****Instant International Bestseller, New York Times Bestseller, USA Today Bestseller, Wall Street Journal Bestseller, Los Angeles Times Bestseller, Publishers Weekly Bestseller**** Uncover never-before-told stories in this epic tale of self-discovery by a Rock n Roll disciple and member of the E Street Band. What story begins in a bedroom in suburban New Jersey in the early '60s, unfolds on some of the country's largest stages, and then ranges across the globe, demonstrating over and over again how Rock and Roll has the power to change the world for the better? This story. The first true heartbeat of Unrequited Infatuations is the moment when Stevie Van Zandt trades in his devotion to the Baptist religion for an obsession with Rock and Roll. Groups like the Beatles and the Rolling Stones created new ideas of community, creative risk, and principled rebellion. They changed him forever. While still a teenager, he met Bruce Springsteen, a like-minded outcast/true believer who became one of his most important friends and bandmates. As Miami Steve, Van Zandt anchored the E Street Band as they conquered the Rock and Roll world. And then, in the early '80s, Van Zandt stepped away from E Street to embark on his own odyssey. He refashioned himself as Little Steven, a political songwriter and performer, fell in love with Maureen Santoro who greatly expanded his artistic palette, and visited the world's hot spots as an artist/journalist to not just better understand them, but to help change them. Most famously, he masterminded the recording of "Sun City," an anti-apartheid anthem that sped the demise of South

Africa's institutionalized racism and helped get Nelson Mandela out of prison. By the '90s, Van Zandt had lived at least two lives—one as a mainstream rocker, one as a hardcore activist. It was time for a third. David Chase invited Van Zandt to be a part of his new television show, the Sopranos—as Silvio Dante, he was the unconditionally loyal consigliere who sat at the right hand of Tony Soprano (a relationship that oddly mirrored his real-life relationship with Bruce Springsteen). Underlying all of Van Zandt's various incarnations was a devotion to preserving the centrality of the arts, especially the endangered species of Rock. In the twenty-first century, Van Zandt founded a groundbreaking radio show (Little Steven's Underground Garage), created the first two 24/7 branded music channels on SiriusXM (Underground Garage and Outlaw Country), started a fiercely independent record label (Wicked Cool), and developed a curriculum to teach students of all ages through the medium of music history. He also rejoined the E Street Band for what has now been a twenty-year victory lap. *Unrequited Infatuations* chronicles the twists and turns of Stevie Van Zandt's always surprising life. It is more than just the testimony of a globe-trotting nomad, more than the story of a groundbreaking activist, more than the odyssey of a spiritual seeker, and more than a master class in rock and roll (not to mention a dozen other crafts). It's the best book of its kind because it's the only book of its kind. *The Bachelor's Guide To Life* is jam-packed with detailed information and answers to common questions that every single guy has as they strive to achieve happiness and success. "The Pro Tours' Hottest Coach" (Golf Digest) reveals the secrets that helped Phil Mickelson win the 2010 Masters and can utterly transform every player's game. When a resurgent Phil Mickelson won the Tour Championship in September 2009, he was quick to credit a series of simple putting lessons from veteran golf champion and instructor Dave Stockton. As a top coach, Stockton has taught a long list of pro players-including Annika Sorenstam, Yani Tseng (winner of four LPGA tournaments), Adam Scott (Texas Open champion), Hunter Mahan (Phoenix Open champion), and Morgan Pressel (World Ladies Championship of Japan winner)-the putting strategies that finessed their game. Stockton's breakthrough concept is that every player has their own Signature Stroke, which is unconscious. Good putting comes from the mind, Stockton says, not from a series of stiff mechanical positions. With visualization, the right frame of mind, an efficient pre-putt routine, and connection to the individual internal stroke signature, any player can make far more putts. Putting has always been taught as an offshoot to the full swing, when in reality it is far different- almost a different game. Unconscious Putting will help players get out of the rigid, mechanical, overthinking trap. In Unconscious Putting, Stockton shows how players at every handicap level-from pros to weekend golfers-can putt effortlessly and with confidence by integrating a new mental approach with a few simple physical routines that will keep them locked on target. Readers will also gain invaluable advice on reading greens and equipment. Illustrated throughout and filled with anecdotes about how Stockton's lessons have helped today's leading players, Unconscious Putting is a must-have golf book and a category classic-in-the-making.

