Notable for his uncompromising honesty and a wit both fierce and fearless, Simon Gray's voice was uniquely his own - intelligent, probing and often outrageously funny. He faced life - and death - with unflinching courage and defiant humanity; even when writing about his own mortality, he lost none of his prodigious talent to entertain. Warm, candid and with a dou

dose of dark humour, this dramatisation of Gray's The Smoking Diaries and other memoirs was completed just before his death last summer. The Last Cigarette premiered at the Minerva Theatre, Chichester in March 2009.

Two days before Christmas 2013, former MP Denis MacShane entered one of Europe's harshest prisons. Having pleaded guilty to false accounting at the Old Bailey, he had been sentenced to six months in jail. Upon arrival at Belmarsh Prison, his books and personal possessions were confiscated and he was locked in a solitary cell for up to twenty-three hours a day. Denis was the latest MP condemned to serve as an example in the wake of the expenses scandal. Written with scavenged pens and scraps of paper, this diary is a compelling account of his extraordinary experiences in Belmarsh and, later, Brixton. Recording the lives of his fellow prisoners, he discovers a humility and a willingness to admit mistakes that was conspicuously lacking in his former colleagues at the House of Commons. Woven into the narrative are thought-provoking reflections on a range of important topics, from the waning of public confidence in MPs - and the high-profile termination of his own political career - to the failings of the British judicial system. Above all, Prison Diaries reveals what life as a prisoner in Britain is really like, addressing issues such as rising inmate numbers, dehumanising conditions, high incarceration rates, lack of rehabilitation and an endemic political disinterest. This honest and fascinating diary is both a first-hand insight into the current prison system and a report on how it simply does not work.

The final volume of the trilogy that began with The Smoking Diaries finds Simon Gray determined to give up smoking. Really. At last. Can he kick the habit of sixty years? Will he, sometime soon, be able to leave his house without nervously feeling for his two packets of twenty and his two lighters? As this wonderful, wayward record of Gray's life progresses, these questions are overtaken by much larger ones. What was sex like before 1963? Will his name be in lights on Broadway? Why leave the bedside of his dying mother? With their combination of comedy and serious reflection, of sharp observation and painful self-disclosure, Simon Gray's diaries reinvented the memoir form and are destined to become classics of autobiography.

The latest volume of Gray's hilarious memoirs, a worthy successor to The Smoking Diaries

A Love Story Up in Smoke

#1 NEW YORK TIMES BESTSELLER ☐ ONE OF TIME MAGAZINE’S 100 BEST YA BOOKS OF ALL TIME The extraordinary, beloved novel about the ability of books to feed the soul even in the darkest of times. When Death has a story to tell, you listen. It is 1939. Nazi Germany. The country is holding its breath. Death has never been busier, and will become busier still. Liesel Meminger is a foster girl living outside of Munich, who scratches out a meager existence for herself by stealing when she encounters something she can't resist—books. With the help of her accordion-playing foster father, she learns to read and shares her stolen books with her neighbors during bombing raids as well as with the Jewish man hidden in her basement. In superbly crafted writing that burns with intensity, award-winning author Markus Zusak, author of I Am the Messenger, has given us one of the most enduring stories of our time. “The kind of book that can be life-changing.” —The New York Times “Deserves a place on the same shelf with The Diary of a Young Girl by Anne Frank.” —USA Today DON’T MISS BRIDGE OF CLAY, MARKUS ZUSAK’S FIRST NOVEL SINCE THE BOOK THIEF.

There's no right way to keep a diary, but if there's an entertaining way, David Sedaris seems to have mastered it. If it's navel-gazing you're after, you've come to the wrong place; ditto treacly self-examination. Rather, his observations turn outward: a fight between two men on a bus, a fight between two men on the street; collecting Romanian insults, or being taken round a Japanese parasite museum. There's a dirty joke shared at a book signing, then a dirtier one told at a dinner party-lots of jokes here. Plenty of laughs. These diaries remind you that you once really hated George W. Bush, and that not too long ago, Donald Trump was a harmless laughingstock, at least on French TV. Time marches on, and Sedaris, at his desk or on planes, in fine hotel dining rooms and Serbian motels, records it. The entries here reflect an ever-changing background-new administrations, new restrictions on speech and conduct. What you can say at the start of the book, you can't by the end. Sedaris has been compared to Truman Capote and Tennessee Williams, Lewis Carroll and a 'sexy Alan Bennett'. A Carnival of Snackery illustrates that he is very much his own, singular self.

