking book aimed at helping you find a spiritual balance in life and to break free of the prison of negative thoughts and emotions that your mind has created over the years. Jeff artfully guides you through the many aspects of life that plague our minds today intertwining important lessons with examples from his own life story. Fear is one of the most important emotions when experienced in the right way. It can help us in life threatening situations by keeping our mind on high alert. but what happens when fear comes into contact with the ego? That very same fear that is there to save you can also stop you from living a normal, healthy life –and in some cases even kill you! It's all about using the fear to your advantage and being consistent and persistent against it. Many of the issues plaguing our mind are created by past life events that are left unresolved. "Prisoner of the Mind" asks the important spiritual questions and expertly tackles negative personal issues to help you better understand and overcome the prison that your own mind had created. Break free from the personal prison that your own mind created – order your copy of "Prisoner of the Mind" by Jeff Hairston today!

Christopher R. Browning's shocking account of how a unit of average middle-aged Germans became the cold-blooded murderers of tens of thousands of Jews–now with a new afterword and additional photographs. Ordinary Men is the true story of Reserve Police Battalion 101 of the German Order Police, which was responsible for mass shootings as well as round-ups of Jewish people for deportation to Nazi death camps in Poland in 1942. Browning argues that most of the men of RPB 101 were not fanatical Nazis but, rather, ordinary middle-aged, working-class men who committed these atrocities out of a mixture of motives, including the group dynamics of conformity, deference to authority, role adaptation, and the altering of moral norms to justify their actions. Very quickly three groups emerged within the battalion: a core of eager killers, a plurality who carried out their duties reliably but without initiative, and a small minority who evaded participation in the acts of killing without diminishing the murderous efficiency of the battalion whatsoever. While this book discusses a specific Reserve Unit during WWII, the general argument Browning makes is that most people succumb to the pressures of a group setting and commit actions they would never do of their own volition. Ordinary Men is a powerful, chilling, and important work with themes and arguments that continue to resonate today. “A remarkable–and singularly chilling–glimpse of human behavior...This meticulously researched book...represents a major contribution to the literature of the Holocaust.”--Newsweek

This is a riveting and disturbing account of the medical atrocities performed in and around Japan during WWII. Some of the cruelest deeds of Japan's war in Asia did not occur on the battlefield, but in quiet, antiseptic medical wards in obscure parts of China. Far from front lines and prying eyes, Japanese doctors and their assistants subjected human guinea pigs to gruesome medical experiments in the name of science and Japan's wartime chemical and biological warfare research. Author Hal Gold draws upon a wealth of sources to construct a portrait of the Imperial Japanese Army's most notorious medical unit, giving an overview of its history and detailing its most shocking activities. The book presents the words of former unit members themselves, taken from remarks they made at a traveling Unit 731 exhibition held in Japan in 1994-95. They recount vivid first-hand memories of what it was like to take part in horrific experiments on men, women and children, their motivations and reasons why they chose to speak about their actions all these years later. A new foreword by historian Yuma Totani examines the actions of Unit 731, the post-war response by the Allies and the lasting importance of the book. Japan's Infamous Unit 731 represents an essential addition to the growing body of literature on the still unfolding story of some of the most infamous war crimes in modem military history. By showing how the ethics of normal men and women, and even an entire profession, can be warped by the fire of war, this important book offers a window on a time of human madness and the hope that history will not be repeated.

Dispelling Common Leadership Myths : a Practical Guide for Leaders that Reminds Us of the Obvious

Nominated for a Small Business Marketing Book award!. You have 30 days to convert a user to a paying customer starting NOW. The clock is ticking. What will you do? Collecting and analysing the messaging and strategies the leading e-commerce, software and service companies use as they convert trial users to customers in the most important 30 days after sign-up. Each companies strategy is broken down and presented in an easy to use and understand visual guide. 30 days to sell is a must buy if you are looking to automate and improve new customer conversion. This book covers: Activation campaigns from the worlds leading web companies. Easy reference guide - what message to send and when.

Full page examples of each marketing message. Steal ideas from successful entrepreneurs, marketers and growth hackers. Two new bonus chapters showcasing more activation campaigns.

