Out of their love sprang a new and radical international Christian movement – The Salvation Army – which in 2015*

celebrates its 150th anniversary. Throughout their life William and Catherine, when not together, wrote letters and notes expressing not only their deep love but also a lasting friendship and mutual respect which would survive the challenges of separation, ill health, the struggle of raising a large family, opposition, disappointment and professional uncertainty. In the letters Catherine and William exchanged almost from their first meeting in 1852 until Catherine's death in 1890, are also the everyday minutiae of life in Victorian times, marriage, family, children and the challenges of being radical Christian thinkers in the second half of the 19th century.

Church History/Theology Throughout his life, William Booth sought to minister to the least, the last, and the lost. Booth, together with his wife Catherine, founded and organized the world-wide mission that is still known as The Salvation Army. Booth's focus on the poor and marginalized comes directly from his theological convictions and his relationship with the Methodist movement in Great Britain, particularly his understanding of John Wesley's doctrine of sanctification and emphasis on social activism. This grounding was the matrix from which Booth transformed his world. "Dr. Roger J. Green has written a bold, insightful biography of a remarkable man whose legacy continues today in more than one hundred countries of the world. This portrait of an imperfect but dedicated leader will illumine readers and awaken them to a new understanding of William Booth

as a thoroughly biblical Christian and adaptable pioneer with a heart that burned for God." Lt. Colonel Marlene Chase, Editor in Chief, Literary Secretary, The Salvation Army National Headquarters "Roger Green brilliantly shows how the life of William Booth was shaped by: (1) the early Methodists in England and their commitment to both personal and social holiness, (2) his own poverty, and (3) the organizational genius of John Wesley. This is a valuable book that underscores the link between The Salvation Army and the worldwide Methodist family. It can only deepen our kinship and strengthen our resolve to more closely work together " George H. Freeman, General Secretary, World Methodist Council "This biographical study by Roger Green is a wonderfully textured and theologically sensitive portrait of General William Booth. May it enable readers to recognize and emulate Booth's synthesis of vital Christian piety and active social service." Paul W. Chilcote, Professor of Historical Theology & Wesleyan Studies, Asbury Theological Seminary, Orlando, Florida "Roger Green gives us remarkable and unprecedented insight into the life of the founder of The Salvation Army, William Booth. His scholarship carefully documents the powerful influence of John Wesley and Wesley's Methodist legacy on General Booth's life, theology, and world-wide ministry. Green gives us a balanced and provocative look into the strengths and flaws of this very human soldier-saint, illuminating the Wesleyan DNA of Booth's legacy, The Salvation Army." Jonathan S.

I am amazed and fascinated by the variety of calls that each person experiences and makes during his or her lifetime. We are all bombarded by calls, yet I realize that we cannot exist without them. This book's chronology of the variety of calls speaks to one specific call--the call to salvation. Many from different lifestyles, social status, and points of view responded to this call and experienced a rewarding and complete

life in service to God. The path to this enriched life was not easy for the many that chose to accept the call. Persecution, imprisonment, beatings, and other atrocities are documented and outlined between the covers of this book. Yet irrespective of the obstacles, perseverance and victory won the day. From a biblical perspective, God began the call in the book of Genesis. Through his divine foreknowledge, he knew what man's response would be, yet he still made the call. The accounts of the many trailblazers described in this book have left their footprints in the sands of time as a testimony that decisions made have eternal consequences. The author hopes that close examination of the lives lived will be a source of encouragement to respond positively to the call.

Daily readings with Scripture verses and prayers, based on the life and ministry of Catherine Booth, wife of General Booth and co-founder of The Salvation Army, often called 'The mother of The Salvation Army'. An ardent temperance campaigner, she and William developed together the firm convictions about salvation and poverty that led to the formation of the Army. Catherine Booth was eloquent and compelling in speech, and articulate and

devastatingly logical in writing. At first, Catherine and her husband had shared a ministry as traveling evangelists, but then she came into great demand as a preacher in her own right, especially among the well-to-do. Although it was virtually unknown at that point for women to speak in public, and despite her nervousness, she developed a considerable preaching ministry. Catherine was both a woman and a fine preacher, a magnetic combination that attracted large numbers to hear her. This book of daily readings introduces us to Catherine's heart and convictions. Here we find the passion, urgency, thought and humanity which drove her on. Each devotional will take one page of the format above. Catherine's succinct, direct style is ideally suited to this form.

As the first scholarly anthology of its kind, Settled Views: The Shorter Writings of Catherine Booth provides fresh insight into the life and thought of the Salvation Army's cofounder. Above all, it demonstrates the depth of her convictions on salvation, holiness of life, female preaching, social issues and world evangelization.

