

The Five Star Church Serving God And His People With Excellence

Since the 1930s, organizing movements for social justice in the U.S. have largely been built on secular assumptions. But what if Christians were to shape their organizing around the implications of the truth that God is real and Jesus is risen? Reverend Alexia Salvatierra and theologian Peter Heltzel propose a model of organizing that arises from their Christian convictions, with implications for all faiths.

You were made for something more. Deep inside you know it's true. Getting up, going to work, coming home, and going to bed isn't doing it for you. You long for a life that matters. What will people say about you when you're gone? Will they even notice that another cog in the corporate machine is missing? Will people instead talk about the difference you made in their lives? Will anyone say, "My life is better for having known her" or "I'd be so much worse off if he hadn't given of himself?" The path to significance and meaning isn't paved with dollars or fame. It's paved with sacrifice and humility. While some people make a difference through their own selfishness, at the expense of others, most of us can put aside our plans and ambitions and really make a difference, a difference that outlasts our lives, a difference that changes lives and affects generations. This book is for every Christian or Christian leader who serves in the church, wants to, or leads people who do. Do you know why you serve? What do you do when it's difficult to do what you know God is calling you to do? Can you really serve in the same church for the rest of your life? What about money? Should people who serve be paid? We'll discuss reasons for serving, the attitude to have, leadership, following, flexibility, being a part of a team, and much more. This is a unique book because the author isn't a Pastor or even paid staff. He's a regular guy who's been serving tirelessly for years and wants to share what he's learned with you. You can affect lives and eternities. Will you or will you stay comfortable on your couch affecting nothing? The choice is yours.

A Guide for Church Leaders

Leadership in the Church

Selecting Your Leaders, Leadership's Most Critical Decision

How Nature Invites Us into the Sacred

Picture your church as a place where the priesthood of believers finds its expression in creative and powerful ways. Picture leaders and staff equipping and unleashing people to minister in ways consistent with how God designed them. Think of the effectiveness, vitality, and contentment that come when the body of Christ nurtures itself through the healthy give-and-take of each member. In *The Equipping Church*, Sue Mallory describes the benefits, the structure, and the culture of an equipping church and shows how your congregation can become one. This book is about limitless possibilities. Think "vision." What might your church look like if its members became vital, fully empowered partners in ministry? How can you help them discover and release their full potential? How would their roles change--and yours? AN EQUIPPING CHURCH IS A CHURCH WHERE: * pastors and leaders enable church members to share in ministry * people's gifts, talents, and life callings are matched with areas of service * ministry opportunities are recognized and developed * the culture encourages the growth of a broad array of ministries * a well-designed system addresses needs of every kind, both individual and corporate * the pastor doesn't have to be all things to all people Unpacking insights and principles uncovered by Leadership Training Network over the last several years, Mallory helps you customize an equipping system and culture in your church. You'll proceed from preparation (what you need to know), to foundations (what you need to change), to construction (what you need to do). In the process, Mallory takes you inside the story of her own church, Brentwood Presbyterian, to observe the different stages of their trial-and-error journey and how it has transformed their

approach to "doing church." See how they dealt with various concerns that arose along the way, and meet men and women whose lives have been changed because Brentwood took the ministry road less traveled. Each chapter includes a section of "Equipping Principles," questions for discussion and reflection, and a summary of different equipping churches from around the country. With the accompanying Equipping Church Guidebook, this book will be a mile marker in your church--and the gateway to a more effective and biblical approach to ministry.

This volume explores the nature of leadership in the Christian community, especially as it was variously taught by Paul and practiced in the congregations of the first century. Exploring valuable ancient source material as well as the New Testament texts, Andrew Clarke describes the theories and practices of organization and leadership in key areas of first-century society--the city, the colony, associations, Jewish synagogues, the family--and discusses the extent to which these models influenced the first-century Christians as they sought to define the parameters and distinctives of their own communities.

Once upon a time, humans lived in intimate relationship with nature. Whether disillusioned by the dominant church or unfulfilled by traditional expressions of faith, many of us long for a deeper spirituality. Victoria Looz certainly did. Coping with an unraveling vocation, identity, and planet, Looz turned to the wanderings of spiritual leaders and the sanctuary of the natural world, eventually cofounding the Wild Church Network and Seminary of the Wild. With an ecospiritual lens on biblical narratives and a fresh look at a community larger than our own species, Church of the Wild uncovers the wild roots of faith and helps us deepen our commitment to a suffering earth by falling in love with it--and calling it church. Through mystical encounters with wild deer, whispers from a scrubby oak tree, wordless conversation with a cougar, and more, Looz helps us connect to a love that literally holds the world together--a love that calls us into communion with all creatures.

In this book, we will examine the history and subsequent development of the Deacon's office in the Church. In addition, we will learn how the first men who were appointed to serve in the Church are the standard for which deacons and servants are to evaluate their service today. In doing so, the Church, deacons, and those called to serve will benefit from mutual understanding and cooperation.

He examines what it means to be a "missional" church today and how churches can practically equip people for missional living. Churches need to intentionally cultivate an integrative ministry that connects people to God, to one another, to the needs of the city, and to the culture around us. Finally, he highlights the need for intentional movements of churches planting new churches that faithfully proclaim God's truth and serve their communities. The idea of servolution is a revolution of serving others, and this resource provides practical ideas and strategies to get started.