SHORTLISTED FOR THE INTERNATIONAL BOOKER PRIZE ☐ NEW YORK TIMES EDITORS’ CHOICE ☐ “The lauded Argentine author of What We Lost in the Fire returns with enthralling stories conjured from literary sorcery” (O: The Oprah Magazine), in the tradition of Shirley Jackson and Jorge Luis Borges. FINALIST: Los Angeles Times Book Prize, Ray Bradbury Prize, Kirkus Prize ☐ ONE OF THE BEST BOOKS OF THE YEAR: Oprah Daily, New York Public Library, Electric Lit, LitHub, Kirkus Reviews ☐ “Mariana Enriquez’s stories are smoky, carnal, and dazzling.”—Lauren Groff, author of Matrix and Fates and Furies Mariana Enriquez has been critically lauded for her unconventional and sociopolitical stories of the macabre. Populated by unruly teenagers, crooked witches, homeless ghosts, and hungry women, they walk the uneasy line between urban realism and horror. The stories in her new collection are as terrifying as they are socially conscious, and press into being the unspoken—fetish, illness, the female body, the darkness of human history—with bracing urgency. A woman is sexually obsessed with the human heart; a lost, rotting baby crawls out of a backyard and into a bedroom; a pair of teenage girls can’t let go of their idol; an entire neighborhood is cursed to death when it fails to respond correctly to a moral dilemma. Written against the backdrop of contemporary Argentina, and with a resounding tenderness toward those in pain, in fear, and in limbo, The Dangers of Smoking in Bed is Mariana Enriquez at her most sophisticated, and most chilling.

Mary Astor's Purple Diary: The Great American Sex Scandal of 1936

How much can go wrong in a day? How much can go wrong in a life? In this chronicle of a year of things going wrong (and just occasionally right), the author of the acclaimed The Smoking Diaries meets with triumph and disaster and treats those two impostors just the same - which is to say with the mixture of wit, anger, vexation and candour that has made Simon Gray one of Britain's greatest writers of comedy - including the comedy that lurks in tragedy.

'Coda' is Simon Gray's powerful account of the year in which he struggles to come to terms with terminal lung cancer. From heartbreaking reflections on his own mortality to outrageous asides Gray's self-proclaimed 'last written words on the subject of myself' records his extraordinary emotional journey.

"David Sedaris's ability to transform the mortification of everyday life into wildly entertaining art," (The Christian Science Monitor) is elevated to wilder and more entertaining heights than ever in this remarkable new book. Trying to make coffee when the water is shut off, David considers using the water in a vase of flowers and his chain of associations takes him from the French countryside to a hilariously uncomfortable memory of buying drugs in a mobile home in rural North Carolina. In essay after essay, Sedaris proceeds from bizarre conundrums of daily life—having a lozenge fall from your mouth into the lap of a fellow passenger on a plane or armoring the windows with LP covers to protect the house from neurotic songbirds—to the most deeply resonant human truths. Culminating in a brilliant account of his venture to Tokyo in order to quit smoking, David Sedaris's sixth essay collection is a new masterpiece of comic writing from "a writer worth treasuring" (Seattle Times). Praise for When You Are Engulfed in Flames: "Older, wiser, smarter and meaner, Sedaris...defies the odds once again by delivering an intelligent take on the banalities of an absurd life." --Kirkus Reviews This latest collection proves that not only does Sedaris still have it, but he's also getting better....Sedaris's best stuff will still—after all this time—move, surprise, and entertain." --Booklist Table of Contents: It's Catching Keeping Up The Understudy This Old House Buddy, Can You Spare a Tie? Coda is Simon Gray's powerful account of the year in which he struggled to come to terms with terminal lung cancer. Darkly comic depictions of the medical team are set against joyful accounts of sunlit days with his beloved wife, Victoria. Written with exceptional candour and a poignant reluctance to leave this world behind, Simon Gray's Coda is as life-affirming as it is heart-rending.