Catherine Booth (1829-90) was the wife of William Booth, founder of the Salvation Army. Highly intelligent but by nature shy, she braved a rigid code by breaking into the silence at the close of a Service to begin her public witness for Christ, thus preparing the way for thousands of Salvationist women preachers of all races. Her contribution to the improvement of social conditions was immense, but she never ceased to declare that man's greatest need was power to lead a new life in Christ.

Catherine Booth's achievements - as a revivalist, social reformer, champion of women's rights, and, with her husband William Booth, co-founder of the Salvation Army - were widely recognized in her lifetime. However, Catherine Booth's life and work has since been largely neglected. This neglect has extended to her theological ideas, even though they were critical to the formation of Salvationism, the spirituality of the movement she cofounded. This book examines the implicit theology that undergirds Catherine Booth's Salvationist spirituality and reveals the ethical concerns at the heart of her

soteriology and the integral relationship between the social and evangelical aspects of Christian mission in her thought. Catherine Booth emerges as a significant figure from the Victorian era, a British theologian and church leader with a rare if not unique intellectual and theological perspective: that of a woman.

Describing the faith and accomplishments of a self-giving and God-centered world-changer, this portrait is most concerned with Mother Booth's intellectual and spiritual journey. That journey was shaped by revivalists, social activists, and feminists. Booth, in turn, influenced the movement she headed through life-long fidelity to the doctrine of entire sanctification and her conviction that a Christian must be fully consecrated to God.

Inventing Americans in the Age of Discovery traces the linguistic, rhetorical, and literary innovations that emerged out of the first encounters between Europeans and indigenous peoples of the Americas. Through analysis of six texts, Michael Householder demonstrates the role of language in forming the identities or characters that permitted Europeans (English speakers, primarily) to adapt to the unusual circumstances of encounter. Arranged chronologically, the texts examined include John Mandeville's Travels, Richard Eden's English-

language translations of the accounts of Spanish and Portuguese discovery and conquest, George Best's account of Martin Frobisher's voyages to northern Canada, Ralph Lane's account of the abandonment of Roanoke, John Smith's writings about Virginia, and John Underhill's account of the Pequot War. Through his analysis, Householder reveals that English colonists did not share a universal, homogenous view of indigenous Americans as savages, but that the writers, confronted by unfamiliar peoples and situations, resorted to a mixed array of cultural beliefs, myths, and theories to put together workable explanations of their experiences, which then became the basis for how Europeans in the colonies began transforming themselves into Americans.

The filthy back streets of London's East End in the Victorian era were home to every imaginable crime, vice and horror. Many thousands lived there without Christ and without hope, and no one seemed to care. But William Booth did care. In 1865 Booth began a mission which took the Gospel to these people. It became The Salvation Army and changed the lives of many thousands as it spread throughout London, Britain and the world, preaching a Gospel of redemption and holiness. New edition of previously published biography by one of the foremost authorities on William Booth and the beginning of The Salvation Army. About the Author David Malcolm Bennett is a multi-published author and evangelical theologian, who has the gift of doing thorough and painstaking research and presenting the results in a readable form.

Founders of the Salvation Army

A dual biography of William and Catherine Booth, the founders of The Salvation Army, chronicles the lives and accomplishments of these two nineteenth-century British social and religious reformers and discusses their remarkable influence on the social history of their era.

Many notable women have significantly contributed to the direction of the Judeo-Christian Faith over the past three millennia. Seven such formidable women are recognized in "Our Church Mothers" for their roles of strategic importance in the development of Church history. While each woman has name recognition today, people are shocked to learn that Albanian born Mother Teresa became an Irish nun, Martin Luther had a wife and six children, the Booth's love story rivals that of the Barrett Brownings, and Judge Deborah was the Joan of Arc of her day! Living in different countries, centuries and cultures, they share venerable characteristics in sacrificially choosing to address ignored human needs around them with exceptional righteous faith and action. One common theme among these women is that not only their own

File Type PDF William And Catherine Booth Founders Of The Salvation Army Heroes Of The Faith Concordia

children, but also their constituents recognized them as exceptional “Mother” figures and as spiritual leaders anointed by God. Each woman was addressed as “Mother,” even though three of them never had children by birth; Judge Deborah, St. Clare of Assisi and Mother Teresa. The four mothers who were also wives, Mary, the Mother of Jesus, Katherine Luther, Susanna Wesley, and Catherine Booth, ably supported their husbands as helpmates while pursuing their own spiritual calling. None of the women allowed negative social pressures to prevent them from achieving their ministry goals. Based on extensive research, the book style is unique in that each case study is presented in a first-person; letter-writing format intended to establish a personal relationship between the historical figure and today’s reader. Following the developing events in these heroines’ lives and their significant male counterparts (whose stories are included,) are designed to motivate readers to believe they, too, can positively change their own world for the benefit of others and the glory of God. After each chapter’s conclusion section, there are discussion questions suitable for individual reflection and small group sharing. Pastors, Bible teachers, and students will find this book an excellent source for illustrations and antidotes in history that demonstrate both success and spiritual truths from actual life experiences.

