"The climate scare ends with this book." —SEAN HANNITY "This book arms every citizen with a comprehensive dossier on just how science, economics, and politics have been distorted and corrupted in the name of saving the planet."

—MARK LEVIN Less freedom. More regulation. Higher costs. Make no mistake: those are the surefire consequences of the modern global warming campaign waged by political and cultural elites, who have long ago abandoned fact-based science for dramatic fearmongering in order to push increased central planning. The Politically Incorrect Guide to Climate Change gives a voice -- backed by statistics, real-life stories, and incontrovertible evidence -- to the millions of "deplorable" Americans skeptical about the multibillion dollar "climate change"

complex, whose claims have time and time again been proven wrong. “[A] meticulously researched guide book into the baddest of the bad in LaLa Land.”—Steve Hodel, New York Times-bestselling author of Black Dahlia Avenger Los Angeles is where America’s dreams and nightmares got all tangled up. In this otherworldly place of seemingly everlasting life, death could have an otherworldly quality, too. In a city where anything was possible, even the ghastly could happen. Where else does a list of a city’s top five most recognized citizens include a mass murderer? Stand in the footsteps of Manson, the Hillside Strangler, the Night Stalker, the Black Dahlia’s killer, and the Onion Field slayers. Visit crime scenes where Hollywood’s weird history took fatal turns for O.J. Simpson, John Belushi, Ramon Novarro, Phil Hartman, Dorothy Stratten, Sal Mineo, and so many others. This book provides a sunset cruise through a place where ordinary inhumanities are entertainment—with GPS coordinates, photos and more. It continues the series that critics, true-crime fans, historians, and travelers have hailed as “thorough and unflinching” and “the best damn crime travel series ever published!” Dozens of fascinating stories are told in the same fast-paced, enthralling voice that’s made Ron Franscell one of America’s most beloved crime writers—and the Crime Buff’s Guides a three-time winner of TrueCrimeZine.com’s Book of the Year.
