When Hanna Sillitoe appeared on Dragons' Den, every Dragon offered her investment. In her first book, *Radiant*, she shares the lifestyle changes and recipes that transformed her life. For more than 20 years, Hanna suffered from severe psoriasis, eczema and acne - sometimes so badly that the only way to stop herself scratching was to wrap her body in clingfilm. When her doctor suggested the only remaining course of treatment was chemotherapy, she took matters into her own hands and cured herself through a change in diet and lifestyle. Beginning with a juice cleanse, Hanna takes you through a range of delicious, skin-loving meals including Turmeric and Ginger Chia Pudding, Immunity Ramen, Beet Burgers and even Clean Tiramisu. She also shows you how to create homemade beauty products, including an Avocado and Honey Facemask and Rosemary and Lemon Salt Scrub, which have gone on to inspire the eponymous skincare range for which she secured funding on BBC 2's Dragons' Den. Uplifting and inspiring for those who have been searching for the answer to seemingly unsolvable skin complaints, Hanna's programme is also suitable for those simply looking to improve their overall health and complexion. It's a recipe for good health and clear skin, from the inside out. Hanna is also the author of *Skin Healing Expert: Your 5 pillar plan for calm clear skin*

When did making babies get to be so hard? Infertility is on the rise globally, affecting as many as one in six couples. But instead of considering diet and lifestyle factors, doctors pump their patients full of expensive and invasive fertility treatments. Once pregnant, women just accept that carrying a baby will be the gassy, swollen, irritable, sleepless nightmare that has become the new normal—and then assume that new motherhood will be just as challenging, from breastfeeding woes to screaming fits. It doesn't have to be that way. In *The Kind Mama*, Alicia Silverstone has created a comprehensive and practical guide empowering women to take charge of their fertility, pregnancy, and first 6 months with baby. Drawing on her own experience, as well as that of obstetricians, midwives, nutritionists, holistic health counselors, and others, Silverstone offers advice on getting one's "baby house" in order through nutrient-rocking foods that heal and nourish, and, once pregnant, gentle ways to boost comfort, energy, and health during each trimester. She helps readers navigate everything from prenatal testing and birth plans to successful breastfeeding and creating a supportive "baby nest." The result is an authoritative, one-stop guide that empowers women to trust their instincts during this vital milestone, while helping them embark on a healthy and more vibrant path to motherhood.

"Finally a diet-lifestyle that links the secret of real beauty with naturally delicious foods!" —Fr é d é ric Fekkai Natalia Rose, a leading nutritionist and authority on cleansing diets, reveals a gentle and uniquely effective 28-day detox plan designed specifically for adult women. *Detox 4 Women* offers a revolutionary, foolproof, four-week transformation plan that allows women to eat what other detox plans do not, including cooked foods, some meats and cheese, butter, and chocolate. The author of *The Raw Food Detox Diet* takes health and weight loss one step further with *Detox 4 Women*
