From the world-renowned, bestselling author of *The Day of the Jackal* and *The Fox* 'A cunningly constructed action thriller . . . the story is terrifying and timely and grips you to the end' *Daily Telegraph*
It is 1999 and Russia is on the edge of total implosion. Social and moral order has collapsed. The only rule is imposed by mafia-like criminal gangs. And a visionary patriot whose voice rises above it all: Igor Komarov. It is in to this world that

former CIA agent Jason Monk is plunged. Drawn out of retirement by the CIA's desperate bid to halt Komarov's meteoric rise, he must slip back in to Russia undetected and carry out a covert mission that the world depends on. With Komarov set to win the next election, Monk discovers a secret document that is smuggled in to the British Embassy in Moscow. Named The Black Manifesto, it reveals Komarov's horrifying and deadly secret agenda. With many Western leaders persuaded that Komraov can lead his country into a new age, and the election looming, time is running out . . . Jason Bourne. He has no past. And he may have no

future. His memory is blank. He only knows that he was flushed out of the Mediterranean Sea, his body riddled with bullets. There are a few clues. A frame of microfilm surgically implanted beneath the flesh of his hip. Evidence that plastic surgery has altered his face. Strange things that he says in his delirium -- maybe code words. Initial: "J.B." And a number on the film negative that leads to a Swiss bank account, a fortune of four million dollars, and, at last, a name: Jason Bourne. But now he is marked for death, caught in a maddening puzzle, racing for survival through the deep layers of his buried past into a bizarre world of murderous conspirators -- led by

The world's most ruthlessly efficient assassin, Jason Bourne, has carved a bloody swathe through all his opponents but now he's facing the one force he can't defeat--his own past--in the latest thrilling entry in Robert Ludlum's New York Times bestselling series. Three years ago, Jason Bourne embarked on a mission in Estonia with his partner and lover, a fiery Treadstone agent code-named Nova. Their job was to rescue a Russian double agent who'd been smuggled out of St. Petersburg in

the midst of an FSB manhunt. They failed. The Russian died at the hands of a shadowy assassin known only by the nickname Lennon. Now everything has changed for Bourne. Nova is gone, killed in a mass shooting in Las Vegas. Bourne is a lone operative, working in the shadows for Treadstone, when he's called in for a new mission in London—to prevent another assassination masterminded by Lennon. But nothing about this mission is what it seems. As Bourne engages in a cat-and-mouse game with Lennon across the British countryside, he discovers that everything he thought he knew about the past was a lie. And with

the body count rising, he comes to an inevitable conclusion: Some secrets should stay buried. Michael Havelock's world died on a moonlit beach on the Costa Brava as he watched his partner and lover, double agent Jenna Karas, efficiently gunned down by his own agency. There's nothing left for him but to quit the game, get out. Then, in one frantic moment on a crowded railroad platform in Rome, Havelock sees Jenna. Racing around the globe in search of his beautiful betrayer, Havelock is now marked for death by both U.S. and Russian assassins, trapped in a massive mosaic of treachery created by a top-level mole with the world in his fist:

The first novel in an explosive new series inspired by Robert Ludlum's Bourne universe, The Treadstone Resurrection introduces an unforgettable hero and the shadowy world that forged him... Treadstone made Jason Bourne an unstoppable force, but he's not the only one. Operation Treadstone has nearly ruined Adam Hayes. The top-secret CIA Black Ops program trained him to be an all but invincible assassin, but it also cost him his family and any chance at a normal life. Which is why he was determined to get out. Working as a carpenter in rural Washington state, Adam thinks he has left Treadstone in the past, until he receives a

mysterious email from a former colleague, and soon after is attacked by an unknown hit team at his job site. Adam must regain the skills that Treadstone taught him--lightning reflexes and a cold conscience--in order to discover who the would-be killers are and why they have come after him now. Are his pursuers enemies from a long-ago mission? Rival intelligence agents? Or, perhaps, forces inside Treadstone? His search will unearth secrets in the highest levels of government and pull him back into the shadowy world he worked so hard to forget.

David Webb must once again assume the identity of assassin Jason Bourne as he matches

wits with his mortal enemy, Carlos, a deadly and elusive terrorist known as "the Jackal," in a final confrontation.

American secret agent Drew Latham joins forces with Karin de Vries, a beautiful NATO analyst, to battle neo-Nazis planning world domination. The novel features such high-tech schemes as replacing a captured U.S. agent's memory with a chip programmed with disinformation. By the author of The Scorpio Illusion.

Already devastated by loss, Bourne is shattered by a report that his last friend in the world, Martin Lindros has gone missing. A CI deputy

Despite his hatred for CI, Bourne sets out to rescue his friend and finish the job: dismantling a terrorist network determined to build nuclear armaments by cutting off their source of money. But Bourne doesn't realize that these men, Islamic supremacists, are leaders of an incredibly dangerous, technologically savvy group with ties from Africa, across the Middle East, and into Eastern Europe and Russia. Trevor was born to a white Swiss father and a black Xhosa mother at a time when such a union was punishable by five years in prison. Finally liberated by the end of South Africa's tyrannical white rule, Trevor and his mother set forth on a grand adventure, living openly and freely and embracing the opportunities won by a centuries-long struggle.