"Managerial styles are influenced by habit, familiarity, and workplace culture. It's no wonder that well-intentioned professionals doing their best to be good organizational leaders often repeat unhelpful supervisory practices experienced in their early careers, even if they disliked them at the time. In the DUH! Book of Management and Supervision, the author disagrees with many accepted leadership principles (unabashedly referring to them as myths) and makes new and different approaches easier to imagine. Her challenging and controversial concepts illustrated with poignant stories suggest common-sense and immediately applicable alternatives more suitable in today's workplace"--Back cover. As Kasey's health, life, and her relationship with Ashwin hang precariously in the balance, he must contend with his jealous ex-fiance, Silver Moon. As her jealousy increases to frightening and dangerous levels, Ashwin must find a way to deal with her, as well as figure out how to pull his beloved Kasey from the devastating grip of the tragedy that has befallen her. Will Silver Moon's heinous actions put an end to Ashwin's and Kasey's budding relationship, or will true love prevail?

Many of us live a mundane existence in which we get up, go to work, come home, and go to sleep. This cycle keeps repeating each and every day. The worst part is that we likely work a job that we don't enjoy doing, but we keep working that job in order to provide for our family. Stop right now and pay attention, because it doesn't have to be that way. This book; Stir Up the Gift Within, encourages people to use their talents to do what they love. It teaches people exactly how to find their talents so that they can use them to pursue their passions in life. There are bigger dreams and goals lurking inside each and every one of us; we need to stir up that gift within us. The difference between successful people and ordinary people is that successful people take action and pursue their dreams. Ordinary people tend to accept what life has thrown at them without trying to make any changes or go against the ideals of society in order to seek out that better life. All successful people found a way to use their talents to do what they love. The hardest part was learning how to do it, and that is exactly what you will learn in this book.

The Nordman

The True Story of Ordinary Men and Their Extraordinary Dream of Olympic Glory

Lead with Your Values. Advance Your Career.

Ordinary Men

A revelatory history of the commemoration of the Berlin Wall and its significance in defining contemporary German national identity.

Zygmunt Bauman ’ s Modernity and the Holocaust is a decisive text of intellectual reflection after Auschwitz, in which Bauman rejected the idea that the Holocaust represented the polar opposite of modernity and saw it instead as its dark potentiality. Bringing together leading scholars from across disciplines, this volume offers the first set of focused and critical commentaries on this classic work of social theory, evaluating its ongoing contribution to scholarship in the social sciences and humanities. Addressing the core messages of Modernity and the Holocaust that continue to sound amidst the convulsions of the present, the chapters situate Bauman ’ s volume in the social, cultural and academic context of its genesis, and considers its role in the complex processes of Holocaust memorialisation. Offering extensions of Bauman ’ s thesis to lesser-known and undertheorised events of mass violence, and also considering the significance of Janina Bauman ’ s writings in their own right, this volume will appeal to scholars of sociology, intellectual history, Holocaust and genocide studies, moral philosophy, memory studies and cultural theory.

By the time he is twelve, Frank Levy understands that to attain his wishes, he must depend upon himself. In the young adult edition of Life with an Accent we meet Levy as a happy toddler oblivious to political dangers. Seeking safety, in 1936 his family moves from Germany to the British Mandate of Palestine. Ten years later they emigrate to America to be with grandma. Again, Levy must change languages, cultures, even his name. With every effort to adapt, he sees that the history we live through matters.

Reviews the history of the Jewish people and the development of anti-Semitism, describes the horrors of the Holocaust, and examines the role of Holocaust survivors in the growth of Israel.

Prisoner of the Mind

The Final Solution and the German Foreign Office

Gold in the Water

In California, a team of talented young men begin pursuing the most elusive dream in sports, the Olympic Games. The pressure steadily increases as two best friends (a mentor and his protégé) reach the top of the world rankings and unexpectedly find themselves direct competitors. Their teammates include an emerging star methodically plotting to retrace his father's path to Olympic glory, as well as a super-extraordinary athlete desperate to walk away from it all. Led by one of the most passionate coaches in sports, a brilliant and explosive strategist on a personal quest for redemption, this team of dark horses and Olympic favorites works through escalating rivalries, joyous triumphs, and heartbreaking setbacks. Author P. H. Mullen chronicles their journey to the 2000 Olympic Games and presents one of the most powerful and moving sports books ever written. Boldly sweeping in literary power and pace, this startling book will permanently change how you view the Olympic athlete. It is a fascinating world of suspense and emotion where human desire for excellence rules over all, and where there are no second chances for glory. But above all, Gold in the Water is a triumph of the human spirit.