In our challenging economic times, it is no surprise that churches must get creative with their resources. But the authors of The More-with-Less Church believe pastors, leadership teams, and planning committees should look on times such as these not as hurdles to overcome but as opportunities to reconsider entrenched but inefficient ministry practices that are siphoning time, money, and energy from their churches.

Drawn from time- and field-tested strategies, this practical resource helps church leaders avoid costly mistakes and maximize the return on their investment in four areas of church life--ministries, staffing, facilities, and finances.

Working with volunteers can be a rewarding and exciting experience—for them as well as for those who recruit, train, and maintain their services. However, if church leaders are honest, they know there are times that it can be frustrating. They know that volunteers are essential, vital to creating growth and new ministries, and are the key to introducing youth and children to Jesus Christ. They have the welcoming smiles at the door, they serve the food, pray for needs, stuff bulletins, organize missions trips, and on and on. If they want to see their church grow, it must be a volunteering church, a church that runs on volunteers. The Volunteer Church was developed out of the ministry of Leith Anderson at Wooddale Church in Eden Prairie, Minnesota, where a vital and vibrant volunteer program boasting 4,000 participants grew under the leadership of Jill Fox. The principles and training have been applied in churches of all sizes and denominations in seminar settings across the country as well as at Wooddale Church. How Can Deacons Mobilize Service in the Church? Deacons are essential to a church's health—yet confusion abounds regarding their biblical job description. What's their God-given role in a local congregation and how do they relate to the church's overall mission? In this short book, Matt Smethurst makes the case that deacons are model servants called to meet tangible needs, organize and mobilize acts of service, preserve the unity of the flock, and support the ministry of the elders. Clearing away common misconceptions, Smethurst offers practical guidance for deploying deacons and helping churches to flourish.

How Traditional Roles Can Help Serve the Christian Community Today

Learning about Excellent Service from Special People

Is it possible to disagree politically and love unconditionally? The reaction of evangelicals to political and cultural shifts in recent years revealed what they value most. Lurking beneath our Bible-laced rhetoric, faith claims, books, and sermons is a relentless drive to WIN! But the church is not here to win. By every human measure, our Savior lost. On purpose. With a purpose. And we are his body. We are not in it to win anything. We are in it for something else entirely. That something else is what this book is about. You'll discover: How to take a stand the right way. You'll learn how to make your case with a posture of humility and understanding, rather than being fueled by the fear of losing something. How to view politics through the lens of faith. Learn curiously, listen intentionally, and love unconditionally. How the life of Jesus and his teaching applies to modern-day challenges in a fresh way. The "biblical" stand may not be what we've been taught. Jesus never asked his followers to agree on everything. But he did call his followers to obey a new command: to love others in the same way he has loved us. Instead of asserting our rights or fighting for power, we need to begin asking ourselves: what does love require of me?

"Authors Eric Geiger and Kevin Peck argue that churches that consistently produce leaders have a strong conviction to develop leaders, a healthy culture for leadership development, and helpful constructs to systematically and intentionally build leaders. All three are essential leaders to be formed through the ministry of a local church."--Back cover.

People are hungry to make a difference in their community, yet most don't know where to start. In fact, "serving the least" is often one of the most neglected biblical mandates in the church. Barefoot Church shows readers how today's church can be a catalyst for individual, collective, and social renewal in any context. Whether pastors or laypeople, readers will discover practical ideas that end up being as much about the Gospel and personal transformation as they are about serving the poor. Here they will see how the organizational structure of the church can be created or redesigned for mission in any context. Drawing from his own journey, Brandon Hatmaker proves to readers that serving the least is not a trendy act of benevolence but a lifestyle of authentic community and spiritual transformation. As Hatmaker writes, "My hope is that God would open our eyes more and more to the needs of our community. And that we would see it as the church's responsibility to lead the charge."

The Church Growth Movement has divided devout Christians. Even though Rainer is an advocate, his aim here is to present an objective view of the movement--its history, the theology associated with it, and the principles which seem to separate churches that grow from those that don't.

They say it's lonely at the top. And it can be even lonelier when you are almost at the top. Church leaders who hold second-chair positions are under tremendous pressure. They are expected to do their jobs and provide leadership but to defer to the top leader too. It's a demanding balancing act. How can they lead effectively while serving under someone else's leadership? *Leading from the Second Chair* offers an invaluable resource to leaders who serve in second- (and third- and fourth-) chair roles, enabling them to become more productive, proactive, and fulfilled. The book reveals the paradoxes of second chair leadership. These leaders must be subordinate to the top leader yet lead in their own right. They should be deep in their expertise but wide in perspective. And they must be content in their jobs yet remain enthusiastic about their dreams for the future. Mike Bonem and Roger Patterson share their own and others' experiences of failure and success in this vital role. They offer support and practical advice for reshaping the way second-chair leaders can serve well and improve the overall performance of their church or organization. *Leading from the Second Chair* equips readers with the positive attitudes, skills, and strategies needed to become powerful leaders who will survive and thrive in God's service.