Sadly, Coda was published posthumously: Gray died in August 2008.

After recovering from an emotional breakdown, a scrappy high school student dares to be happy and disrupt the social scene. Margaret "Cuckoo" Clarke recently had a brief stay in a mental institution following an emotional breakdown, but she's turning over a new leaf with her "Operation Happiness". She's determined to beat down the bad vibes of the Haters, the Terror Teachers, and all of the trials and tribulations of high school by writing and drawing in her diary. And when life gets really tough, she works through her own moments of uncertainty through imaginary conversations with her favorite literary characters. Cuckoo's also got a nearly impossible mission: she, along with her misfit band of self-deprecating friends (who call themselves "the Freakshow") decide to bridge the gap between warring cliques and "bring the Nations together". Not everyone is so willing to join hands and get along, but Cuckoo never stops smiling. . . . until one of her closest friends, pushed to desperation by a Hater prank, decides that enough is enough. In James Patterson's first highly illustrated "diary fiction" story for teens, the mega-bestselling author's most endearing and original teen heroine ever proves that everyone can use a helping hand once in a while.

When he turned sixty-five, playwright Simon Gray began to keep a diary in which he reflected on a life filled with cigarettes (continuing), alcohol (stopped), several triumphs and many more disasters, shame, adultery, friendship and love. Bringing together the four parts of The Smoking Diaries (The Smoking Diaries, The Year of the Jouncer, The Last Cigarette, and Coda) this beautiful volume is filled with comedy and serious reflection, sharp observation and painful self-disclosure. A brilliant and moving account of life's unsteady progress, it takes the reader to the heart of one man's brilliant struggle towards some kind of personal truth.

As a baby, Simon Gray discovered that he could move his pram while still nestling inside it. 'It was a complete mystery to the adult intelligences, how had he done it, if it was he who had done it, but if not he, who then and why? So the next afternoon they (Mummy and Nanny) planted the pram in the usual spot, and stood over it, watching - the baby lay there smiling or snivelling up at them, until it struck them that they should try observing the baby when unobserved by the baby, and they withdrew behind bushes and trees etc.; and thus witnessed the swaying of the pram, then the juddering of the pram, then its slow, unsteady progress along the path, the movement accompanied by a low humming and keening sound from within that reminded them more of a dog than a human ... "jouncing" was the word they used for it. I was a jouncer therefore.' In the second book of his chronicles of triumph and disaster which started with The Smoking Diaries, Gray intertwined scenes from his adult and his childish self to produce a brilliant and moving counterpoint of life's unsteady progress.

'The Lost Diaries' is a wide-ranging anthology of the world's greatest diarists, each of them channelled onto paper through the considerable psychic force that is Craig Brown.

When he turned sixty-five, the playwright Simon Gray began to keep a diary: not a careful honing of the day's events with a view to posterity but an account of his thoughts as he had them, honestly, turbulently, digressively expressed. The Smoking Diaries was the result, in which one of Britain's most beloved and original writers reflected on a life filled with cigarettes (continuing), alcohol (stopped), several triumphs and many more disasters, shame, adultery, friendship and love. Few diarists have been as frank about themselves, and even fewer as entertaining.

Smoking: A Behavioral Analysis is written by two experimental social psychologists. It focuses on the psychological aspect of smoking and the effects that role-playing has on it. Comprised of two parts, the first part deals with the reasons that people begin and continue smoking, the environmental and intra-individual support for smoking, the relationship of these supports, and the values and expectations concerning the effects of smoking. The second part details an experiment that uses role-playing to induce a change in smoking. It includes the background, design, procedure, and the implications of the experiment in the research and control of smoking. The book is a valuable reference for psychologists, medical doctors, experts, and lay people interested in smoking, smoking cessation, and the relationship of behavior to this habit.