"The Land of Tomorrow" by William B. Stephenson. Published by Good Press. Good Press publishes a wide range of titles that encompasses every genre. From well-known classics & literary fiction and non-fiction to forgotten–or yet undiscovered gems–of world literature, we issue the books that need to be read. Each Good Press edition has been meticulously edited and formatted to boost readability for all e-readers and devices. Our goal is to produce eBooks that are user-friendly and accessible to everyone in a high-quality digital format.

Understanding the roots and causes of ethnic animosity; analyses of recent events in Bosnia, Kosovo, Rwanda, Somalia, and the former Soviet Union. Most recent wars have been complex and bloody internal conflicts driven to a significant degree by nationalism and ethnic animosity. Since the end of the Cold War, dozens of wars–in Bosnia, Kosovo, Rwanda, Somalia, the former Soviet Union, and elsewhere–have killed or displaced millions of people. Understanding and controlling these wars has become one of the most important and frustrating tasks for scholars and political leaders.This revised and expanded edition of Nationalism and Ethnic Conflict contains essays from some of the world's leading analysts of nationalism, ethnic conflict, and internal war. The essays from the first edition have been updated and supplemented by analyses of recent conflicts and new research on the resolution of ethnic and civil wars. The first part of the book addresses the roots of nationalistic and ethnic wars, focusing in particular on the former Yugoslavia. The second part assesses options for international action, including the use of force and the deployment of peacekeeping troops. The third part examines political challenges that often complicate attempts to prevent or end internal conflicts, including refugee flows and the special difficulties of resolving civil wars.

The Book of Isaiah is very Rich with Metaphors and Similes, if you are in Love with them, or not; but, most Poor People are not: beCause the Metaphors are far too "Foggy" for them to Understand, which Means that they must Practice Reading all such Books, just to get a Good Understanding of them. At any rate, this Version of Isaiah is by far the Best in the World, and is Rated as "Extremely Good" by Well-Educated People. Therefore, it is a "must read" Book, if anyone is Interested in Actually Understanding the Bible. Most People are not; but, that is not a Problem: because most People were not Born to be Masters. Indeed, most were Born to be Good Servants of Good Masters, which is Good: because the Masters are Like the Head of the Body of Good Government, which Body must have many other Working Parts and Organs, just to Function Correctly as a Body. Therefore, do not let the Hands Despise the Eyes: beCause, what could the Hands Do without Eyes to Guide them, even if the Eyes belong to some other Person, who can See what is Needed. We suggest that Readers of this Inspired Book take their Sweet Time, and read only a few Chapters each Day, and do not attempt to read the entire Book during one Day, even though it will be Tempting to Finish it, quickly, just to Discover those Precious Parts that make it so Famous and Controversial among Religious Scholars, some of whom are very Perplexed by it: because no one can Rightly Deny that God, himself, is Speaking through "Isaiah," who may have been Reincarnated! Indeed, there is the Possibility of it; but, do not let that "Buck you Out of the Saddle," as a Cowboy might say. Remember that this is a Companion Book of: "The New MAGNIFIED Version of The Book of MOORMUN!" (The Story of the White and Dark Indians in the Americas!). Book 040, which is perhaps the Best Modern Book in the whole World! Yes, unlike the Mutilated Bible, the Book of Mormon is much more Understandable, being "a New Revelation from God," you might say; but, it is nothing quite as Enlightening as the New MAGNIFIED Version, which most Definitely contains New Revelations from the Supreme Ruler of this Heaven and Earth. Therefore, do not let the Sun Set on another Day of Deprivation; but, PLEASE, for your own Sake, Educate yourself with all such Good Books: beCause that is True Wisdom on your part, which will make you Glad that you did. Guaranteed!

The Seeds of New Earth (the Silent Earth, Book 2)

Christopher R. Browning and Holocaust Historiography

The Conscience Code is a practical guide to creating workplaces where everyone can thrive. Surveys show that more than 40% of employees report seeing ethical misconduct at work, and most fail to report it--killing office morale and allowing the wrong people to set the example. Collegiate professor G. Richard Shell has heard work misconduct stories from his MBA students which inspired him to create this helpful guide for navigating these nuances. Shell created?this book?to point to a better path: recognize that these conflicts are coming, learn to spot them, then follow a research-based, step-by-step approach for resolving them skillfully.?By committing to the Code, you can replace regret with long-term career success as a leader of conscience. In The Conscience Code, Shell shares tips and facts that: Solves a crucial problem faced by professionals everywhere: What should they do when they are asked to compromise their core values to achieve organizational goals? Teaches readers to recognize and overcome the five organizational forces that push people toward actions they later regret. Lays out a systematic, values-to-action process that people at all levels can follow to maintain their integrity while achieving true success in their lives and careers. Driven by dramatic, real-world examples from Shell's classroom, today's headlines, and classic cases of corporate wrongdoing, The Conscience Code shows how to create value-based workplaces where everyone can thrive.

