Yes, to the hottest, baddest Fae Kings. No, to being their bitch.When my parents mysteriously disappear, leaving me to raise my six crazy, younger siblings, my dreams for college are dashed. It gets worse when someone sends a slew of monster assassins after me. Their untimely arrival is followed by three devastatingly hot Fae assholes who stalk me. Baron, the pompous and dominating Summer King, thinks I'm a dark Fae and wants my head. Then he changes his mind and declares me his fated mate. Hells-a-no. Especially now that he wants me to prove my worth. Really? Then there's Rowan, the possessive and cruel Winter King, who offers to protect me from the assassins, but only if I accept his obnoxious courtship requests. And finally, there's Night King Rydstrom, a dangerous and mysterious Fae with an ass that doesn't quit, who thinks he has every right to play me like a fiddle. Too bad for them, I'm not the docile type they're used to commanding. I might want to screw them, but I have no intention of joining the trail of broken hearts and bodies in their wake.For I hold a deep, dark secret. Their arrival has woken in me the very forbidden magic they've been hunting, and I, Evelina Greene, am going to have a wicked good time teaching these Alpha Fae a lesson.Fever Fae is a full-length Reverse Harem fantasy romance perfect for fans of Ilona Andrews, Sarah J Maas, Laura Thalassa, C.N. Dragon shifter series set in the same world as The Bride Hunt seriesThere are only two problems with Alex Bell, she was born a woman and a gorgeous one at that. Two unforgivable traits. At least, according to her father. She'll never live up to daddy's expectations. No matter how hard she tries. She'll never be ruthless enough. Strong enough, or quick-witted enough.Good thing she has a couple of tricks up her sleeve. A couple of rabbits in her hat. Okay, maybe not rabbits, but a different kind of animal. One her father has been hunting for years, her family...for generations. Dragons. A royal male and his pregnant, human mate. Her father won't be able to ignore her when she delivers them to him. Contains hot alpha males and therefore strong sexual themes/language

It was the perfect plan.I needed a wife--temporarily--in order to inherit the family business.And she needed a favor--the kind that takes nine months to deliver.We had it all worked out, from the no-touching policy on our wedding night (her rule) to the no-falling-in-love decree (mine). She'd marry me, I'd give her the means to have the baby she'd always wanted, and one year later we'd amicably part ways with no hassle, no demands, and certainly no regrets.After all, Bianca DeRossi and I are experts at infuriating one another--we've been doing it since we were kids. Trouble is, she grew up gorgeous and feisty, and she still knows exactly how to get under my skin.And that wedding night? Well, it doesn't exactly go down hands-free.Then she moves in with me, and I really start to lose my mind. From her sexy little pout to her wicked sense of humor to those meatball sandwiches she makes just because she knows they're my favorite. . . . I find myself wanting to break every rule we put in place. Our story was never supposed to end with happily ever after. But call me crazy, I just might be in love with my wife.

*Every hundred years, tradition dictates that all eligible females in Sweetwater assemble for the choosing ceremony. Two vampire kings have separate territories within the surrounding countryside. Both are eager to pick their future brides. What a waste of her freaking time. Tanya is among the many women at the choosing ceremony. As far as she’s concerned it’s an outdated, sexist event and if it wasn’t mandatory she so wouldn’t be here. It’s not important that the two males are ridiculously rich and handsome. Deep down she knows a plain Jane like her will never be picked by one of the kings anyway. Many of the women in the town square are stunningly beautiful and model thin. Most seem enthusiastic about being a queen even if it means being mated to a blood sucker, which suits her just fine. Imagine her surprise though when King Brant sets his sights firmly on her. Once a vampire king has decided, there’s no going back. But her home is in Sweetwater. Being forced to live amongst the vampire species...big gulp...forced to mate with a vampire...is not what she had in mind for herself. Maybe she can convince him to let her go, to pick again. If not, she'll have to find a way to escape his - very muscled and rather delicious - clutches.*

*Dani had always been a lone wolf and she had no desire to join a pack, but that didn’t matter to a true alpha wolf like Mason Daniels. When he finds out that human hunters have been threatening Dani, he puts his mark on her. Unfortunately, the hunters are foolish enough to disregard his mark, and Dani is captured. After Mason and his pack rescue her from certain death, Dani is given no choice about joining Mason’s pack for her own protection. She soon learns that Mason is fully prepared to spank her bare bottom as often as is necessary to teach her to respect and obey him. With more hunters closing in and the pack under threat, Mason begins to realize that he must claim Dani as his mate for life-whether she likes it or not-before his need for her drives him mad. At the same time, she is forced to learn her role in the pack and come to terms with her instinctual need to submit to Mason as her alpha and her mate.