In this volume, Simon Gray is determined to give up smoking. Can he kick the habit of sixty years?

"The Quit Smoking Answer" is structured in such a way that all readers follow a process of "cold turkey" cessation through a step-by-step system to become nicotine free. The system shared is quick, easy, and proven, regardless of a person's dependency on nicotine. If you have ever thought, "wouldn't it be nice to quit smoking" than you've set the mood and you're ready to begin. It's easier to quit nicotine than you think! JW Smith, a smoker for 40 years, wrote this book after ending his vicious cycle of numerous failed attempts to quit. His system for nicotine cessation evolved over a subsequent six-week period of preparation to quit. He shares his story about a conversation with his nine year-old granddaughter that finally set the wheels in motion to find a better way - one that works. JW researched smoking cessation methods and used his own experience to forge a new path. This book may very well be destined to be in a category by itself in the nicotine cessation world of recommendations and advice. Why? Because it works! JW makes the case that smoking cessation is not an event, but rather a process. His book will teach you the key cognitive techniques he used to end both the physical and psychological addictions to nicotine. It debunks myths about nicotine replacement therapy products and instead lays out a natural progression of steps for becoming a nonsmoker. The premise of the book is based on this famous quote; "When you change the way you look at things, the things you look at change." In the beginning of the book it is recommended to establish an environment and path of least resistance. Less resistance to quit is the first key step to becoming nicotine free. It is recommended that readers continue the use tobacco products including e-cigarettes while reading the book over a two or three day period of time- helping again to establish less resistance to quit. He additionally recommends as a first step that you tell no one of your desire to quit - preventing anyone including yourself of sabotaging your intention. As you apply the techniques and methods written about it becomes a natural procession leading up to your very last cigarette or use of chewing tobacco. A transformation of your thinking takes place and ending your addiction will seem like an "almost non-event" - as something just happens to you as you read this book. You will be physically and mentally prepared to end your addiction after reading this one of a kind book. Free from nicotine for life - and all the great rewards that come with it!

The divide has created much tension between Hindus and Muslims, and hundreds of thousands are killed crossing borders. Half-Muslim, half-Hindu twelve-year-old Nisha doesn't know where she belongs, or what her country is anymore. When Papa decides it's too dangerous to stay in what is now Pakistan, Nisha and her family become refugees and embark first by train but later on foot to reach her new home. The journey is long, difficult, and dangerous, and after losing her mother as a baby, Nisha can't imagine losing her homeland, too. But even if her country has been ripped apart, Nisha still believes in the possibility of putting herself back together. Told through Nisha's letters to her mother, The Night Diary is a heartfelt story of one girl's search for home, for her own identity...and for a hopeful future.

The truth is that I'm nastier than I used to be back when—I used to be back when I was sixty-four, for instance, when I was nastier than when I was at sixty-two and so forth, back and back, always the less nasty the further back, until I get to the age when I was pre-nasty, at least consciously, when the only shame I knew was the shame of being found out, which was when I was, well, about eight, I suppose."

This report considers the biological and behavioral mechanisms that may underlie the pathogenicity of tobacco smoke. Many Surgeon General's reports have considered research findings on mechanisms in assessing the biological plausibility of associations observed in epidemiologic studies.

Mechanisms of disease are important because they may provide plausibility, which is one of the guideline criteria for assessing evidence on causation. This report specifically reviews the evidence on the potential mechanisms by which smoking causes diseases and considers whether a mechanism is likely to be operative in the production of human disease by tobacco smoke. This evidence is relevant to understanding how smoking causes disease, to identifying those who may be particularly susceptible, and to assessing the potential risks of tobacco products.

By turns philosophical and darkly comic, an ex-smoker's meditation on the nature and consequences of his nearly lifelong addiction Written with the passion of an obsessive, Nicotine addresses a lifelong addiction, from the thrill of the first drag to the perennial last last cigarette.