“A remarkable--and singularly chilling--glimpse of human behavior. . .This meticulously researched book...represents a major contribution to the literature of the Holocaust.”--Newsweek Christopher R. Browning’s shocking account of how a unit of average middle-aged Germans became the cold-blooded murderers of tens of thousands of Jews--now with a new afterword and additional photographs. Ordinary Men is the true story of Reserve Police Battalion 101 of the German Order Police, which was responsible for mass shootings as well as round-ups of Jewish people for deportation to Nazi death camps in Poland in 1942. Browning argues that most of the men of RPB 101 were not fanatical Nazis but, rather, ordinary middle-aged, working-class men who committed these atrocities out of a mixture of motives, including the group dynamics of conformity, deference to authority, role adaptation, and the altering of moral norms to justify their actions. Very quickly three groups emerged within the battalion: a core of eager killers, a plurality who carried out their duties reliably but without initiative, and a small minority who evaded participation in the acts of killing without diminishing the murderous efficiency of the battalion whatsoever. While this book discusses a specific Reserve Unit during WWII, the general argument Browning makes is that most people succumb to the pressures of a group setting and commit actions they would never do of their own volition. Ordinary Men is a powerful, chilling, and important work with themes and arguments that continue to resonate today.

Dr. Brooke Spencer always felt different from other girls. Now a successful scientist, she is finally discovering where she belongs: working alongside the brilliant, trailblazing researcher Dr. Charles Samuelson. Dr. Samuelson has recently made a discovery that has eluded philosophers and dreamers for centuries: How to transmute iron into gold. Determined to use the knowledge for good, Dr. Samuelson recruits Brooke to assist him with his new plan, his "Golden Manifesto." But humans are not alone and his discovery has not gone unnoticed. Extraterrestrial visitors seek to control Dr. Samuelson's Breakthrough, and before long, Brooke is all that stands between Earth and total Destruction. Will she be able to hold her ground? Or will the timeless temptation of gold prove too much for even the strongest of spirits? Brooke will soon face a choice that will make her question her background, her career, and the fate of the planet.

The controversial journalistic analysis of the mentality that fostered the Holocaust, from the author of The Origins of Totalitarianism Sparking a flurry of heated debate, Hannah Arendt’s authoritative and stunning report on the trial of German Nazi leader Adolf Eichmann first appeared as a series of articles in The New Yorker in 1963. This revised edition includes material that came to light after the trial, as well as Arendt’s postscript directly addressing the controversy that arose over her account. A major journalistic triumph by an intellectual of singular influence, Eichmann in Jerusalem is as shocking as it is informative--an unflinching look at one of the most unsettling (and unsettled) issues of the twentieth century.

Stir Up the Gift Within

Abteilung Deutschland came about as a department of the German Ministry of Foreign Affairs in May 1940, following a reorganization of the Referat Deutschland. The latter was established in 1933, and its first task was justifying German anti-Jewish policies to the outside world. Later its functions expanded, and in 1938-39 Referat Deutschland was instrumental in the policy of "forced emigration" of Jews, launched by the SS. The Referat D III was a desk in the Abteilung Deutschland dealing with Jewish matters. Dwells on the personalities of the chief of the department, Martin Luther; the Referat D III's chief, Franz Rademacher; and its leading "Jewish experts", e.g. Karl Otto Klingenfuss, Herbert Müller, and Fritz-Gebhardt Hahn. In 1940-41 the Referat D III prepared Nazi projects for resettlement of European Jews (e.g. the Madagascar project) and helped the Nazi satellite states (and exerted pressure on them) to introduce anti-Jewish legislation and implement their own anti-Jewish policies. Luther coordinated the Abteilung Deutschland's policies with every turn of the Final Solution. With the start of the deportations and mass murders of Jews, the Abteilung Deutschland became involved in deportations of Jews from satellite and neutral countries. However, the department remained a junior partner of the SS, since the latter did not always consult with the Foreign Office in carrying out its anti-Jewish actions. In March 1943 Abteilung Deutschland was dissolved, following a personal conflict between Luther and Ribbentrop, and its functions passed to the Inland II A department.