I have no hesitation in commending this small volume as containing so far as its space permits, a good picture of my beloved Father and a record of much that made his life of interest and importance to the world. It does not, of course, profess to cover anything like the whole story of his many years of world-wide service. It could not do so. For any such complete history we must wait for that later production which may, I hope, be possible before very long when there has been time to go fully through the masses of diaries, letters and other papers he has left behind him. It must not be supposed that I can make myself responsible for every phrase Commissioner Railton has used. I know, however, that perhaps no one except myself had anything like his opportunities, during the last forty years, of knowing and studying my Father's life, both in public and private, and of understanding his thoughts and purposes. Now we wish this book to accomplish something. We cannot think it possible for anyone, especially a Salvationist, to read it without being compelled ever and anon to ask himself such questions as these: -- "Am I living a life that is at all like this life? Am I, at any rate, willing by God's grace to do anything I can in the same direction, in order that God may be more loved and glorified, and that my fellow men may be raised to a more God-like and happy service? After all, is there not something better for me than money-making, or the search after human

applause, or indeed the pursuit of earthly good of any kind? "If, instead of aiming at that which will all fade away, I turn my attention to making the best of my life for God and for others, may I not also accomplish something that will afford me satisfaction at last and bear reflection in the world to come?" I hope also that to some, at least, the great message of this life will stand revealed in these pages. I believe it to be that, while God can do little or nothing by us until we are completely submitted and given up to Him, He can work wonders of infinite moment to the world when we are. Asked, a few months before his death, if he would put into a sentence the secret as he saw it, of all the blessings which had attended him during his seventy years of service, The General replied: "Well, if I am to put it into one sentence, I would say that I made up my mind that God Almighty should have all there was of William Booth." It was, in the beginning, that entire devotion to God and its continued maintenance which could, alone, account for the story told in these brief records. The book is, of course, written in the main from the Salvationist point of view; much of it, indeed, is simply a reproduction of my father's own sayings and writings to his own people. This, to all thoughtful readers, must be our defence against any appearance of self-glorification, or any omission to refer to the work in the world that others are doing for Christ. No attempt has been made to tell the

File Type PDF William And Catherine Booth Founders Of The Salvation Army Heroes Of The Faith Concordia

story of The General's "life and times," but simply to note some of the things he said and did himself. And I trust the record may be found useful by all the many servants of God who do not think exactly as he thought, but who yet rejoiced in the triumphs of the Cross through his labours. Whether those into whose hands this volume falls, agree or not with the teachings of The Salvation Army, may God grant them Grace to join heartily at least in this, my Father's great purpose, and so help me to attain the victory for which he lived and died. Army (which it became) is now a worldwide operation with massive membership. But that is only part of Booth's importance and heritage. In many ways his story is also that of the Victorian poor, as he and his wife Catherine made it their lives' work to battle against the poverty and deprivation which were endemic in the mid- to late 1800s. Indeed, it was Catherine who, although a chronic invalid, inspired the Army's social policy and attitude to female authority. Her campaign against child prostitution resulted in the age of consent being raised and it was Catherine who, dying of cancer, encouraged William to clear the slums -- In Darkest England, The Way Out. Roy Hattersley's masterful dual biography is not just the story of two fascinating lives but a portrait of an integral part of our history. This husband and wife team founded the Salvation Army, which has provided spiritual guidance and physical aid to thousands over the past twelve decades. As a young preacher struggling with the ministry, William (1829-1912) found a perfect complement in Catherine (1829-1890). Ultimately, in

A Biographical Novel On The Lives Of William And Catherine Booth, Founders Of The Salvation Army.

The Salvation Army is today one of the world's best-known and best-regarded religious and charitable movements. In this deeply researched study, Norman Murdoch offers some

File Type PDF William And Catherine Booth Founders Of The Salvation Army Heroes Of The Faith Concordia

surprising new insights into the denomination's origins and its growth into an international organization. Murdoch follows the lives and work of the Army's founders, William and Catherine Booth, from their beginnings as Wesleyan evangelists in the 1850s to their inauguration of a Utopian social plan in 1890. In particular, Murdoch identifies quick accommodation to failure as a persistent theme in the Army's early history. When the Booth's East End mission faltered in the mid-1870s, Booth took his preaching to the provincial towns. The failure of that ministry led him in 1878 to reorganize his efforts along then-popular military lines, and the Salvation Army was born. With women as its "shock troops," this Christian imperium would spread beyond Britain's boundaries to become as international in scope as Victoria's empire. Challenging various notions popularized in the denomination's official histories, this book will be of special interest to historians of nineteenth-century social reform, scholars of evangelical Protestantism, and readers interested in the relationship between class and religion in the Anglo-American world.