Reflecting on his experiences as a smoker from a young age, Gregor Hens investigates the irreversible effects of nicotine on thought and patterns of behavior. He extends the conversation with other smokers to meditations on Mark Twain and Italo Svevo, the nature of habit, and the validity of

hypnosis. With comic insight and meticulous precision, Hens deconstructs every facet of dependency, offering a brilliant analysis of the psychopathology of addiction. This is a book about the physical, emotional, and psychological power of nicotine as not only an addictive drug, but also a gateway to memory, a long trail of streetlights in the rearview mirror of a smoker's life. Cigarettes are sometimes a solace, sometimes a weakness, but always a witness and companion. This is a meditation, an ode, and a eulogy, one that will be passed hand-to-hand between close friends.

In a hilarious send-up of sex, scandal, and the Golden Age of Hollywood, legendary cartoonist Edward Sorel brings us a story (literally) ripped from the headlines of a bygone era. In 1965, a young, up-and-coming illustrator by the name of Edward Sorel was living in a \$97-a-month railroad flat on Manhattan's Upper East Side. Resolved to fix up the place, Sorel began pulling up the linoleum on his kitchen floor, tearing away layer after layer until he discovered a hidden treasure: issues of the New York Daily News and Daily Mirror from 1936, each ablaze with a scandalous child custody trial taking place in Hollywood and starring the actress Mary Astor. Sorel forgot about his kitchen and lost himself in the story that had pushed Hitler and Franco off the front pages. At the time of the trial, Mary Astor was still only a supporting player in movies, but enough of a star to make headlines when it came out that George S. Kaufman, then the most successful playwright on Broadway and a married man to boot, had been her lover. The scandal revolved around Mary's diary, which her ex-husband, Dr. Franklyn Thorpe, had found when they were still together. Its incriminating contents had forced Mary to give up custody of their daughter in order to obtain a divorce. By 1936 she had decided to challenge the arrangement, even though Thorpe planned to use the diary to prove she was an unfit mother. Mary, he claimed, had not only kept a tally of all her extramarital affairs but graded them—and he'd already alerted the press. Enraptured by this sensational case and the actress at the heart of it, Sorel began a life-long obsession that now reaches its apex. Featuring over sixty original illustrations, Mary Astor's Purple Diary narrates and illustrates the travails of the Oscar-winning actress alongside Sorel's own personal story of discovering an unlikely muse. Throughout, we get his wry take on all the juicy details of this particular slice of Hollywood Babylon, including Mary's life as a child star—her career in silent films began at age fourteen—presided over by her tyrannical father, Otto, who "managed" her full-time and treated his daughter like an ATM machine. Sorel also animates her teenage love affair with probably the biggest star of the silent era, the much older John Barrymore, who seduced her on the set of a movie and convinced her parents to allow her to be alone with him for private "acting lessons." Sorel imbues Mary Astor's life with the kind of wit and eye for character that his art is famous for, but here he also emerges as a writer, creating a compassionate character study of Astor, a woman who ultimately achieved a life of independence after spending so much of it bullied by others. Featuring ribald and rapturous art throughout, Mary Astor's Purple Diary is a passion project that becomes the masterpiece of one of America's greatest illustrators.

The urban classic coming-of-age story about sex, drugs, and basketball Jim Carroll grew up to become a renowned poet and punk rocker. But in this memoir of the mid-1960s, set during his coming-of-age from 12 to 15, he was a rebellious teenager making a place and a name for himself on the unforgiving streets of New York City. During these years, he chronicled his experiences, and the result is a diary of unparalleled candor that conveys his alternately hilarious and terrifying teenage existence. Here is Carroll prowling New York City—playing basketball, hustling, stealing, getting high, getting hooked, and searching for something pure. The Basketball Diaries was the basis for the film of the same name starring Leonardo DiCaprio. "I met him in 1970, and already he was pretty much universally recognized as the best poet of his generation. . . . The work was sophisticated and elegant. He had beauty." -- Patti Smith