Join Thijo, a young Scandinavian farm boy, on his childhood adventures as he meets new friends and challenges throughout daily Norwegian life. Through hard days of harvest labor and deadly winter blizzards, Thijo journeys from boyhood pleasures to learning what it means to take his place among the men of the North.Full of child-friendly adventure and excitement, Thijo - Saga of a Norseman is a book that you and your children will want to read again and again!

Layla, a Palestinian woman, witnesses the diaspora of her family during the war in Palestine in 1948. Torn between her culture and the western way of life, Layla chases a dream of love and independence. Her journey takes her around the world, ending with a dramatic love story with a Jewish American man. Out of Reach is a compelling story of an independent woman who learns the harsh lessons of her life through marriage, romance, loss and deceit.

Discover Your Extraordinary True Self

A Comparative Survey

This book is about those ordinary people around the world who every day make their faith visible by going out, digging in and bringing up the difficult, messy and broken life to God. This book highlights the story of some ordinary men who reached out, reached up and reached in to the unlimited potential that God had for them. In the process their faith become visible. This books helps us to see faith that is visible to experience God in our broken world.

CHOICE Outstanding Academic Title 2016 Genocide and Gender in the Twentieth Century brings together a collection of some of the finest Genocide Studies scholars in North America and Europe to examine gendered discourses, practices and experiences of ethnic cleansing and genocide in the 20th century. It includes essays focusing on the genocide in Rwanda, the Armenian genocide in the Ottoman Empire, the Holocaust and ethnic cleansing and genocide in the former Yugoslavia. The book looks at how historically- and culturally-specific ideas about reproduction, biology, and ethnic, national, racial and religious identity contributed to the possibility for and the unfolding of genocidal sexual violence, including mass rape. The book also considers how these ideas, in conjunction with discourses of femininity and masculinity, and understandings of female and male identities, contributed to perpetrators' tools and strategies for ethnic cleansing and genocide, as well as victims' experiences of these processes. This is an ideal text for any student looking to further understand the crucial topic of gender in genocide studies.

“When this book was first published it received some attention from the critics but none at all from the public. Nazism was finished in the bunker in Berlin and its death warrant signed on the bench at Nuremberg.” That’s Milton Mayer, writing in a foreword to the 1966 edition of They Thought They Were Free. He’s right about the critics: the book was a finalist for the National Book Award in 1956. General readers may have been slower to take notice, but over time they did--what we’ve seen over decades is that any time people, across the political spectrum, start to feel that freedom is threatened, the book experiences a ripple of word-of-mouth interest. And that interest has never been more prominent or potent than what we’ve seen in the past year. They Thought They Were Free is an eloquent and provocative examination of the development of fascism in Germany. Mayer’s book is a study of ten Germans and their lives from 1933–45, based on interviews he conducted after the war when he lived in Germany. Mayer had a position as a research professor at the University of Frankfurt and lived in a nearby small Hessian town which he disguised with the name “Kronenberg.” “These ten men were not men of distinction,” Mayer noted, but they had been members of the Nazi Party; Mayer wanted to discover what had made them Nazis. His discussions with them of Nazism, the rise of the Reich, and mass complicity with evil became the backbone of this book, an indictment of the ordinary German that is all the more powerful for its refusal to let the rest of us pretend that our moment, our society, our country are fundamentally immune. A new foreword to this edition by eminent historian of the Reich Richard J. Evans puts the book in historical and contemporary context. We live in an age of fervid politics and hyperbolic rhetoric. They Thought They Were Free cuts through that, revealing instead the slow, quiet accretions of change, complicity, and abdication of moral authority that quietly mark the rise of evil.

Tori Brown is recovering from the embittered breakup of her engagement and seeks solace in the depths of Herefordshire. Living alone, she adapts to the close and friendly village life, where her personal life is not questioned, thus distancing herself from any prospective relationships. With the calming influence that her horse Carlos gives her, she is soon riding the bridle paths and woodland and beginning to enjoy her life once again. Sudden events take a hold and Tori is thrown, not only from Carlos, but into the beginnings of a new life that is to change everything. Someone else comes into her life, not what she quite expected but certainly what she wanted. Johan Andersen, a local Norwegian forester, captures Tori's heart and from that point on life is not the same again... just better, beyond her wildest dreams.

The Understandable Version of the Book of Isaiah!