Why has music so often served as an accomplice to transcendent expressions of gender? Why did the query "is he musical?" become code, in the twentieth century, for "is he gay?" Why is music so inherently queer? For Sasha Geffen, the answers lie, in part, in music's intrinsic quality of subliminal expression, which, through paradox and contradiction, allows rigid gender roles to fall away in a sensual and ambiguous exchange between performer and listener. Glitter Up

the Dark traces the history of this gender fluidity in pop music from the early twentieth century to the present day. Starting with early blues and the Beatles and continuing with performers such as David Bowie, Prince, Missy Elliot, and Frank Ocean, Geffen explores how artists have used music, fashion, language, and technology to break out of the confines mandated by gender essentialism and establish the voice as the primary expression of gender transgression. From glam rock and punk to disco, techno, and hip-hop, music helped set the stage for today's conversations about trans rights and recognition of nonbinary and third-gender identities. Glitter Up the Dark takes a long look back at the path that led here.

Renowned NFL analysts' tips to make football more accessible, colorful, and compelling than ever before More and more football fans are watching the NFL each week, but many of them don't know exactly what they should be watching. What does the offense's formation tell you about the play that's about to be run? When a quarterback throws a pass toward the sideline and the wide receiver cuts inside, which player is to blame? Why does a defensive end look like a Hall of Famer one week and a candidate for the practice squad the next? These questions and more are addressed in Take Your Eye Off the Ball 2.0, a book that takes readers deep inside the perpetual chess match between offense and defense. This book provides clear and simple explanations to the intricacies and nuances that affect the outcomes of every NFL game. This updated edition contains recent innovations from the 2015 NFL season.

In this intimate book of inspiration, Tyler Perry writes of how his faith has sustained him in hard times, centered him in good times, and enriched his life. *Higher Is Waiting* is a spiritual guidebook, a collection of teachings culled from the experiences of a lifetime, meant to inspire readers to climb higher in their own lives and pull themselves up to a better, more fulfilling place. Beginning with his earliest memories of growing up a shy boy in New Orleans, Perry recalls the moments of grace and beauty in a childhood marked by brutality, deprivation, and fear. With tenderness he sketches portraits of the people who sustained him and taught him indelible lessons about integrity, trust in God, and the power of forgiveness: his aunt Mae, who cared for her grandfather, who was born a slave, and sewed quilts that told a story of generations; Mr. Butler, a blind man of remarkable dignity and elegance, who sold penny candies on a street corner; and his beloved mother, Maxine, who endured abuse, financial hardship, and the daily injustices of growing up in the Jim Crow South yet whose fierce love for her son burned bright and never dimmed. Perry writes of how he nurtured his dreams and discovered solace in nature, and of his resolute determination to reach ever higher. Perry vividly and movingly describes his growing awareness of God's presence in his life, how he learned to tune in to His voice, to persevere through hard times, and to choose faith over fear. Here he is: the devoted son, the loving father, the steadfast friend, the naturalist, the philanthropist, the creative spirit—a man whose life lessons and insights into scripture are a gift offered with generosity, humility, and love.

Never has the world of journalism been so explosive, so global, and so competitive. Forget hourly news flashes; we live in a world of 24-hour breaking news with radio and TV stations and Internet sites updating stories by the minute and newspapers adjusting to stay fresh, in-depth, and relevant. While the number of newspapers and TV and radio stations has dropped over the last half century in the United States, instant, free-access Internet news portals have grown precipitously to not only fill any gaps in coverage but to force Big Media to change its game plans or risk losing readership. But in no way does this suggest any aspect of journalism is heading for the garbage heap-especially newspapers. Never before have Americans been so engaged in their world, and many mediums are needed to satiate that collective appetite for knowledge.

Mad World is a highly entertaining oral history that celebrates the New Wave music phenomenon of the 1980s via new interviews with 35 of the most notable artists of the period. Mixtape suggestions, fashion sidebars, and quotes from famous contemporary admirers help fill out the fun. Participants include members of Duran Duran, New Order, The Smiths, Tears for Fears, Adam Ant, Echo and the Bunnymen, Devo, ABC, Spandau Ballet, A Flock of Seagulls,

Thompson Twins, and INXS.

