A Story About Emotions and Feelings

A Dragon Book To Teach Kids How To Make New Friends. A Cute Children Story To Teach Children About Friendship and Social Skills.

China's meteoric rise to economic powerhouse might be charted with dams. Every river in the country has been tapped to power exploding cities and factories—every river but one. Running through one of the richest natural areas in the world, the Nujiang's raging waters were on the verge of being dammed when a 2004 government moratorium halted construction. Might the Chinese dragon bow to the "Angry River"? Would Beijing put local people and their land ahead of power and profit? Could this remote region actually become a model for sustainable growth? Ed Grumbine traveled to the far corners of China's Yunnan province to find out. He was driven by a single question: could this last fragment of wild nature withstand China's unrelenting development? But as he hiked through deep-cut emerald mountains, backcountry villages, and burgeoning tourist towns, talking with trekking guides, schoolchildren, and rural farmers, he discovered that the problem wasn't as simple as growth versus conservation. In its struggle to "build a well-off society in an all-round way," Beijing juggles a host of competing priorities: health care for impoverished villagers; habitat for threatened tigers; cars for a growing middle class; clean air for all citizens; energy to power new cities; rubber for the global marketplace. Where the Dragon Meets the Angry River is an incisive look at the possible fates of China and the planet. Will the Angry River continue to flow? Will Tibetan girls from subsistence farming families learn to read and write? Can China and the United States come together to lead action on climate change? Far-reaching in its history and scope, this unique book shows us the real-world consequences of conservation and development decisions now being made in Beijing and beyond.

Scattered and alone, the members of the Armed Detective Agency disappear one by one as Kamui, the leader of the Decay of the Angel, seeks to eliminate them once and for all! But Atsushi and the others aren't out of the fight just yet. As they piece together allies and information in preparation for a counterattack, the return of a familiar face brings hope that they may be able to turn their desperate situation around! However long the night, the dawn will break—the agency's revival is at hand!

Mei hates springtime. Why? Because it's only in the spring that Nian, a fierce dragon, is able to leave his mountain prison under the sea to terrorize the local village. When the villagers hear the rumblings of Nian's hungry stomach, they know that winter has ended and spring is coming. But this year on the night before the first day of spring, a magical warrior visits Mei in her dreams. He tells Mei that it is her destiny to face and defeat Nian. But she must do it within 15 days or the dragon will be free forever. Author Virginia Loh-Hagan (PoPo's Lucky Chinese New Year) gives this retelling of the Nian legend an original twist, while explaining the origins of Chinese New Year traditions.