Nationalism and Ethnic Conflict, revised edition

They Thought They Were Free

The Visible Faith

This study guide is designed to help you explore how God speaks to and through ordinary people and how His message can be applied to your life today. In this study, you will examine the lives of twelve ordinary men whom God chose to tell His message. They vary in age, education, occupation, marital status, and spiritual maturity. Some of them complain to God about the message and others are fearful to speak the message and one even runs away. These were real men living in a world much like ours today, and just like then, it is still God's joy to work through "ordinary" people to reveal His message to the world. Are you an ordinary person? If so, God wants to talk to you!

Coloring is a most enjoyable activity that has several benefits. It helps boost your child's focus and concentration. The more complex the patterns are, the more that your child will be careful with every stroke of the crayon. He/she will become too focused in the moment that frustrations and other negative emotions will soon be forgotten. Grab a copy now!

Reflecting on the work of one of the field's most influential scholars, the twenty essays in this book explore the evolution and application of Holocaust historiography, identify key insights into genocidal settings and point to gaps in our knowledge of humanity's most haunting problem. Why do they kill? The publication in 1992 of Christopher R. Browning's Ordinary Men raised crucial, previously unasked questions about the Holocaust: what made the members of a German police battalion - middle-aged family men of working- and lower-class background - become mass murderers of Jewish children, women, and men? How does motivation tie in with other factors that prompt participation in the final solution? And what can survivor accounts convey about genocide perpetration? Reflecting on the work of one of the field's most influential scholars, the twenty essays in this book explore the evolution and application of Holocaust historiography, identify key insights into genocidal settings and point to gaps in our knowledge of humanity's most haunting problem.

Balancing theory with application and featuring an engaging, student-friendly writing style, the TENTH EDITION of COMPARATIVE POLITICS uses a unique theme--Domestic Responses to Global Challenges--to introduce key concepts and examine the growing interdependence of strong and weak states. COMPARATIVE POLITICS takes an in-depth look at fourteen countries, framed within broader discussions in the part-opening chapters on Industrialized Democracies, Current and Former Communist Regimes, and The Global South. The introduction establishes a comparative structure based on five themes: conflict, democratization, economic liberalization, globalization, and challenges, which are then explored for each country. The countries discussed are categorized by economic development, helping students hone their skills of comparison, synthesis, and interpretation by studying countries of similar economic status. Japan's Infamous

The Mass Murder of Jewish Civilians, 1940-1942

The New Magnified Version of Isaiah in Plain English!

Holocaust Perpetrators of the German Police Battalions

"As enjoyable as a day at the beach." That's how USA TODAY summed up this hilarious and big-hearted romp in the Florida sunshine. When Murray Zelman, a.k.a. The Bra King, pops another Prozac and heads to the Keys, he has nothing much in mind beyond a quixotic hope of winning back his first wife, Franny, whom he dumped years before. But when he forms an unlikely friendship with Tommy Tarpon, the last remaining member of an obscure Indian tribe, another plan also starts shaping up in his fevered brain. Why not open up Key West's first casino? Why not? Well, how about because the Mafia, in league with some of the nastiest politicians you will ever meet, is determined to kill anyone who tries? Somehow, Murray, Tommy, and Franny didn't think of that until they were in way too deep. Laugh along as they improvise a manic and ever more desperate campaign to keep their casino dreams--and themselves--alive.

This groundbreaking international bestseller lays to rest many myths about the Holocaust: that Germans were ignorant of the mass destruction of Jews, that the killers were all SS men, and that those who slaughtered Jews did so reluctantly. Hitler's Willing Executioners provides conclusive evidence that the extermination of European Jewry engaged the energies and enthusiasm of tens of thousands of ordinary Germans. Goldhagen reconstructs the climate of "eliminationist anti-Semitism" that made Hitler's pursuit of his genocidal goals possible and the radical persecution of the Jews during the 1930s popular. Drawing on a wealth of unused archival materials, principally the testimony of the killers themselves, Goldhagen takes us into the killing fields where Germans voluntarily hunted Jews like animals, tortured them wantonly, and then posed cheerfully for snapshots with their victims. From mobile killing units, to the camps, to the death marches, Goldhagen shows how ordinary Germans, nurtured in a society where Jews were seen as unalterable evil and dangerous, willingly followed their beliefs to their logical conclusion. "Hitler's Willing Executioner's is an original, indeed brilliant contribution to the...literature on the Holocaust."--New York Review of Books "The most important book ever published about the Holocaust...Eloquently written, meticulously documented, impassioned...A model of moral and scholarly integrity."--Philadelphia Inquirer

An Incredible Factor That Releases the Power to Change the World