"Bevy knows what's what, and she is the kind of woman you want in your corner. If you don't believe me . . . buy the book." -Whoopi Goldberg "Funny, wise, well-experienced, empathetic, colorful—Bevy brings the spirit of humanity wherever she goes." -Pharrell Williams From the host of the fabulous and popular show Bevelations on SiriusXM's Radio Andy channel, Bevy Smith's irreverent and inspiring memoir about learning to live a big, authentic, and unapologetic life—and how you can, too Bevy Smith was living what seemed like a glamorous dream as a fashion advertising executive, blazing a lucrative career for herself in the whitewashed magazine world. She jetsetted to Europe for fashion shows, dined and danced at every hot spot, and enjoyed a mighty roster of lovers. So it came as quite a shock to Bevy when one day, after arriving at her luxury hotel in Milan, she collapsed on the Frette bedsheets and sobbed. Years of rolling with the in-crowd had taken its toll. Her satisfaction with work and life had hit rock bottom. But Bevy could not be defeated, and within minutes (okay, days) she grabbed a notepad and started realizing a truer path—one built on self-reflection and, ultimately, clarity. She figured out how to redirect her life toward meaningful creativity and freedom. In her signature lively and infectious voice (there's no one like Bevy!), Bevelations candidly shares how she reclaimed her life's course and shows how we too can manifest our most bodacious dreams. From repossessing her bold childhood nature to becoming her own brand to envisioning her life's next great destination (which will feature natural hair, important charitable giving, and a midcentury house overlooking the Pacific Ocean), Bevy invites readers along on the route of her personal transformation to reveal how each of us can live our best lives with honesty, joy, and, when we're in the mood, a killer pair of shoes.

The hidden brain is the voice in our ear when we make the most important decisions in our lives—but we're never aware of it. The hidden brain decides whom we fall in love with and whom we hate. It tells us to vote for the white candidate and convict the dark-skinned defendant, to hire the thin woman but pay her less than the man doing the same job. It can direct us to safety when disaster strikes and move us to extraordinary acts of altruism. But it can also be manipulated to turn an ordinary person into a suicide terrorist or a group of bystanders into a mob. In a series of compulsively readable narratives, Shankar Vedantam journeys through the latest discoveries in neuroscience, psychology, and behavioral science to uncover the darkest corner of our minds and its decisive impact on the choices we make as individuals and as a society. Filled with fascinating characters, dramatic storytelling, and cutting-edge science, this is an engrossing exploration of the secrets our brains keep from us—and how they are revealed.

From his college playing days and his climb through the coaching ranks -- from college to assistant coaching jobs with the NFL's elite teams, to his first head coach job with the Oakland Raiders, and finally, with the Tampa Bay Bucs -- his meteoric rise is unparalleled. Underneath it all, though, he's just a humble, hardworking, no-nonsense guy who has no hobbies: "I'm not a scratch golfer. I don't know how to bowl. I can't read the stock market. Hell, I have a hard time remembering my wife's cell phone number. But I can call 'Flip Right Double X Jet 36 Counter Naked Waggle at 7 X Quarter' in my sleep." Now, in this motivational memoir, Gruden provides insight into what makes him tick. *Do You Love Football?!* is an intimate look at his life as a player, coach, and head coach, as well as the principles that have made him the hottest coach in the NFL.

A celebration of 100 years of the NFL from Hall of Fame receiver and bestselling author Jerry Rice! "This book is an amazing compilation of the game's history as seen through the eyes of my friend Jerry Rice, aka The GOAT. You are going to love this book almost as much as you loved watching Jerry play!" —Barry Sanders, NFL Hall of Fame Class of 2004 The authors of the New York Times bestseller *50 Years, 50 Moments* celebrate the first 100 years of the National Football League, interweaving history, personal stories, memories, and observations of some of its greatest players, coaches, and advocates to chronicle football's amazing evolution from a fledgling regional fly-by-night operation into a multi-billion global brand and one of America's leading franchises. Over the past century, professional football has transformed from a game played in leather helmets on cow pastures to one of the most high-tech, popular sports on the planet. In this entertaining and concise history, Jerry Rice and Randy O. Williams celebrate the NFL's centennial, bringing together colorful memories, insights, and personal experiences and observations from the heroes, losers, innovators, and defining legends who have played the game at its highest level.

America's Game is filled with inside stories of the league's fiercest rivalries, closest competitions, and most memorable characters, from the early days of Red "The Galloping Ghost" Grange and "Slingin'" Sammy Baugh to Jim Brown and "Broadway" Joe Namath to Lawrence Taylor, Jerry Rice, and Tom Brady. Cowboy fans will never forget how Roger Staubach's Hail Mary lifted his team to a last-second playoff victory over the Vikings. Patriot followers will always point to The Tuck Rule Game as a franchise landmark where Adam Vinatieri's two clutch kicks in deep snow propelled his team to victory over the Raiders. Generations of Steelers fans will celebrate James Harrison's electrifying 100-yard interception return for a touchdown in Super Bowl XLIII. All are among the most memorable moments in NFL history. Divided by increments of twenty-five years, each section of America's Game includes the authors' selections for their "All Star" players and teams. America's Game is a unique tribute to this enduring cultural phenomenon, and will become the authoritative tribute to all that is great about the sport Americans—and the world—loves.
